THE TRANSCRIPT

DEMOCRATIC TICKET

For President,
ALFRED E. SMITH,
of New York
For Vice-President
JOSEPH ROBINSON
Of Arkansas
For United States Senate
WILLIAM CABEL BRUCE,
of Baltimore, Md.
For Congress from the First Congressional District
T. ALAN GOLDSBOROUGH
of Caroline County.

VOTERS OF KENT COUNTY don't overlook the constitutional amendment at the bottom of the ticket, as it deserves your support. We should be willing to pay our representatives to the Maryland Legislature enough to at least cover their necessary expenses which is not being done now.

OUR DEMOCRATIC CANDIDATES

This is our last appeal in this campaign to the voters of Kent county to stand loyal to the Democratic ticket as shown at the mast head of this column. The men, whose names appear on this ticket, were chosen by the State and National Democratic parties to represent them in the coming election and true faith in the Democratic party assures the Democrats that these men were chosen as the best representatives of that party and the ones who can best bring about a Democratic victory. We believe that the voters of the country want a change in the national administration. due to the unfavorable economic conditions which now exist in agricultural sections, causing a failure of the industry that is the foundation and backbone of all industries, farming. Farms in Kent county are laying idle because they will not afford a living for the farmer, and this condition will exist until legislation is enactel that will give the farmer the same protecton that it is now giving other industries. Favoring of one industry over another creates an unequal competition of labor costs and the selling price of their products. The agricultural program, as outlined by the Democratic party, has won the favor of agricultural leaders who have studied the program. The prosperity of practically every individual in Kent county is dependant, either directly, or indirectly, upon the prosperty of the farmer. This question should be given due consideration on Tuesday. A vote for the Republican party is a vote for the present conditions under the present administration, while a vote for the Democratic party is a vote for better agricultural conditions. The head of the ticket, Governor Alfred E. Smith, is a man who has shown himself honest, able and fearless. He is the candidate of the people, a man of unquestioned executive ability and one who will not be influenced by the threats of big business. His record is one of constructive legislation for the people and his experience fits him to governor. Senator William Cabel Bruce, United States Senator from Maryland and a candidate for re-election, is a man of ability who is recognized by Senators and Representatives of both parties. He is recognized as one of the outstanding Senators by the leading metropolitan papers of the country. His return will assure Maryland able representation in national affairs. Congressman T. Alan Goldsborough is a candidate for re-election after eight years of congressional servic to the Eastern Shore. Continued congressional service adds prestige in Congress and assures additional representation of his district. The Democratic ticket is one that every Democrat can vote with a feeling of satisfactions with a feeling that it will best represent his democratic principles.

TURKEY POOL FOR KENT TURKEYS

A meeting of the Board of Directors of the Kent County Chamber of Commerce and the Executive Committee of the Chestertown Mercantile Section was held at Chamber headquarters last Wednesday night to discuss the possibility of the organization assisting the turkey growers of Kent and adjacent counties to obtain better marketing prices for Thanksgiving and Christmas birds.

Last year's turkey crop amounted to $350,000, for Kent alone. Those who are watching the turkey situation carefully estimate from twice to three times as much for this year. It has been pointed out that the quantity will be more than the small local buyers would care to handle, therefore a larger and more lucrative market will be sought.

After a discussion of the problem the following committee was appointed: M. deK. Smith, Jr., chairman; Harold M. Baker and E. Conlyn Noland. Since business and agricultural prosperity are so closely linked, the business interests of the county are willing to work through the Chamber which will place its machinery at the disposal of the work of starting a turkey selling pool in Kent County and neighboring sections. This turkey pool will follow the plans of the Idaho pool which has operated successfully for five years.

With Maryland turkeys selling at ten cents more per pound in the New York markets above the price of turkeys from other sections Kent growers are in a position to receive top prices.

Buyers will be invited to bid on an approximate number of turkeys and the bids will be read to the growers at noon on Saturday, November 17 at the Chamber of Commerce office. It will be strictly up to the growers to decide whether or not they will accept the highest bid. If they accept a bid, the successful bidder will be compelled to deposit a certified check with one of the Chestertown banks and the farmer will be paid cash when he delivers his turkeys to the receiving point.

The Kent County Chamber of Commerce makes no charge for transportation or commission but farmers selling through the pool will be charged one-half cent a pound for expenses of postage, telephone, grading and packing. That will be the only expense. If any amount is left over after the expenses are paid, it will be deposited to the credit of the Kent County Farmers' Turkey Selling Pool to be used in advertising Kent County as the great turkey growing county of Maryland.

It has been pointed out that turkeys not in prime condition can be held over until their best is reached since the high price of all meats has made turkey rank more as a food than a luxury as was the case in the past. For this reason, the market is much better even as late as March than it ever was before.

Questionaire postals are being sent to a large list of turkey growers who are asked to state the number of turkeys they will have ready for marketing for Thanksgiving and the number for Christmas. if they are interested in receiving the benefits of the selling pool. These cards, when received at headquarters, will enable the committee give potential buyers an idea of the approximate number of pounds Kent will have to offer.

LARGE PUBLIC SALE
30 HEAD OF
TUBERCULIN TESTED COWS AND HEIFERS

I will sell
Saturday, NOV. 3rd, 1928
at 1 o'clock, Sharp

At my Bazaar in Galena, Md.

30 head of fresh Cows and Springers from accredited herds in Western Maryland. These Cows are most all fresh with calves by side and are an exceptionally good bunch.

Consist of high-grade Holstein and Guernseys of the best milking type. Some of these cows will give 60 lbs. milk per day. This is a chance for you to get your fall cows.

Also two good Stock Bulls. These cows will positively be sold for the high dollar.

I sold 33 head of Western Maryland fresh Cows and Springers last Saturday.

I pay no large commissions to any one to help me sell my cattle, nor do I divide profits with three or four dealers to help me sell. Therefore I can save you farmers from $25 to $50 each or maybe more on your cattle by buying here. And every cow guaranteed as represented with a 60-day retest. Next sale, Saturday, November 10.

Dame Fashion Requires

Diamonds whose sparkle reflects the brilliance of modern living—diamonds that are actually gem stones—each cut so skillfully that never a particle of its rare, darting light is lost.

We are now offering an exceptionally choice group of fine diamonds in every price class. The modern styles of cutting are well represented, together with the always popular brilliant-cut stones.

You will find October Diamond Days (October 11 to 20) an especially advantageous time to make your selection. Particularly for Christmas gifts—a small deposit will reserve the diamond jewelry you choose now.
