For Congress from the First Congressional District
T. ALAN GOLDSBOROUGH

ON THE seventh page of this issue will be found an advertisement containing comments from U. S. Senators, Ex-senators and the leading daily newspapers of the country to which we invite the attention of our readers.

AT THE ELECTION to be held on Tuesday, November 6, is presented a constitutional amendment for the voters to pass on. It is for an increase in the pay of the state Senators and Representatives. It should be remembered that when the pay for senators and representatives was fixed in our constitution one dollar would buy as much as three dollars will buy now. The pay of a representative in the Maryland Legislature of $5.00 per day is not sufficient to pay for a room at any respectable hotel in Annapolis and that sum does not include meals, therefore it seems to us that it is but fair that the salaries of our representatives should be increased as provided for in this amendment. Lets be fair with those who represent us in our legislative halls.

DEATHS

Mr. William M. Slay, of Chestertown, aged 82 years, died suddenly at Atlantic City early Tuesday morning of this week where he has been staying for several weeks. He had not been well for sevral days but his death came as a shock to his friends and relatives.

In 1907 Mr. Slay was elected to the State Senate, where he served one term. He was the father of the Kent county road engineer law, which revised the system of road maintenance in the county.
