DEMOCRATIC TICKET

For President,
ALFRED E. SMITH,
of New York
For Vice-President
JOSEPH ROBINSON
Of Arkansas
For United States Senate
WILLIAM CABEL BRUCE,
of Baltimore, Md.

For Congress from the First Congressional District
T. ALAN GOLDSBOROUGH
of Caroline County.

MANY VOTERS are using as an excuse for not voting for Gov. Smith is because of his stand on the prohibition question, while the real reason is because of his religious faith. If Democratic candidates are to be slaughtered because of their religious faith, then the National Democratic party had just as well close up shop without even taking the trouble of taking stock. It is an unjust and un-American reason and in violation of the constitution of the United States and should be dismissed from the minds of all well-thinking people.

Article VI of the Constitution of the United States says: "The Senators and Representatives before mentioned and the members of the several State Legislatures, and all executive and judicial Officers, both of the United States and of the several states, shall be bound by Oath or Affirmation, to support this Constitution; but no religious Test shall ever be required as a Qualification to any Office or Public Trust under the United States."

THE DEMOCRATIC MASS meeting to be held in Chestertown October 11, will have as the principle speaker Mrs. R. Pinchot Gaston, daughter of Governor Pinchot, of Pennsylvania. Congressman Goldsborough, so well and favorably known to our people, will also be present and address the meeting. When a daughter of a Pennsylvania Governor, one of the strongest Republican States in the Union repudiates the party who made her father Governor of that state, and openly supports the Democratic candidate, it is time for those Democrats who are talking against Gov. Smith, the Democratic nominee for president, to seriously consider what they are doing and get down to the realization of what it means to bolt their party allegiance. If they were getting anything better by voting for Mr. Hoover then there would be some reason in their action, but how can they hope to better national conditions by helping to elect Mr. Hoover, the Republican Candidate, when he openly states, that he will adhere to the Harding and Coolidge policies of Goverment, the most notorious conducted administrations that has ever been fostered upon the American people in the memory of the present generation.
