Queenstown To Have Ferry—Steps have been taken by the Peninsula Ferry Corporation, which operates a ferry between Love Point and Baltimore, to extend its line to Queenstown, where a new pier, similar to the one at Love Point, will be erected. The new plan contemplates using both the Queenstown and the Love Point piers.

Scoutmaster Greenhawk Makes Good Showing — Scoutmaster Greenhawk, formerly of Rock Hall, has returned from a three months' stay in Europe assisting in the organization of scout bodies in the country of France. His work on the other side of the ocean became quite successful and attracted wide attention of the leading journalists of the country.

Made Captain Of The National Guard At Elkton—Coach J. Thomas Kibler, athletic instructor of Washington College, and veteran of the World War, in which he served as captain on the battlefields of France and Belgium, has been appointed captain of the Md. National Guard, First Maryland Regiment, at Elkton. This organization meets every Monday night. Captain Kibler will make a most excellent and efficient man for this position.

An Unthankful Passenger—While on his way to Easton recently, Harry Crouse, residing in Caroline county, overtook a white man near Cordora and gave him a ride. After carrying him several miles, the man demanded his money. Reaching down to one side of his machine Mr. Crouse seized an iron crank, with which he assailed his passenger and caused him to take flight. Picking up passengers is bad business unless you know your man.

A Useful Demonstration—There was a useful demonstration held at the High School Building, Chestertown, on Thursday of last week and also one of the same kind held at the Rock Hall High School Building on the following Saturday by Miss Knight, of the University of Maryland, on how to construct a dress form. A big group of interested women watched the process in both places and a number of them have sent for material to make themselves one of the same.

How The Football Team Will Likely Line Up Today—About twenty of the Washington College football squad left yesterday for New York to take part in the Washington-Fordham game at New York today, Saturday. Capt. Wade Bounds, Crowe and Bankard will probably be in the backfield; Harry Russell will be the quarter; Lohran may also appear in the backfield before the game is over; Flowers and Ruark will probably appear at center; Keenan, the giant from Waterbury, and Bischoff, of last year's team, will hold down the guard positions; Stenger, Melvin and Edward Duffy will all probably appear in the tackle positions, while Johnston, Duffy, Walls and Richardson will hold down the ends. This being the first game of the season, with only a few days' practice, and against a strong team like Fordham, no one looks for anything but a defeat for the local team.

Clean-Up Squad Visits Kent—The Clean-Up Squad of this state, organized by the United States Government to handle all claims of disabled soldiers of the late war, was in Chestertown Wednesday and Thursday. About twenty soldiers, claiming disability, were examined by the doctors and the insurance inspectors, who did all that was possible to bring out in a fair and impartial manner just what disability the former soldiers were suffering from. The examinations were made in the American Legion Rooms in the Eastern Shore Inn. A great deal of interest was manifested in the work that the Squad was doing and the American Legion and the Red Cross assisted in the work. It is not known at this time how many Kent countians will be benefited by the coming of the Squad, as the calims and affidavits will be taken before the proper authorities and thoroughly examined before a decision is made in the matter.

I have recently bought and come in possession of the so-called Trinks Flour Mill, located on Still Pond Creek. Am having same repaired, remodeled and enlarged and new machinery installed and the dam repaired and will be ready in a few days to operate the mill. And I take this occasion to notify the public and respectfully solicit their business and I shall use my best efforts to satisfy all reasonable demands and at all times to give my customers a square deal.

I also advertise for an experienced miller to run the mill—either to rent, run it on shares or try it first on monthly or daily wages.
