HON. T. ALAN Goldsborough's election to Congress from this district, in the face of the sweeping Republican victory throughout the country, shows that Mr. Goldsborough still holds the confidence and esteem of the people of the Eastern Shore. He carried this county by 869 majority while all his running mates lost it.

NOW THAT THE election is all over and the voice of the people has been heard in no uncertain tone it is the duty of every American Citizen to accept the results gracefully. There can no good rseult from bitter denunciation of the victory of our opponents. As Democrats we must say the result is exactly opposite from what we hoped for and from what we would liked to have seen it. Nevertheless we hearken unto the voice of the majority and bow to the inevitable, and at the same time we will immediately begin to repair our broken fences and get ready for the 1931 state battle.

WASTE THROUGH TRAFFIC DELAYS SAID TO REACH TWO BILLION DOLLARS YEARLY

Mr. A. B. Barber, of the National Conference on Street and Highway Safety, furnishes some data that gives a hint as to the vast losses sustained by the public through traffic delays. He finds, for example, that in downtown Boston delays in traffic cost the community $24,500,000 a year in addition to losses from accidents which approximate $2,000,000 a year. Chicago's loss on approximately $22.000,000 a year and New York's tribute to the traffic problem is more than $350,000,000 a year or approximately $1,000,000 a day.

Mr. Barber concludes that $2,000,000,000 a year is a conservative estimate of the nation's bill for traffic delays. This figure does not, of course, include losses from accidents which must run high into the millions of dollars.

There is, however, another side to the picture, for, as Mr. Barber points out, "San Francisco found that its new traffic code resulted in reductions of accidents ranging from 30 to 40 percent. in the records of companies operatng 50, 100 and 400 motor vehicles. One street railway company reported a reduction of 24.7 per cent. in pedestrian accidents. A saving of $2,000,000 a year in the cost of automobile accidents is being made for San Francisco motorists. Los Angeles reports an increase of 30 per cent. in the movement of street traffic after revising its regulations."

It is generally agreed that the traffic situation is one of our great problems. Few of us have thought of it, perhaps, in such definite terms of dollars and cents, but the figures here quoted give an idea of the heavy financial drain which these conditions are imposing on the public.

It is a matter, therefore, not only of public safety and convenience but of public thrift that traffic problems be taken up with vigorous attention. There is not an urban community in the United State or Canada today that is without a serious traffic problem.

Thrifty communities will make a serious study of their traffic situations, for, in doing so, they will effect a tremendous saving of money and prevent accidents that are costly to life and limb.

SCHOOL BUS ROUTE

Bids on the transportation of school children over the route from a point three-fourths of a mile from the Mill Branch School Site toward Chesterville to Millington School will be opened by the Board of Education of Kent County, Chestertown, Maryland, at their meeting to be held on Tuesday, November 20th, 1928, beginning at 10 a. m.

Bids should be based on the following conditions and requirements:

1. A contract for three years.
2. A driver at least 21 years of age who is sober at all times and reliable enough to run his bus on schedule and to command proper conduct on the part of the children being transported.
3. A curtained motor bus inclosed closely enough to protect the children from all kinds of weather and keep them comfortable and with 18 to 20 lineal feet of seating space.

Each bidder is asked to make a bid also on a horse-drawn covered vehicle that will carry comfortable fifteen children more or less.

The Board reserves the right to reject any or all bids.

By Order of the Board of Education of Kent County, Maryland,
LOUIS C. ROBINSON, Secretary.
