COMMISSIONERS DISCUSS ALMS HOUSE

A committee, composed of Senators W. Earle Witgott, Preston Beauchamp and Dudley G. Roe has been appointed to draft a resolution to be placed before the Legislature asking for an appropriation for a State home for the aged an dinfirm.

The action was taken Monday at a meeting at Detnon of the Eastern Shore County Commissioners Association.

Previous to the appointing of the committee, members of the association discussed the plan to build a home for the aged and infirm on the Eastern Shore, but on the suggestion of Senator Withgott it was decided to ask the Legisltaure for an appropriation sufficient to build a home for the entire State.

Henry P. Turner, treasurer of Talbot county, had reported that Governor Ritchie would be unwilling to include in his budget a sum for the constructon of a home intended exclusively for the Eastern Shore. The Governor, Mr. Turner said, pointed out that the request should be made to the Legislature.

Messrs. S. J. Johnson, Charles Wood and Ellsworth Bowers attended from Kent County.

Talbot county has 446 miles of roads. This is shown in a report of Engineer R. H. Blaine who measured all of the roads in the county upon order of the county commissioners.

ELECTED PRESIDENT OF DEL-MAR-VA

The Honorable N. B. Westcott, Judge of the Circuit Court, 31st Judicial District of Virginia, from Onley, Accomack county, was unanimously elected President of the Del-Mar-Va Eastern Shore Association, and Edwin C. Totten, for the past two and a half years Director of Publicity, was elected Executive Secretary at the regular Fall meeting of the Official Board, held in the Wicomico Hotel, Salisbury, last week.

The election of Judge Wescott to the presidency fills the vacancy caused by the illness of Ben T. Gunter, of Accomack, who was elected at the last annual meeting to head the Association. Mr. Gunter's illness was of a prolonged duration, preventing his entering in the activities which the position would demand.

In accepting the position as President of the Association Judge Wescott emphasized that the judicial work occupies practically all of his time and urged that some other citizen of the Virginia counties be named. The unanimous vote of the meeting refused to accept his suggestons.
