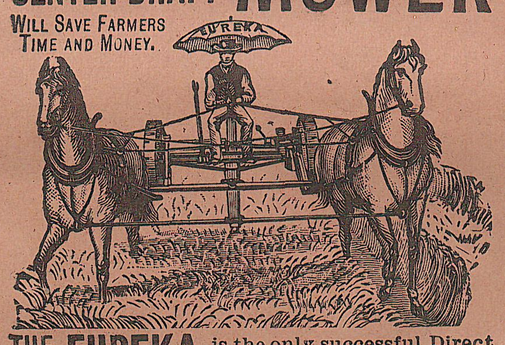
Farm Implements, Etc.

-THE-
BROAD CUT CENTER DRAFT EUREKA MOWER

WILL SAVE FARMERS TIME AND MONEY.



THE EUREKA is the only successful Direct Draft Mower manufactured. It will do at least one-third more work than the side-cut machines with same power. As the cut crop is untrampled, hay will cure quicker, and sell for more money. Don't fail to see the **Eureka** before buying. Send for new 1887 Catalogue. Mention this paper.

EUREKA MOWER CO., Utica, N. Y.

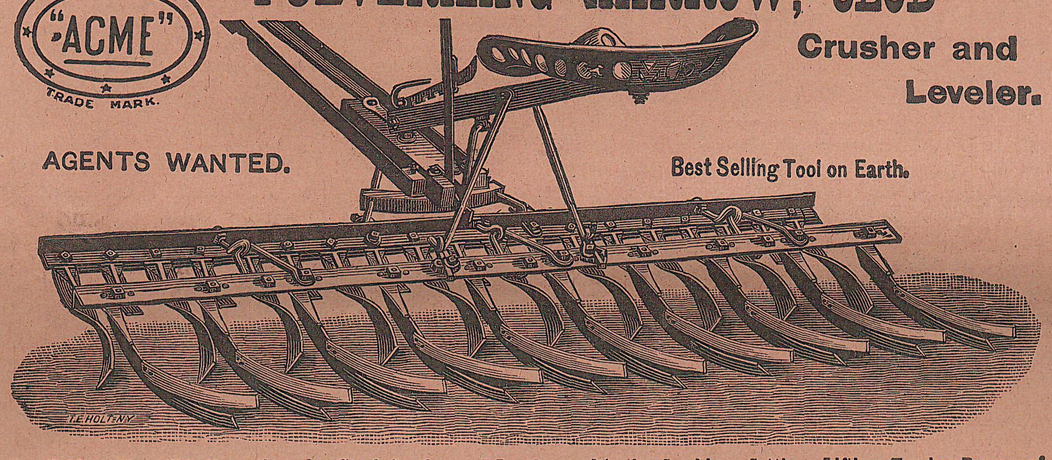
PULVERIZING HARROW, CLOD Crusher and Leveler.

"ACME" TRADE MARK.

AGENTS WANTED. Best Selling Tool on Earth.



Subjects the soil to the action of a Steel Crusher and Leveler, and to the Crushing, Cutting, Lifting, Turning Process of Double Gangs of Cast Steel Coulters. Cutting power is immense. Absence of Spikes or Spring Teeth avoids pulling up rubbish. Only Harrow that cuts over the entire surface of the ground.

Sizes, 3 to 15 ft. wide. **With and without Sulky attachment. We deliver free at Distributing Depots.**

ON TRIAL. **DO NOT BE DECEIVED.** Don't let dealers palm off a base imitation or some inferior tool under the assurance that it is better. SATISFY YOURSELF BY ORDERING AN "ACME" ON TRIAL. We will send a **double gang** Acme to any responsible farmer in the United States; if it does not suit, he may send it back, we paying return freight. We don't ask pay until tried on his own farm.

Send for pamphlet containing thousands of testimonials from 48 States and Territories

DUANE H. NASH, Manufactory and Principal Office, MILLINGTON, MORRIS CO., NEW JERSEY.

N. B.—"TILLAGE IS MANURE" and other essays sent free to parties who NAME THIS PAPER.

WATER IS KING!

With it animals and vegetation flourish. Without it everything dwindles away and perishes. There is nothing that pays the farmer and stock-raiser so well as plenty of pure, clear stock water, conveniently located, and accessible at all times of the year, which I propose to furnish, by the aid of my patent improved means for watering farms, on any farm in any climate at a moderate cost; where grass grows and rain falls, without either creek, spring, well or pump. A satisfactory explanation of its construction and workings cannot be given on paper, but if those who are in need of stock water will write me I will send my agent with model, who will explain and show you what he can do for you, estimate its cost, lay out the work and show you how to commence, etc. I invite all who can to call on me at Upper Sandusky, O., and inspect my device. I wish to say to those large ranchmen of the West that their days of water right monopoly are ended. By the aid of my device I can place an abundance of pure, clear stock water at any season of the year on every quarter section in this broad land. Thousands of springs can be improved and made valuable by my device, and made to water ten times the land they do in the natural state. Circulars sent free and correspondence solicited. Address

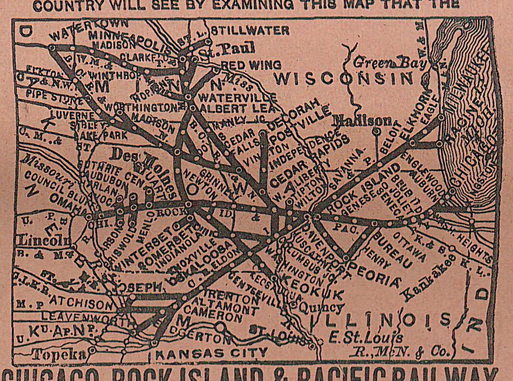
RAILROADS

★ A MAN ★

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY WILL SEE BY EXAMINING THIS MAP THAT THE



CHICAGO, ROCK ISLAND & PACIFIC RAILWAY

By reason of its central position, close relation to principal lines East of Chicago, and continuous lines at terminal points West, Northwest and Southwest, is the only true middle link in that transcontinental system which invites and facilitates travel and traffic in either direction between the Atlantic and Pacific.

The Rock Island main line and branches include Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, St. Joseph, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown, in Dakota, and hundreds of intermediate cities, towns and villages.

The Great Rock Island Route

Guarantees Speed, Comfort and Safety to those who travel over it. Its roadbed is thoroughly ballasted. Its track is of heavy steel. Its bridges are solid structures of stone and iron. Its rolling stock is perfect as human skill can make it. It has all the safety appliances that mechanical genius has invented and experience proved valuable. Its practical operation is conservative and methodical—its discipline strict and exacting. The luxury of its passenger accommodation is unequaled in the West—unsurpassed in the world.

All Express Trains between Chicago and the Missouri River consist of Comfortable Day Coaches, magnificent Pullman Palace Parlor and Sleeping Cars, elegant Dining Cars providing excellent meals, and—between Chicago, St. Joseph, Atchison and Kansas City—restful Reclining Chair Cars.

The Famous Albert Lea Route

Is the direct, favorite line between Chicago and Minneapolis and St. Paul. Over this route solid Fast Express Trains run daily to the summer resorts, picturesque localities and hunting and fishing grounds of Iowa and Minnesota. The rich wheat fields and grazing lands of interior Dakota are reached via Watertown. A short, desirable route, via Seneca and Kankakee, offers superior inducements to travelers between Cincinnati, Indianapolis, Lafayette and Council Bluffs, St. Joseph, Atchison, Leavenworth, Kansas City, Minneapolis, St. Paul and intermediate points. All classes of patrons, especially families, ladies and children, receive from officials and employes of Rock Island trains protection, respectful courtesy and kindly treatment.

For Tickets, Maps, Folders—obtainable at all principal Ticket Offices in the United States and Canada—or any desired information, address,
