Beef and Milk A-plenty

Cattle are kept for two purposes; for beef production and for milk production. To do either right they must be healthy. There is nothing better to keep them in continued good health, or to make them well quickly when sick, than a few doses of—

Bee Dee STOCK MEDICINE

Stirs up the liver—Drives disease poisons away.

Any time any of my cattle get anything wrong with them I give them a few doses of BeeDee STOCK MEDICINE. They soon get well.

BUY an International Harvester engine, take care of it as any machine should be cared for and a dozen years or more from now it will still be working for you.

It will save you and your family endless hours of hard labor in pumping, sawing, grinding, spraying, running separator, etc.

Buy an I H C engine. They last longer, burn less fuel, are simpler, and give you most power. Here are a few of the reasons: Offset cylinder heads, large valves, accurately ground piston and rings, heavy drop forged crank shafts and connecting rods, etc. Best material and construction mean the best engine. I H C engines are built in all styles, and in all sizes from 1 to 50-H. P. They operate on low and high grade fuels.

Not every local dealer handles I H C engines. The one who does is a good man to know. If you do not know who he is, we will tell you when you write us for catalogues.

COURT NOTES.

The case of Annie M. Bowers vs. Horace Garner occupied the Court Monday and Tuesday morning, the jury returning a verdict for Mrs. Bowers for one cent damages Alvah H. Lampkin attorney for Mrs. Bowers, H. E. Perkins for Garner. This was a case which has occupied the attention of several courts and is a contention over a boundary line of about 6 feet of land wide by 37 feet long worth it is estimated about $2 07. The costs in this case alone will be over $100

Andrew Moulton, colored, was convicted of selling liquor and sentenced to the House of Correction for 12 months. This ended the Court for April having been in session just one week.

ORATORICAL CONTEST.

Washington College Wins Second Honor in Interesting Contest Held in Chestertown.

The Oratorical Association of Maryland colleges held its sixteenth annual contest Friday night in the auditorium of Washington College, Chestertown. The first honor was awarded to Mr. William Wainwright, of Western Maryland College, whose subject was "The Call of the Blood." Waters Russell Wheatley, of Washington College, won the second honor, with an oration entitled "The Advantages of the Initiative and Referendum.', The other contestants and their subjects were: Ralph McHenry, of the Maryland Agricultural College, "The Weakness of the Monroe Doctrine," and John Wesley Noble, of St. John's College, "President Wilson's Policy on the Canal Tolls.'

Dr. James W. Cain, president of Washington College, presided, and gave an address of welcome, in which he dwelt on the great benefits of the association to the students, to the colleges and to the State. Prof. Sidney Gunn, of St. John's College, responded, and spoke on the various types of oratory. The contestants then followed with their orations and showed unusual efficiency in public speaking. The large audience present was generous in its applause of the speakers, and evinced the interest of the public in the association and the excellent work it is doing. The College orchestra furnished good music.

The judges of the contest were: The Hon. Carville D. Benson, of Baltimore; W. T. Warburton, of Elkton, Md., and W. G. Thomas, of Sudlersville, Md.

Hicks' Forecasts For May.

A reactionary storm period is central on the 1st, 2nd and 3rd, being central with the Mercury disturbance. May will come in with low barometer and cloudy, murky conditions, and from the 1st to the 4th, thick cloudiness will prevail over most parts of the country.

A regular storm period covers the 5th to the 10th, having its center on the 7th. The moon is on the celestial equator on the 6th, in perigee on the 8th, and full on the 9th.

A reactionary storm period is central on the 12th, 13th land the 14th. Behind the reactionary storms of this period, look for rising barometer, westerly winds and fair, cool weather—too cool for entire safety from frosts in northern parts of the country.

A regular storm period covers the 17th to the 22nd, having its center on the 19th. This is about the time when a series of May thunder and rain storms are common throughout the tier of middle states. Such a spell is probable on and touching the 18th, 19th, 20th and 21st of May, although there is no combination of causes out of the ordinary at this time.

A reactionary storm period has its center on the 24th, 25th and 26th. The new Moon being on the 24th, change to very warm, with falling barometer, ending in rain and thunder storms, with some wild dashes and gusts of wind, may be figured on—moving eastward across the country—on and touching the 24th, 25th and 26th. Moon is at extreme north declination on the 26th, causing atmospheric tides to swing northward, and bringing into high latitude some very warm weather.

A regular storm period is central on the 30th, extending from the 28th three or four days into June.

Mrs. Careless—"I was busy washing all morning and I'm not done yet. Jim complained about his breakfast and dinner, and I guess he will complain about his supper, because I haven't time to bother with very much. It seems to me the easier something is to do the less your husband likes it."

Anty Drudge—"Well, what you'd better do is to let Fels-Naptha Soap do your washing and all the other work the easy way, and you will have more time to prepare better meals for your husband and more time for rest, too."

Use Fels-Naptha next washday in cool or lukewarm water. Put the clothes to soak about thirty minutes with Fels-Naptha, then give them a light rub or two, rinse them and they are ready for the line without having been boiled or rubbed to pieces.

Fels-Naptha makes china and glassware glisten, pots and pans shine, whitens woodwork, dissolves grease and makes stains disappear. Always use it in cool or lukewarm water.

Buy it by the box or carton. Follow the easy directions on the Red and Green Wrapper.

Sleep Disturbing Bladder Weakness Backache-Rheumatism, Quickly Vanish

Even Most Chronic Sufferers Find Relief After A Few Doses Are Taken

Backache, urinary disorders, and rheumatism, are caused from weak, inactive kidneys, which fail to filter out the impurities and keep the blood pure, and the only way on earth to permanently and positively cure such troubles, is to remove the cause.

The new discovery, Croxone, cures such conditions because it reaches the very roots of the disease. It soaks right into the stopped up, inactive kidneys, through the walls and linings; cleans out the little filtering cells and glands; neutralizes and dissolves the poisonous uric acid substances that lodge in the Joints and muscles to scratch and irritate and cause rheumatism; it neutralizes the urine so it no longer irritates the tender membranes of the bladder, and cleans out and strengthens the stopped up, lifeless kidneys so they filter and sift all the poisons from the blood, and drive it out of the system.

So sure, so positive, so quick and lasting, are the results obtained from the use of Croxone, that three doses a day for a few days are often all that is required to cure the worst case of backache, regulate the most annoying bladder disorders, and overcome the numerous other similar conditions

It is the most wonderful preparation ever made for the purpose. It is entirely different from all other remedies. There is nothing else on earth to compare with it It is so prepared that it is practically impossible to take it into the human system without results.

You can obtain an original package of Croxone at trifling cost from any first-class drug store. All druggists are authorized to personally return the purchase price if Croxone fails to give desired results, regardless of how old you are, how long you have suffered, or what else has failed to cure you.
