Overland $985

F. O. B. TOLEDO, O.

It's Worth More than it Costs You

OF COURSE you admit the value of the automobile for any one who has to go from one place to another—and wants to get there and back quickly. We all agree on that point.

The cost of the automobile is what is worrying you, maybe.

Your wonder is it worth the money—to you.

Have you ever noticed that when a man buys an automobile, and, after using it, either in his business or for pleasure, or for both, sells it, always buys another one?

Yes? Well, that's the answer.

Buy an automobile, find out that its price is an investment rather than an expense, and you can't do without it. You wouldn't want to.

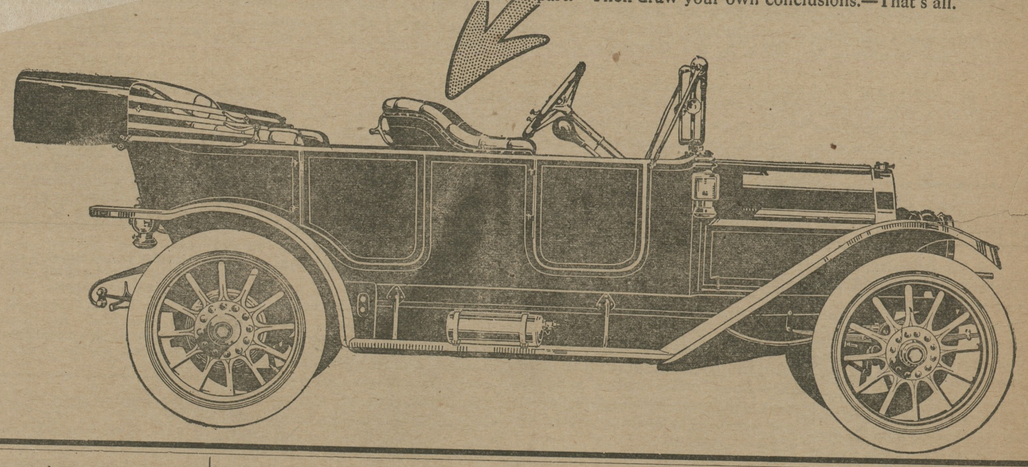
Because you will have found that the car is worth more to you than it cost you, that it has added to your capacity of doing business, that it made one hour do the work of three, that the store, the theatre, the folks ten miles away, have suddenly become your next-door neighbors, that it has given a store of health to you and your family.

Which automobile?

The Overland—because it is the best value that money can buy.

Whatever your notions are as to what an automobile should be to do justice to your requirements, whether you value power, comfort, impressive appearance, low cost of upkeep, or the kind of durability—Overland durability—that makes the possession of a car a source of downright satisfaction, you can't afford to consider any automobile without first investigating the new Overland.

At least come and take a look at it. Compare it with others. Let us give you a ride in the big, fully equipped Overland; it involves no obligation on your part. Then draw your own conclusions.—That's all.



Communion services were held Sunday morning. The text was 2d Cor., 13: 5, "Examine yourselves whether ye be in the faith, prove your own selves."

The Epworth League was led by Mrs. Walter Hadley. The Social Motive Love was the topic for the evening. Dr. Robert Watt, D. D., preached from Matthew 3: 2, "Prepare ye the way of the Lord."
