"MERRY WHIRL" GREAT SUCCESS

FIREMAN'S SHOW PACKS HOUSE THREE NIGHTS

The "Merry Whirl," staged for the benefit of the Chestertown Volunteer Fire Company in the Lyceum theatre on Monday, Tuesday and Wednesday of this week packed the house all three nights and many citizens were disappointed by not being able to get seats.

From the opening scene to the wind up of the minstrel show, the entire performance was marked by good singing and dancing, beautiful costumes and scenery, fun and laughter.

Whirl 1" was a prologue of the show and was lead by Miss Katherine Ford. This scene was featured by dancing and attractive costumes.

In "Whirl 2" the kiddies from three years up made their debut upon the stage and this scene was one of the features of the show.

Those who took individual parts in this scene were Misses Rebecca Moffett, Helen Strong, Mary Ellen Brown, Betty Thibodeau, Eleanor Jones, Frank Gardner, Alice Marian Sterling; Messrs. Neal Truslow and Price Rolph Jr.

"Whirl 3" was a scene from "Old Mexico" and the costumes, singing and dancing were appropriate and the parts will taken. Those who sang solos in this scene were Misses Elizabeth Crew and Helen Connelly; Messrs. Thomas Perkins and Melvin Davis.

An entre act in this scene "Where Do You Work A John," was the comedy act of the show and was well received. Messrs. Julian Coleman, Hydie Thompson, Wm. G. Smyth, A. L. Sparks, Clark Davis and David B. Ford represented Italians in the United States.

Whirl 4," was a chorus scene by young ladies and men and received much applause.

"Whirl 5" was a minstrel show with singing dancing and jokes. The cast wore firemen's uniforms and the songs were snappy and up-to-date. The end men were Messrs. Joseph Wheatley, Clarence Newsome, Harry Russell and Philip Sewell.

The orchestra was composed of Mrs. D. B. Ford, Mrs. Roy Woodland, Messrs. C. A. Bacon, G. E. Nichols, J. Kellogg Smith, John Alderson, C. G. Taylor and Dr. Fred Livingood. The success of the show was largely due to the hard work of many who did not appear in the cast. The Wheeler Production Co., directed the show and Mr. and Mrs. Wheelr's part on the program added much to the success of the performance.

MARYLAND CROPS REPORT

A strong reaction in weather conditions, beginning about the third week of March, has had a rather bad effect on the crop outlook. Too much rain and cool weather during April has set Maryland crops and field work back not less than two weeks, according to John S. Dennee, Federal agricultural statistician incharge of the Maryland district.

Wheat and rye are for the most part in fair to good condition, particularly on the Eastern Shore, says the Statistician. But in the mountain sections of Western Maryland wheat was subjected off and on to low temperatures and scant snow-covering during the winter months, and stands out there are reported by the farmers as not so good.

Hay reserves on farms May 1 were about up to average. Hay and grasses show good condition locally, but generally are only fair to good. Only a few oats have been seeded as yet because of the wet ground. Early seeded oats are up and looking fair.

Plowing for corn planting has been delayed in some sections by rains. Some corn has been planted in the Eastern Shore counties.

No serious damage is mentioned to orchard fruits, evcepting here and there.

Strawberries are late. Some blooms were killed. The prospects for strawberries are still regarded as good to very good.

FIRE CO. PLANNING EXCURSION

The Chestertown Volunteer Fire Company will attend the Maryland State Firemans Annual Convention at Annapolis on June 9, 10, 11.

We will give an excursion on the Steamer B. S. Ford Friday, June 10th "THE BIG PARADE DAY" taking our Band of forty pieces, Ladies Auxilary all active and inactive members together with their wives and friends. A limited number of tickets will be on sale.

Come to the Firemans meeting Monday night, May 16th, and be prepared to not only express your opinion but be able to state how many tickets you can use at $1.50 each.

The time for the departure of the steamer from Chestertown will be announced at a later date.

ROTARY CLUB SPONSORS BOYS WEEK

A "Boy's Week" is being planned for the lads of Chestertown. Sponsoring the movements is the Boy's Work Committee of the Chesterown Rotary Club, of which J. Thomas Kibler is chairman.

If the plans of this committee are adopted the boys of Chestertown will enjoy the pleasures of a "Boy's Week" celebration for the five days starting Thursday, May 26 and ending Monday, May 30.

The schedule as proposed by Chairman Kibler is to start the five day festivities with a boys day in school. There will be special speakers who will talk to the boys at this time.

Friday, the second day, would be known as industrial day and the boys would be taken thru the several industrials of the town and have the workings of the industry explained to them.

Saturday would be known as Citizens day and at this time the boys would take over the actual management of the town. One would serve as Mayor, one as Chief of Police, others would direct traffic in the town for a certain hour. This planned was put before Mayor Charles N. Satterfield and received his hearty support.

Sunday would be Boys Day in Church. The pastors would be asked to prepare special sermons for the boys.

Monday would be out door day. The boys would participate the American Legion-Firemen parade and be the guests of the Legion at their track and field meet.

It is planned to have a committee of Chestertown Business men act with the Rotary Club committee in furnishing the plans for the celebration. The members of the Boys Work Committee of the Rotary Club in addition to Chairman Kibler are: S. S. Beck, F. B. Hines, P. G. Wilmer and H. S. Russell.

The plan would be an innovation in the boy's life of Chestertown and should receive the hearty co-operation of all citizens.

It is planned to hold a marble shooting tourney thru out the county in connection with the Boys' Week program. The different sections of the county will stage elimination contests and the winners in each section will meet in Chestertown for the finals. The finals will be played on Decoration Day. A fine prize will be given the winner.

According to J. Thomas Kibler, who is heading the committee, the marble tourney will be played in a ring six feet in diameter. Twenty-five marbles will be placed in the ring and each boy of a pair given one shot. The one running the highest number will be declared the winner.

MANY STUDEBAKERS EXPORTED

During the first four months of 1927 shipments of Studebaker and Erskine cars to export markets exceeded such shipments for the entire year 1926.

In March of this year Studebaker exported 3708 automobiles, breaking all previous records. In April, however, March shipments were exceeded by 266 cars, the new total being 3974 Studebakers and Erskines.

WEDDING NOTES

Miss Virginia E. Parks, daughter of the late Claude E. and Mrs. Parks, of Chestertown became the bride of Mr. Hedley O. Wands, of Hyattsville, at noon Wednesday.

The ceremony was performed on the lawn at the home of the Rev. S. S. Hepbron, only the family and a few friends being present.

Mrs. Wands is a graduate of Chestertown High School and a former student of Washington College. They will reside in Hyattsville.

LIMITED EDITION OF ENTAILED HAT

Special limited edition of "The Entailed Hat," first published in 1884, is being printed by Harpers Brothers, New York, due to the public demand for the fascinating historical novel depicting life on the Del-Mar-Va Peninsula and its relationship to Baltimore, Wilmington and Philadelphia during days before the Civial War. The outstanding character of the book is "Patty Cannon," a Gypsy woman who bartered in slaves from her home which stood on the Maryland-Delaware state line ,the Mason Dixon line. Her courage, daring, crime, eluding the authorities and finally her socratic death in the Georgetown, Delaware, jail are equalled only in a few historic characters.

Being a book with local color the publishers have refused to print additional issues. The special Teackle Mansion edition is therefore being privately financed to satisfy the known public demand occasioned by growing interest in the Del-Mar-Va peninsula.

KENT COUNTY FIELD DAY MONDAY

PARADE OF OLDER CHILDREN TO START AT 9.30 A. M.

The games and field and tack events of the 1927 Field Day of the public schools of Kent County, Maryland, will be held on Washington College Athletic Field on Monday, May 16th, 1927. The games will begin promptly at 10 a. m. As soon as these have been finished, the field and track events will be run.

This Meet will be conducted by Mr. Wm. Burdick, Director, Playground Athletic League, Inc., Baltimore, and his assistants.

It was announced that there would not be any parade of school children on the occasion of this meet. Since then, a number of members of the Chestertown Voluntary Fire Company's Band have very kindly consented to furnish music for such an event. It has, therefore, been decided to have a parade of school children ten (10) years of age or older. Those children under ten will not be permitted to join the line of march until it reaches the Athletic Field, because weather conditions are so uncertain and there is danger (as has been the case in previous years) of a number of the small children being overcome by the heat and fatigue. Inside of the entrance to the field the smaller children may join their respective groups.

At 9.15 a. m., the line will begin to form along High street from the Voshell House to Front or Water St. near the river. Boys with numbers from 1 to 36 will be stationed along this part of High street to indicate at what point the pupils of each school will form in double line by grades,, the pupils of the lowest grade in each group taking the lead. To avoid as much as possible interruption of traffic this formation will be made quickly and the line will begin to march no later than 9.30 o'clock.

After the line has marched once around the running track on the Athletic Field, instructions will be given by Mr. Wm. Pitman, Field Leader, Public Athletic League, Inc., regarding the weighing of those who will participate in those events for which there is a maximum weight limit.

Positions in the line of march have been assigned to the schools as follows: 1, Sassafras; 2, Golt; 3, Chesterville; 4, Locust Grove; 5, Turner's Creek; 6, Morgnec; 7, Cherry Lane; 8, Flatland; 9, Hanesville; 10, Worton Point; 11, Lynch; 12, Janvier; 13, Skinner's Neck; 14, Swan Creek; 15, Lankford; 16, St. Paul; 17, Quaker Neck; 18, Cliffs; 19, Broad Neck; 20, Pomona; 21, Kennedyville; 22, Still Pond; 23, Worton; 24, Piney Neck; 25, Fairlee Elementary; 26, Massey; 27 Galena Elementary; 28, Betterton; 29, Millington Elementary; 30, Rock Hall Elementary; 31, Chestertown Elementary; 32, Fairlee High; 33, Millington High; 34, Galena High; 35, Rock Hall High; 36, Chestertown High.

PHYSICAL FEATURES OF KENT COUNTY

INTERESTING REPORT COMPILED BY MARYLAND GEOLOGICAL SURVEY

The Maryland Geological Survey has just issued a report on the Physical Features of Kent County. The first chapter gives an historical review of the development of our knowledge of the county and bibliography of the various works which have appeared treating of Maryland as a whole or giving special information regarding the local details of Kent county.

A chapter deals with the physiography, geology, and mineral resources of the county, discussing the topographic features such as the two-terraced plains; the geological formatons and their subdivisions with brief descriptions of the natural deposits of sands, clays, and marls; and water resources. The chapter on soils describes at some length the various soil types found within the county and the uses to which the various types are best adapted. The chapter on climate of Kent County gives a brief discussion on the average temperature and precipitation, together with a few remarks on the growing season.

The chapter on magnetic declination describes the meridian line established by the Survey in 1897 and the changes in magnetic variation at Chestertown from 1700 1925. The chapter on forests illustrates the various forest types and the future of forests in the county.

Copies of the report may be secured by citizens of the county who will write to the State Geologist, Johns Hopkins University, Baltimore, the postage and packing being 10 cents.

CHURCH NOTES

Wesley Chapel M. P. Church

C. Dawson, pastor. 231 men, women and children were present at S. S. this past Sunday studying their Bibles. This is the largest attendance in the history of the church. Come out next Sunday and study with us. We have a class for every age. E Burgess, Supt.

An appropiate program was rendered on Mother's Day by the choir, a male quartette and our children. A fine offering was received on the Benevolences. Our church has a place for you in its worship. The pastor will speak on the topic "Sure Knowledge." Come out and we will do you good. Reception of members this Sunday.

Raum Chapel M. P. Church

C. Dawson, pastor. 107 members and friends were with us at Raum Chapel S. S. Big attendance is our Motto. Jas. Boulter is Supt. Come to love Bible School. C. E. is at 7.00 p. m. This is the meeting where our boys and girls show us how to lead.

All are invited to our evening worship, preaching by the pastor. Our young men and women gave a fine pageant last Sunday evening depicting Mother's Love from Cradle to the Grave. It was wonderfully impressive to all present. Don't forget the Church this Sunday. You need it and it needs you!

Salem M. E. Church, Fairlee

Addresses by Mr. Leonard Burbank and Rev. W. W. Davis, of Baltimore, Md.

St. James and Lynch M. P. Churches

St. James and Lynch Churches last Sabbath observed Mother's Day with fitting ceremony, with goodly attendance in all services. Part of the day's program was cancelled by the inclement weather, when in the evening rain halted the program of the St. James C. E. Sabbath School at 10.00 a. m., and notice it begins on the hour; hour of worship and sermon by the pastor at 11.00 a. m., the theme being, "By the Spirit of God;" the Christian Endeavor at 7.30 p. m., will be led by Mr. Skirven Startt and Paul Whitely, with the subject, "How to become a leader." At Lynch the Sabbath School meets at 2.00 p. m.; the hour of worship at 3.00 p. m.; and the Christian Endeavor at 7.30 p. m., with Mrs. L. C. Randall as the leader. Rev. L. C. Randall, pastor

Members of the Protestant Episcopal Sunday School will go to Easton today where they will be met by the Sunday Schools of the Diocese to present their Easter offerings. The offering from Emmanuel Sunday School was $550.

Christ M. P. Church, Chestertown

N. O. Gibson, minister. Sunday, May 15. Men's Bible Class at 9 a. m.; Sunday School at 10 a. m.; divine worship and sermon at 11 a. m.; gospel song service and sermon at 7.30 p. m. Wednesday union prayer service at 7.30 p. m.; Friday Junior and Intermediate C. E. at 6.30 p. m.; senior C. E. at 7.30 p. m.

"LOST WORLD" AT LYCEUM NEXT WEEK

FAMOUS AUTHOR'S MASTER NOVEL OF PREHISTORIC MONSTERS ON SCREEN HERE SOON

Probably the most unusual love drama ever put on the screen is "The Lost World," which comes to the Lyceum Theatre Friday and Saturday of next week.

The picture is an adaptation of Sir Arthur Conan Doyle's novel of the same title. Doyle admits now that when he wrote the story he hadn't the slightest conception of its film possibilities. He painted a vivid word picture of a lost world in the vast, unexplored regions of the upper Amazon river which Time had forgot.

There Doyle's band of adventurers found prehistoric monsters that roamed the earth 10,000,000 years ago and battled each other to the death as in the days of old.

Into the heart of this monsterinfested district went this party of explorers— three men and a girl. Their mission was to rescue her father, if he still lived, and prove to the world the existence of the prehistoric beasts —the brontosaurus, bigger then ten elephants; the trannosaurus, most fearsome creature that ever stalked this earth; the stegosaurus, triceratops, the pterodactyl, or great flying dragon, and other gigantic species.

As the modern humans watched, awe-inspired, these monsters gave deadly battle to one another—such battles as never before have been witnessed on a motion picture screen.

Bessie Love, Lewis Stone, Wallace Beery and Lloyd Hughes head the human cast, sharing honors with the prehistoric monsters. Supporting them are more than 2,000 other players who participate in the huge scenes showing the return of the explorers to London. They bring with them a brontosaurus which escapes. Running amuck in the heart of London's shopping district, the monster proceeds to wreck the metropolis and finally crashes into the Thames, when the famous London bridge collapses under his weight.

DELIVERS ADDRESS

Dr. Frederick G. Livingood, head of the department of education in Washington College, gave the main address before the Historical Society of the Reformed Church of the United States at Franklin and Marshall College, Lancaster, Penna., last Wednesday, May 11th, 1927.

This program of the Historical Society, an annual affair, this year formed a part of the one hundred and second anniversary of the Theological Seminary of the Reformed Church and was an outstanding occasion.
