ACCIDENTLY SHOOTS SELF

SHOT GUM WOUND TAKES LIFE OF KENT FARMER

Mr. Harry B. Lambert, a popular farmer of Kent county, was instantly killed Tuesday afternoon of this week when a shot gun went off in his hand.

Mr. Romie Skirven and Mr. E. J. Watson, game warden for Kent county were gunning for geese on the Vannort farm on which Mr. Lambert lives, and had killed three geese and crippled another which flew to Worton Creek.

Mr. Lambert, seeing the crippled goose light in the creek, went to the shore with young Harry Newsome with the idea of going out in a boat to get the cripple. Mr. Lambert placed the gun in the boat and then seeing some water in the boat suggested turning it over to pour the water out. As Newsome lifted the boat Mr. Lambert picked the gun up and one of the hammers hit the side and discharged shell shooting part of his neck away.

Harry Newsome summoned the help of the two gunners in the field and the body was taken to the farm house.

Mr. Lambert, who is about 45 years old, was well liked by the people of the community in which he lives and was one of Kent's progressive farmers. He is survived by his wife who was formerly Miss Nellie Walker, of this county.

This is the first fatality in Kent county since the gunning season opened in November.

NEW FERRY BOAT LAUNCHED

A ferry boat said to have the largest automobile carrying capacity in the world was launched Saturday morning at the plant of Spers Engineers, Inc., in Portsmouth, Va.

The boat is the property of the Claiborne-Annapolis Ferry Company and will be operated between Annapolis and Claiborne.

The boat was christened by Miss Mary Harrington, Cambridge, Md., daughter of Emerson C. Harrington, president of the ferry company.

Miss Harrington named the new boat John M. Dennis, in honor of the State Treasurer. The other two boats of the company are the Gov. Emerson C. Harrington and the Gov. Albert C. Ritchie. The John M. Dennis will be commissioned about March 1st.

The John M. Dennis is 220 feet over all, which is twenty feet longer than the Ritchie. The Dennis will be sixty feet wide and will have two gasoline engines of 2,400 horse power. It is a double-end ferry, and has two propellers, one at each end. It will carry 100 automobiles.

While workmen were tearing down the wales of the old coach shop building on West Main street, Elkton, this week, purchased about a year ago by John Powell, they found wrapped up in an old burlap bag, about twenty-five silver coins, all Spanish money. They are about the size of an American silver dollar. One bears date of 1788, and all the others are dated in the same century. The building being razed is one of the oldest in this locality.
