CHAS. S. CAFFREY, Pres't. ESTABLISHED 1853.

CAFFREY

WAGONS

built upon the best known principles that long experience has taught, making a noiseless and perfect running wagon, so desirable for gentlemen's road riding. Unsurpassed for pole driving.

CARRIAGES

for town and country, in the latest and most distinctive styles of light substantial parts, sumptuous appointments and elegant finish.

SPECIAL DESIGNS SENT UPON REQUEST.

SULKIES

improved in construction, affording ample room for hock and stifle action, with an absolutely rigid axle, friction reduced, and perfection in running maintained.

SEND FOR INSTRUCTIONS HOW TO MEASURE A HORSE.

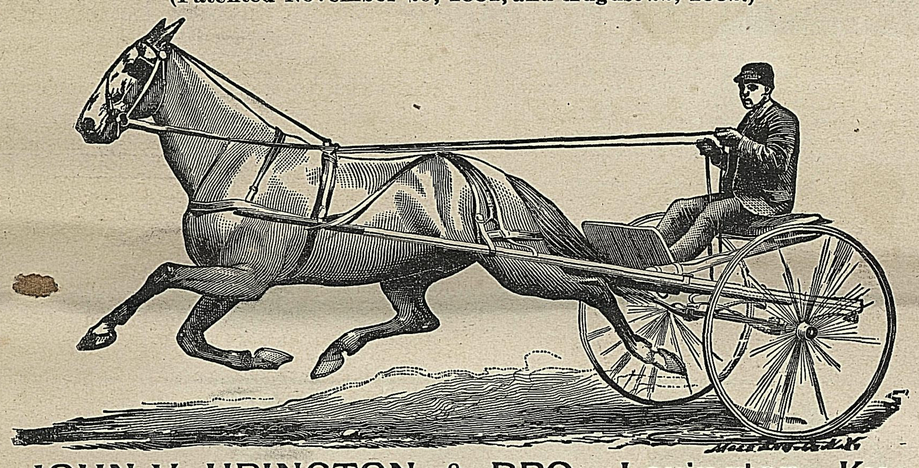
Warerooms: 1712-1714 Chestnut St., Philadelphia.

CHAS. S. CAFFREY CO.,

(44) OF CAMDEN, N. J.

KENTUCKY BREAK WAGON

(Patented November 29, 1881, and August 22, 1882.)



JOHN V. UPINGTON & BRO., Lexington, Ky.,

Patentees and Sole Manufacturers.

TO OWNERS, BREEDERS AND TRAINERS—In offering this wagon we are confident that it will meet with the approval of all in the future as it has done in the past. The most unruly colt or horse can be broke to harness quicker (without injury to himself, driver or wagon) in this vehicle than any made. Cannot be turned over; colt or horse cannot rear up and fall back; impossible to kick when properly harnessed. Write for circular price list and testimonials. Order from the following agents when convenient.

J. H. FENTON, 211 and 213 WABASH AVENUE, CHICAGO, ILL.

The Racehorse in Training,

WITH

HINTS ON RACING AND RACING REFORMS.

TO WHICH IS ADDED

A CHAPTER ON SHOEING.

This most excellent work is by **WILLIAM DAY**, the greatest trainer England ever knew. It contains the views of a practical man who made the racehorse a life-long study. The book is in its fifth edition, and is the only standard work ever published on the subject. In it he gives his views on the **Training Stables, Ventilation** and **Light, Stable Management. Sickness** and **Casualities, Condition, The Training Ground, Breaking, Preparation, Hints on Purchasing. The Purchase of Yearlings, Trials, Jockeys, The Race and Its Responsibilities, Weights and Distances, Professional Hardships, The Racehorse as He Was and Is, Racing Past and Present, Betting as It Is, Betting as It Might Be, Practical Reforms, Minor Evils of the Race-course, Shoeing and the Foot,** and **Attacks on the Turf**

These topics treated in a careful and entertaining manner by a capable and thorough horseman cannot fail to be of interest and of use to all horse owners. Sent postpaid upon receipt of price, $4, by

THE HORSEMAN, 182 State street, Chicago, Ill.

OFFICE, 1446 WABASH AVENUE, "Derby Livery Company." Can be called up at all hours through Telephone 8585. (208)

WM. SOMERVILLE & SONS' CELEBRATED

Anti-Fever  MEDICINE

The Anti-Fever Medicine has now been in use for over thirty years as a specific in all diseases of an inflammatory character in Horses and Cattle. Anti-Fever Medicine is a Certain Cure for Chills and Fever, Sore Throat, Inflammation of the Lungs, Coughs, Staggers, Inflammation of the Bowels, Spasmodic Colic, and Milk Fever in Cows. This valuable medicine is now used by the principal stables in the country, by the United States and American Express Companies, and many of the Street Car Companies. Use one bottle and you will be convinced of its value in your stable. Sold by all Druggists. **Price $1 per bottle.** Discount to the trade.

AURORA, Ill, March 10, 1887.—MESSRS. WM SOMERVILLE & SON, Buffalo, N. Y.—Gentlemen: Having now used your Anti-Fever Medicine for several years, we desire to express to you the great confidence we have in it; and we cannot do so more effectively than to say we never allow our stablemen to be without it, whether at home, shipping horses or traveling stallions. We have no hesitation in saying we have saved thousands of dollars' worth of stock by having a supply constantly on hand for instant use in case of chills, sudden colds, or attacks of fever. This "stitch in time" has repeatedly saved us the annoyance and expense of a long and serious illness among our horses, and it has also come to be the main dependence of stable and herdsmen. It is our main dependence in making our annual importations of Shire and Cleveland Bay horses from England to allay chills and check lung fever. Truly yours

GEORGE E. BROWN & CO., Importers and Breeders of Horses.

"HOW TO TELL THE AGE OF A HORSE"

A Pocket Manual of Great Value.

Written by PROFESSOR HEARD, a Member of the Royal College of Veterinary Surgeons, London, and one of the Professors of the New York College of Veterinary Surgeons.

The importance of knowing how to tell the age of a horse by an examination of his teeth, cannot be overestimated by those who have occasion to **BUY HORSES.** Such knowledge is **VALUABLE** alike to the **Farmer, Merchant** and **Mechanic,** and may often *save many dollars* to its possessor. By a study of this book, all may learn in a short time to become experts. Engravings are given showing the shape of the teeth from the age of **Two and a Half Years** up to **Twenty Years.** The **Tricks** of horse-traders who **"Doctor-Up"** the teeth of **OLD HORSES** to make them **LOOK YOUNG,** and thus deceive purchasers, are fully **EXPOSED,** and the matter explained so clearly that no one need be cheated. This is the most practical book of the kind ever published. There is a chapter also on **Horse Character,** or How to Tell the Disposition of a Horse; whether **Kind** and **Gentle,** or **Vicious** and **Unreliable.** Bound in extra cloth. Price 30 cents. Sent by mail, postpaid, on receipt of price. Address
