THE PRESIDENTIAL CAMPAIGN

The Presidential campaign is being waged with unabating energy and enthusiasm by both the Democratic and Republican managers. Al Smith, the Democratic nominee is hitting right and left with telling blows at his critics and is driving many of them to cover with the untruthful and uncalled for assertions; he is outspoken and fearless in his utterances as can be seen by his speach at Oklahoma on Thursday in speaking of "religious intolerance" in his party he boldly states:"

I here emphatically declare that I do not wish any member of any faith in any part of the United States to vote for me on any religious grounds.

The absolute separation of state and church is part of the fundamental basis of our Constitution. I believe in that separation in all that it implies.
