THE ANNOUNCEMENT OF President Coolidge that he "does not choose" to be a candidate for the Republican nomination for president next year, will, not doubt bring to the front a number of aspirants for the presidency, prominent among whom is Frank O. Lowden, former Governor of Illinois. Mr. Hoover is again mentioned as a possibility; he has the indorsement of Henry Ford, who says he is a business man who can fill the position of president. Mr. Coolidge's announcement has of course caused disappointment among his political friends.

THE DECISION OF Gov. Alvio T. Fuller, of Massachusetts, in denying clemency to Nicola Sacco and Bartolomeo Vansetti, for the murder of a factory paymaster and his guard, has ended a seven-years controversy. The eyes of the world has been centered on Gov. Fuller for months watching for his decison. In announcing his decision Wednesday last, the Governor said: "As a result of my investigation I find no sufficient justification for executive intervention. I believe with the jury, that these men, Sacco and Venzetti, were guilty and that they had a fair trail. I furthermore believe that there was no justifiable reason for giving them a new trial." Like most other controversies the decision is pleasing to one element and displeasing to another.

SMUT IN KENT WHEAT

Smut was prevalent in approximately 80 per cent of the wheat grown in Kent County this year. Some sections of the county practically 100 percent. of the wheat contained smut, while in other sections the wheat was free of smut.

It is the opinion of grain buyers as well as other authorities that smut can be practically eliminated by properly cleaning the seed and treating it with Corona Copper Carb.

In order to assist Kent farmers in the proper treatment of seed wheat, Mr. P. M. Brooks has purchased a seed wheat treating machine which he will mount on wheels and go from farm to farm.

The new machine will clean and treat 60 bushels of seed wheat an hour and according to present arrangements the cost to the farmer will be approximately 15 cents per bushel.

Wheat can well be called Kent's major crop and, according to reports, Kennedyville and Chestertown are two of the largest shipping points of wheat in the East.

The possible elimination of smut means a great deal to Kent farmers.

COUNTRY CLUB MEETING

Letters have been sent to a number of residents of Kent and Queen Anne's Counties inviting them to attend a meeting in the Court House, Chestertown, on Monday evening relative to forming a Yacht and Country Club near Chestertown.

This meeting is being called by a committee appointed at the annual dinner of the Chester River Yacht Club to select a location and get the data necessary to forming a country club.

An option has been taken on the water front farm of W. S. Collins in Quaker neck. From present indications it looks as if Chestertown will have a country club in the near future.

The Man We Want To Sell Our Bonds

THE MAN WE WANT TO SELL OUR BONDS is about 30 years of age, or older; preferably married. He has had experience, but has not yet found the line of business he is willing to make his life work. He is, above all, a man of character and stability, ambition and the energy to carry through.

Such a man will make a favorable impression at the first interview and to such a man the proposition with an old-established New York investment banking house will offer such attractions, on our liberal commission basis, as to make him put forth his best efforts to get it. The applicant must give complete information about himself in a letter asking for an interview. Applications will be held in confidence.
