THE AMERICAN PRESS ASSOCIATION

THE ASSURANCE OF THE passage, by the Maryland Legislature, of the Chesapeake Bay Bridge Bill is, is our opinion, one of the greatest constructive pieces of Legislation passed during the present session. Its advantages to the Eastern Shore, and we might say with candor, to the development of the State, are so great that even the most far-sighted of us cannot appreciate them. It will make closer neighbors of the Eastern and Western Shores, bringing closer and mutual benefit to each other; northern and southern tourists and business location seekers will see more desirable reasons to locate in the Eastern section of the State because of advantages offered by this bridge. The Eastern Shore has much to offer to those seeking a desirable place to locate. Our public schools are among the best in the United States, while Washington College offers advantages equal to other colleges of its size in the country. We have a good climate, productive lands, luxurious homes and fine business and factory sites; our people are sociable and hospitable. Our soil will produce foods and fruits of every description that is grown other than in the tropics. The hand of welcome is extended—come and see us.

Legislative Notes

SENATE BILLS PASSED

Concerning the imposition of fines and penalties for violations of State game laws.

To require license for soliciting, taking or receiving orders for purchases or delivery of goods in Kent county under certain conditions.

The bill authorizing the sale of the Rock Hall electric light plant has been signed by the Governor.

A bill has been introduced in the House of Delegates to extend the limits of the town of Betterton, also one to bond Betterton for $25,000 for public improvements. This bill has a referendum.

The bill providing for a bond issue for $25,000 for Kent county for improvements to the Kent county jail if passed, will contain a referendum compelling it to be submitted to the vote of the people of the county.

It was brought out in the argument over the subsidising of the Clayborne, Rock Hall and Tolchester ferries, $23,000, $18,500 and $25,000 respectively, that these three ferries carried a total of 75,000 automobiles during 1926. The rates charged by these ferries for carrying cars across the bay on their boats range from $2.25 to $4.50 for passenger cars and from $3.25 to $12 for trucks. In some cases reductions are made in the summer period.

The number of passengers and the rates for each company, as obtained from their officials, are as follows: Bay Shore to Rock Hall ferry: carried 14,800 automobiles in the calendar year 1926. Its rates are: passenger cars carrying five persons, $3.00. This includes the fare of the chauffer; for a seven passenger car, $3.75. The charge for trucks is: One-ton truck $3, provided it is not over 14 feet long, 30 cents additional for each foot or fraction of a foot above that; 2-ton truck $3.25; 3-ton truck $3.50; 4-ton truck $4.50; 5-ton truck $5.50. These are the winter rates. For summer, reductions of from 10 to 12 1-2 per cent. are made.

Baltimore to Tolchester ferry carried 19,000 automobiles in the calendar year 1926.

The bill to compell automobile owners to carry Hability insurance was laid on the table by a vote in the House of Delegates on Thursday, which signifies its defeat.

The Chestertown Bond issue has not been introduced in the house yet according to a message from Annapolis yesterday.

The $15,000 asked for the Rock Hall school and the $14,000 asked for Galena school we understand is to be arranged for.

The bill to bond Rock Hall for $10,000 for a water system contains a referendum.

ROCK HALL

Mr. Elwood Taylor is spending the spring vacation with his parents, Mr. and Mrs. James T. Taylor.

Mr. Hynson Carter is remodeling a dwelling in Gratitude ave. formerly owned by Mrs. Lena Kendall.

The Third National Bank
OF CHESTERTOWN, MD.
The Only National Bank in Kent County
"THE BANK WHERE YOU FEEL AT HOME."
A depositor is "puzzled" over the following Bank Transaction, and we are asking the pupils of the Kent county schools how we are to explain it; will you help us?
Having deposited $500.00 in a bank he withdraws as follows:

First he draws	$200.00,	leaving a balance of	$300.00.
Second he draws	150.00,	leaving a balance of	150.00.
Third he draws	90.00,	leaving a balance of	60.00.
Fourth he draws	60 00,	leaving a balance of	0.00.
	$500.00		$510.00

Do we owe him a balance of $10.00? If not, why not? There is no doubt about the account being "square," neither is there any doubt about the continued increase in the Individual Deposits of this bank—as shown below covering the past thirty years:

March 9, 1897, Deposits were	$ 125,839.16.
March 22, 1907, Deposits were	553,326.83.
March 5, 1917, Deposits were	910,435.37.
March 7, 1927, Deposits were	1,424,854.69.

And this uniform and continued Increase is easily explained, as we have constantly endeavored to be of the right sort of assistance to our patrons and the public. That the relationship between the bank and its customers has proved mutually pleasant and profitable is evidenced by the substantial success of both. We do appreciate your business, and every time you come to this bank we try to prove this by the way we serve you.

Respectfully,
The Third National Bank

The Man We Want To Sell Our Bonds
THE MAN WE WANT TO SELL OUR BONDS is about 30 years of age, or older; preferably married. He has had experience, but has not yet found the line of business he is willing to make his life work. He is, above all, a man of character and stability, ambition and the energy to carry through.
Such a man will make a favorable impression at the first interview and to such a man the proposition with an old-established New York investment banking house will offer such attractions, on our liberal commission basis, as to make him put forth his best efforts to get it. The applicant must give complete information about himself in a letter asking for an interview. Applications will be held in confidence.
Address D. A. H., P. O. Box 109
Wall Street Station, New York, N. Y.
