NEW OCEAN RESORT IN MARYLAND

$3,000,000 PROJECT TO HAVE 5 MILE BOULEVARD

Maryland is to have a new resort on the Atlantic ocean. Construction work on a new sixty-foot concrete boulevard, five miles in length, for Maridel Beach City, a new $3,000,000 construction project, located two miles north of Ocean City, will commence Saturday, April 10, under the supervision of the Isle of Wight Land Company of Worcester county, backed by a prominent New Jersey syndicate at Atlantic City. This was made public here today by company officials.

The plans for the construction of the new city call for a resort greater in area and conveniences than Ocean City, Md., Maryland's only Atlantic resort at present. The proposed resort is the outcome of plans made by local interests more than five years ago, but discontinued because of lack of financial interests on the part of promoters and capitalists.

The concrete boulevard, marking the first indication of progress toward the construction of the resort, will extend from end to end through the new city, will connect with Baltimore avenue, Ocean City, on the lower end and with the du Pont highway, via a paved county road, when completed to the upper end, making a direct connection with good roads leading to all parts of Maryland and Delaware.

During the next few months the construction company will put down concrete sidewalks, curbing, grading, water mains, a concrete walk 12 feet wide, and will begin the erection of several buildings, it is declared. The board of directors of the new city has restricted the erection of buildings other than of stone, brick and stucco and has named a stipulated sum to cover cost of buildings.

Surveyors state that the new city will be higher above sea level by several feet than Ocean City.

Maridel Beach City, when completed, will be located within 150 miles of over 8,000,000 people, with stone highways running from all over Pennsylvania, Maryland and Delaware, direct to the resort.

BACKACHE IS A WARNING!

Chestertown Folks are Learning How to Heed It.

Are you miserable with an aching back? Do you get up lamp and stiff; drag through the day feeling tired, weak and depressed? Then you should help your kidneys. Backache is often the first sign of failing kidneys. Urinary troubles quickly follow. Neglected, there's danger of gravel, dropsy or fatal Bright's disease. Don't wait for serious kidney sickness! Use Doan's Pills, a stimulant diuretic to the kidneys, before it is too late. This Chestertown resident tells an experience:

James E. Newton, prop., of tailor shop, R. F. D. No. 2, says: "A cold settled in my kidneys and caused a dull, nagging ache in my back. Mornings my back was lame and stiff and when I stooped to do any lifting, such a sharp pain went through my kidneys, it was a task to straighten up again. Doan's Pills which I bought at Toulson's Drug Store soon rid me of the backache and I haven't any return of the trouble."
