INTERESTING POULTRY SHOW

Will Be Held In Connection With The Annual County Exhibit On November 17, 18, 19

The poultry show to be held in connection with the annual county exhibit of farm products in the gymnasium of Washington College on Nov. 17, 18 and 19, promises to eclipse anything of the kind ever held in the county. Everybody who raises good poultry is invited to make an exhibit solely for the benefit of the industry throughout the county, and in view of the fact that no entrance fee will be charged and coops will be provided free of charge by the association, the exhibit should be the largest and best ever held in the county. The association is making an effort to interest all poultry raisers in the show, and it will be greatly to the advantage of poultrymen to make an exhibit, because of the very valuable advertising features incident to a creditable exhibit. The association invites every one who raises barred rocks, buff rocks, Rhode Island reds, white rocks, white wyandottes, leghorns of any color, brahamas, or any other breed of poultry, as well as turkeys, ducks and geese, to make an exhibit. It will be a great thing for the industry in the county. No entrance fee of any kind will be charged and winners of prizes will be given handsome ribbons. Harry Woolsifier, the sporting editor of the Philadelphia Record, will judge the poultry and award prizes. All the exhibitor has to do is to have his birds at the gymnasium before ten o'clock on the morning of the 17th, and they will be placed in their coops, fed during the entire three days of the exhibit and properly cared for. The owners can call for them in the afternoon of the 19th and take them home. Let the poultrymen of the county get together and let us show the outside world what is doing in the poultry line in good old Kent. The Boys and Girls' Clubs of the county are preparing to make an exhibit and it is hoped that it will be large. There will be space enough in the gymnasium to accommodate 300 chickens. So don't fail to make an exhibit.

WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me.

"I saw after taking some Cardui . . . that I was improving. The result was surprising. I felt like a different person.

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me . . . My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments.

CHEVROLET

America's Most Economical Motor Car Is Rich in These Essentials:

POWER—Plenty of power. The valve-in-head type of motor insures maximum power for any emergency.

QUALITY—This model will surprise those who have an idea that low price is usually associated with inferior things. Chevrolet "Four-Ninety" is carefully designed, built. Point by point it proves its quality.

ECONOMY—You are assured economy of operation. The valve-in-head type of motor, together with proper carburetion uses gasoline economically. Upkeep expense is minimum.

DURABILITY—Durability has been built in. The careful selection of material used in each unit results in long wear. Steel and other enduring metals used liberally.

FIRST LOW COST—Think of a completely equipped automobile for five hundred twenty-five dollars (at Flint).
