VOL. LXXI---NO. 26 | CHESTERTOWN, MARYLAND, SATURDAY, SEPTEMBER 29, 1928 | $1.50 PER ANNUM

REHERSING FOR BENEFIT SHOW

Rehersals started Monday evening for the show "Mainstreet Follies" which will be held on Monday, Tuesday and Wednesday, October 8th, 9th, and 10th for the benefit of the Kent county hospital.

The show will be staged by local talent from Kent county and Washington College under the direction of the Parlett Production Co., of Baltimore, and will consist of numerous sketches, skits and satires as well as a big minstrel show. Special scenery and attractive costumes will add to the spectacular performance.

The show is under the auspices of the Kent County Public Health Association for the benefit of the local hospital and the co-operation of the public is asked.

HOG CHOLERA INCREASING

DANGER OF SHORTAGE OF CHOLERA SERUM REPORTED

Farmers throughout the State are being warned by Dr. I. K. Atherton, supervisor of hog cholera control in Maryland, that extreme care must be taken this fall to protect their hogs from sickness as cholera is very prevalent in the west this year and because of this fact there may not be enough serum for treatment. If protective measures are not adopted at once farmers may find themselves suffering heavy losses should their hogs contract the disease.

So far this month 114 cases or outbreaks have been reported in the State. Dr. Atherton points out, however, that of this number only nine are secondary or old cases so the results of the fight that is being waged is encouraging. Of the 105 primary or new outbreaks reported this month 92 were the result of the hogs being fed garbage, kitchen swill and table scraps. These are the chief sources of infection because it has been found that in the majority of cases garbage and table scraps contain infected pork. Ten of the primary cases came from the purchase of infected hogs and in two cases the history of the infection could not be gotten.

Of the secondary cases, seven were due to permitting sick hogs to run at large. Movement of animals from field to field was another cause. In two cases no history could be obtained.

GOLF TOURNAMENT AT COUNTRY CLUB

The golf committee of the Chester River Yacht and Country Club have arranged the first annual championship golf tournament for members to start with the qualifying rounds today.

The qualifying rounds will be based on a mental score, that is the score will be determined from the total number of strokes for the eighteen holes.

Following the qualifying rounds, the championship matches will be played by match play. Match play means two players playing for the winner of each hole. The player winning the most holes out of eighteen is declared winner of the match.

The greens on the local course have been torn out and replanted with creeping bent stolens and will be ready for use in the spring. In the meantime temporary greens have been built on the fairways.

The interest in golf is increasing rapidly and each week end sees more players on the course.

CLARA BOW IN NEW FILM AT LYCEUM

The flaming-haired flapper of motion pictures turns into a gunman's "moll" at the Lyceum Theatre and, in so doing, furnishes one of the most thrilling and smashing pictures ever made.

Clara Bow, Paramount star, is the flapper turned "moll" and the title of this drama of the underworld, which bristles with action and suspense, is "Ladies of the Mob," which shows at the Lyceum on Monday, Oct. 1st. William Wellman, director of "Wings" and "The Legion of the Condemmned," is responsible for the star's transformation and what a job he makes of it!

"Ladies of the Mob" gives Miss Bow the first chance she has had for real dramatic work since "Wings" and she leaves no room for doubt that she is areal actress by her work in the production.

She plays the role of a gangster's wife and the story, which starts out at a rapid pace and never lets up, concerns her activities in keeping her husband away from a life of crime. The husband is Richard Arlen, who also made such a tremendous success in "Wings." The climax of the picture presents a thrilling twist which will not be forgotten very soon.

actresses on the screen today.

Other players in "Ladies of the Mob" who support the star are Arlen, Mary Alden, Helen Lynch, Bodil Rosing, Lorraine Rivero, Robert T. Haines, James Pierce and others.

For direct melodrama, "Ladies of the Mob" may be classed with "Underworld." It also establishes Miss Bow as one of the finest dramatic

Sunshine in winter is too scarce to waste. Get out in it in the middle of the day even though it means leaving the noon dishes a while.

A quarter of a pound of most vegetables are usually enough to allow for an average serving.

LOCAL HATCHERY SHIPS 68,000 CHICKS

Truslow Poultry Farm has just completed the shipment of 68,000 baby chicks to a poultry farm in New York state.

These chicks will be raised for broilers and is reported to be the largest single order for chicks ever received from a hatchery.

These chicks were hatched from eggs laid by local hens and this section is becoming recognized as a poultry center. Reports from poultrymen state that there has been a very small loss in this shipment of chicks.

TRUCK WRECKED NEAR HERE

A Chevrolet truck, owned by Mr. Emory Bonwill and driven by Horace Jones, colored, was completely wrecked at Dixon's corner, on the Chestertown-Kennedyville pike about one mile from Chestertown, early Monday morning.

Jones failed to make the turn and the truck crashed into the bank on the right hand side of the road. The driver received a broken leg and a number of bad cuts about the head and face. He was rushed to Easton hospital in the ambulance of B. R. Fellows, and at this writing is getting along nicely.

HOME DEMONSTRATION NOTES

TUESDAY, OCTOBER 2ND—Swan Creek Womans' Club with P. T. A., at school house, 7.30 p. m., 4-H Club Play "A Burglar in the House."

WEDNESDAY, OCTOBER. 3RD—Betterton Womans' Club at Mrs. Grace Hacketts, 2.00 p. m., Housefurnishing project, window draperies' report on short course at College Park. Mrs. Mattie Miller, President.

THURSDAY, OCTOBER 4TH—Flatland Womans' Club at Mrs. George Carroll's. 2.00 p. m. Housefurnishing project, window draperies. Mrs. W. H. Morris, President.

FRIDAY, OCTOBER 5TH— Merry Maidens, of Pomona, at school house after school. Mrs. P. V. Hendrickson, local leader.

SATURDAY, OCTOBER 6TH—Sassafras Girls Club at Mrs. Harry Robinson's, 2.00 p. m. Own Room project. Mrs. Harry Robinson, local leader.

CONTRIBUTION TO W. C. LIBRARY

Washington College this week received from Judge Henry C. Conrad, State Archivist of the Public Archives Commission of Delaware, two valuable pamphlets concerning Senator James Alfred Pearce and his equally illustrious son, Judge James Alfred Pearce, respectively.

The first of these pamphlets comprises a series of addresses delivered in the Senate and House of Representatives of the United States Congress on Tuesday, January 13, 1863, in a memorial service to Senator Pearce.

The second brochure is a series of tributes delivered in the Court of Appeals of Maryland on December 5, 1912, when Judge Pearce retired as Chief Judge from the Second Judicial Circuit and from the Court of Appeals.

This material is very gratefully received and added to the growing amount of interesting historical material now being placed in Washington College library.

BRIDGE INVESTIGATION SATISFACTORY

The Chesapeake Bay Bridge Company is enirely satisfied with the progress being made by the State Roads Commission engineers in their examination of the plans for the bay project, John N. Mackall, chairman and chief engineer of the commission, said last night.

Mr. Mackall's statement was in reply to a letter to The Sun, in which a "Kent County Citizen" made complaint of delays.

"I am not disposed to get into any argument over the project," Mr. Mackall said, "as there are many things of which the writer of the letter knows nothing and which are very vital to the bridge. The progress we are making is entirely satisfactory to the bridge company and I wouldn't want to take part in any discussion that might throw the project into a turmoil."

PASTURE FOR HOGS

Alfalfa is one of the very best pasture crops for hogs of all ages whether they are pigs being fattened for market or brood sows which are being carried through the summer to farrow again in the fall. During a dry summer, however, alfalfa does not make enough growth to supply sufficient pasture. For this reason, some other crop, such as sudan grass, should be provided. Sudan grass is especially desired by hogs and furnishes superior grazing during dry weather.

DEMOCRATIC
MASS MEETING
At CHESTERTOWN
THURSDAY, OCT. 11, 1928

AT 7.30 P. M.

THE SPEAKERS WILL BE—

MRS. R. PINCHOT GASTON,

Daughter of Gov. Pinchot, of Penna.

AND

CONGRESSMAN GOLDSBOROUGH

REGISTRATION DAY.

REGISTER ON TUESDAY

All men and women who have become of age since the last election, or who will be of age by November 6th, should register on Tuesday, October 2nd, or Tuesday, October 9th.

Make sure that all who have moved to another precinct or district in the county are properly transferred.

Prepare to vote on Tuesday, November 6th. Voting is not only a privilege but a duty of every American citizen.

Refer to Supervisor of Election Notice on page eight for time and places of registration.

RED CROSS QUOTA INCREASED

The Government which is undertaking to raise a large fund for the relief of sufferers in the West India and Florida Hurricane Zones, has increased Kent county's quota from $260 to $750, and the County Committee headed by Chairman Howard Turner of the Red Cross organization is making an effort to secure at least $550 by the time the campaign which started last Saturday closes.

Every one knows of the terrible and wide spread suffering in the hurricane district, and you are urged to make a generous contribution at once. All ministers in the county, including the colored ministers are requested to urge their congregations to respond liberally. Contributions may be made to the county chairman who will forward it to County Treasurer Allan A. Harris in Chestertown. Do not wait. The money is needed now.

BUSINESS REMOVALS

Preparations for the removal of three business houses in Chestertown are being made.

Mrs. William A. Burk moved his shoe shop from the location on Cross street to the Armstrong house on Cannon street.

The Shore Radio, now located in the Toulson building on High street has purchased the Burk property and will sstat alternations immediately in preparation to moving to that property about January 1st.

The American Store will occupy the present location of the Shore Radio after extensive alternations have been made. The alterations will more than double the floor space adding width and length to the store room. It is understood that the American Store will also operate their store on the Bramble building in conjunction with the new store in the Toulson building.

LOCAL HOSPITAL BUSY

Five minor operations were performed at the Kent County hospital on Thursday of this week by Dr. Holden, of Baltimore.

To-date there have been twelve operations performed, eleven children and one adult. Three of these operations have been performed by local physicians.

The operations have been performed at cost, the average cost to-date being $7 which includes the operation and a bed over night.

CHAMBER FOSTER GET-OUT-THE VOTE CAMPAIGN

With only 41.02 per cent. of the eligible voters in the State of Maryland voting at the last presidential election in 1924 and other states showing a more or less lack of interest on the part of their citizens, the Chambers of Commerce throughout the country are working on a non-partisan Get-Out-the-Vote Campaign.

The Kent County Chamber is interested in seeing that a large vote is polled in November in Kent and is urging all those who have moved within the County from one Election District to another to attend to their transfers either on October 2 or October 9 and new-comers to Kent to register on one of those days.

DOG STEALS HIS ROBE; SUN BATHER BLISTERED

Charles Yocum, of Chester, Pa., is suffering from severe sunburn aggravated by the friction of the canvas folds of a beach tent which he was compeled to use as wearing apparel after a police dog had made off with his bath robe here.

Yocum has been advised to regain his health by taking baths in the sunshine. He erected a tent without a top amid the sand dunes at Wildwood Gables.

The tasseled cord of his bathrobe, hanging over the tent, attracted the attention of a police dog. He seized the robe and dragged it along the beach.

The sun mounted higher and Yocum began to blister. He shouted, but was not heard. At dusk he pulled up the stakes of his tent, folded it about himself and made his way to his boarding place.

CHAUTAUQUA GUARANTORS

The Chautauqua guarantors for 1929 met at the Kent County Savings Bank on Thursday evening of this week at which time plans for 1929 chautauqua were discussed.

Due to the failure of the people of this community to support a seven-day Chautauqua, as evidenced by the $700 deficit this year, it has been decided to have a four day session in 1929, to be staged in the new Lyceum Theatre.

A committee, composed of Dr. H. B. Simmons, Dr. Paul E. Titsworth and Mr. Fred G. Usilton, was appointed to select officers for the 1929 session.

PENINSULA NEWS

Ocean City's airport, located across the harbor on the mainland, was completely demolished, together with a bi-plane stationed there, during the coastal hurricane which swept over Worcester county last week. The airport was wrecked around 5.15 a. m on Wednesday.

Arthur Gilman, of Pocomoke, was almost instantly killed last week while riding on the rear of a milk truck, when an automobile, driven by a colored man, hit the truck. Young Gilman was a member of the 1928 graduating class of Pocomoke High School and received a gold watch by the Rotary Club of that town for the boy who best lived up to Rotary ethics in school.

The new store building of Long and Short at Federalsburg was officially opened on Thursday of this week. This store is among the leading retail houses in caroline county. The new store will replace the one which was recently destroyed by fire together with practically all its contents of merchandise.

The new Wilmington Airport, Bellanca Field, located south of New Castle, will be formally opened and dedicated with a spectacular Air Meet on October 6, according to an announcement by Henry B. dePont, General Chairman of the Air Meet Committee.

Steps were taken at a meeting of Cambridge business men recently to start a ferry line from Cooks Points, in what is known as the "neck district" of Dorchester county, to Chesapeake Beach, on the western Shore of Chesapeake Bay. It is said ferry boats could cross the bay at this point in three-quarters of an hour.

Two cases of infantile paralysis have been reported in Cecil county—one in Warwick, and another in Rising Sun. There was also a suspected case in Elkton, and the child moved to Johns Hopkins Hospital.

Mr. George B. Barnes, a prominent farmer, living about six miles from Snow Hill, on the bayside, was badly burned by gasoline flames early Monday evening. He went into the barn with a lighted lantern to draw some gasoline. The barn was destroyed.

Through the efforts of the Star-Democrat the eliminated portions of the Court House scene in "The First Kiss" were shown in Easton this week. No additional charge was made as the film came to the Star-Democrat, by request, from Mr. Lee entirely as a courtesy to the Easton people.

A steam dredge is now at work at Claiborne harbor. Several weeks ago B. Frank Sherman, of the Claiborne-Annapolis Ferry Co., asked the Federal authorities to have this harbor dredged to a twelve foot depth, and he cited the fact that appropriation has been already made for it. Upon investigation the Engineers in charge of this section reported that the channel was not twelve feel deep and that the work should be done. Within a week the contract was let and the work will be completed very shortly.

Struck by a westbound passenger train on the Baltimore and Eastern Railroad Sunday evening, Charles B. Tolson, a waterman of Chester, Queen Anne's county, is in a serious condition in Emergency Hospital, Easton, suffering from a fractured back, bruises and lacerations.

Mr. Tolson was on his way from Kent Island Narrows to Grasonville at the time, and is said to have sat down on the track near King's crossing to rest. He was watching an approaching automobile at the time, it is said, and failed to notice the train. His life probably was saved by the engine crew seeing him in time to reduce the speed of the train considerably before he was struck.

Frank Dixon, near Salisbury, bedridden cripple who has not walked a step for nearly twenty years, was sentenced by Judge S. King White, in People's Court Salisbury this week to serve six months in the Maryland House of Correction and to pay a fine of $150 and costs on a liquor charge. The penal sentence was suspended, due to Dixon's infirmity and upon his promise to refrain from selling liquor for twelve months.

The prisoner, at whose home, officers testified, they found 140 gallons of alleged contraband, with an estimated vaue of $2,000, was carried into court by officers and pleaded guilty.

—The regular meeting of the By-Kota Club will be held on Monday evening, October 1st at the home of Mrs. Townsend Anthony, to be entertained by Mrs. Anthony, Mrs. Clarence Newcomb and Miss Helena Vansant. A full attendance of both new and old members is desired as this is the first business meeting of the year.

CELEBRATE BRIDGE OPENING

Plans are rapidly taking shape for the celebration on Monday afternoon, October 1, at 2 o'clock, when Harford and Cecil counties will stage an appropriate program to mark the removal of the tolls from the Havre de Gace-Perryville bridge.

Governor Ritchie, U. S. Senator Millard E. Tydings, John N. Mackall, Chairman of the State Roads Commission, and other state officials will be present to participate in the affair, which is expected to be the biggest event of its kind ever held in this section of Maryland. Promptly at 2 o'clock the parade, headed by the distinguished visitors, Mayor Pennington and members of the City Council, together with officials of Aberdeen, Perryville, North East, Port Deposit, Rising Sun and Elkton, will march over the upper deck of the bridge, through the streets of Perryville, returning to Havre de Grace on the lower deck.

It is estimated that over 100 gaily decorated automobiles and many beautiful floats will be in line, as the public in invited to take part. Besides a half dozen or more bands from the two counties, the St. Mary's Industrial School Band of seventy-five boys will furnish music and the fire departments of the several nearby towns with their apparatus and other fraternal and civic oganizations will join.

WEDDING NOTES

The wedding of Miss Pauline Webster, daughter of Mr. and Mrs. Warren Webster, of Ocean Gate, New Jersey, and Mr. William Maynard Brown, son of Mr. and Mrs. William T. Brown, of Quaker Neck, will take place next Saturday, October 6th. A number from Kent county will attend the wedding.

COSDEN—GEORGE

The wedding of Miss Mary Cosden, daughter of Captain and Mrs. Benjamin H. Cosden, of Chestertown, and Mr. Richard Price George was performed by Father James F. Earner in the rectory of Sacred Heart Church on Saturday, September 22nd. Only the family and immediate friends witnessed the ceremony.

Mrs. George is a graduate of Chestertown High School and finished her freshman year at Washington College last June. After a short honeymoon they will reside in Chestertown where the groom is employed.

ROTARY MEETING MONDAY

A Rotary meeting will be held in Washington College gymnasium on Monday evening next at which time one hundred and forty visiting Rotarians from all parts of the Eastern Shore of Maryland will assemble to hear Mr. Wade Marr, nationally known Rotarian and a director of Rotary International.

Mr. Marr's first visit to the Eastern Shore was at the District convention at Salisbury two years ago and his speech was one of the oustanding events of the convention.

The Chestertown Rotary Club is honored by this visit of Mr. Marr's and many Rotary Clubs have postponed their meeting night in order to be in Chestertown Monday.

FUTURE MILK INDUSTRY

Big new problems facing the dairy industry will be discussed in closed sessions of the National Cooperative Milk Producers' Association, to be held in Memphis October 15 to 19.

For the past ten years rapid increases in consumption of dairy products have made it possible to maintain fairly good prices for producers despite rapid increase in production. But heads of the dairy industry realize that this increase in per capita consumption cannot continue indefinitely and there are indications that the limit is not far off. With further increases in daily production we would very quickly go on an export basis and the protective tariff wall would soon become useless unless something like the McNary-Haugen plan were put into effect.

WHAT IS A DEMOCRAT?

One who believes in freedom of speech, in freedom of the press, in freedom of religion, in the equal rights of every person to life, liberty and to the pursuit of happiness, and who believes in the principles of the Constitution of the United States properly interpreted.

He opposes all attempts of selfseeking interests to control the operations of the Government to private advantage at the expense of the public.

A Democrat may be a Catholic or Protestant, Jew or Gentile, or any race whatever, and a Democrat may either favor the Volstead Act or oppose the Volstead Act. He is a Liberal as opposed to ultra-conservatism.—From the Congressional Record.
