MARYLAND LEGISLATURE

COMMITTEE ASSIGNMENTS IN THE SENATE AND HOUSE

The present session of the Maryland Legislature promises to be a stormy one on account of a rebellion on the part of few Democrats in the house against speaker E. Brooke Lee, which it seems is unwarranted.

The senate is harmorrious there being no objections to President McIntosh. Both senator McIntosh and speaker Lee were the presiding officers over the two branches last session and both were chosen for the same postions this year. Much important legislation is in prospect for the present session which means large responsibilities for the law nakers.

The following are the committee assignments for this county. Senator Beck, of this county, has ten assignments on committees. He is chairman of the Joint Committee, committee on Article 3, section 24 of the Constitution, and the Committee on Federal Relations and a number of the following committees: Agriculture and Labor, Amendments to the Constitution, Chesapeake Bay and Tributaries, Finance, Fish and Game, Insurance, Fidelity, Security and Loan Companies and Judicial Proceedings.

At the meeting of the Senate last night Senator Beck offered the following Constitutional Amendment: Providing the Public Service Commission with the right to exercise jurisdiction over matters relating to inter State commerce, on which Congress has taken no action.

Represenative E. C. Bowers is a member of the Chesapeake Bay and Tributaries and the Imigration committees. Representative Arthur Brice is a member of the Game and Fish Corporations, Agriculture and Public Records Committee.

Senator Beck has selected Theodore Wood as one of his appointees in the Senate.

AUTOMOBILE COLUMN.

The introduction of the new Whippet Four and Whippet Six models by Willys-Overland four weeks ago and their wide public acceptance, together with the company's presentation of its completely new lines of Willys-Knight sixes at the New York Automobile Show, indicate that the Toledo manufacturer is headed for a new recordbreaking year in 1929.

The end of the year disclosed for the company the greatest percentage gain of any company in the new car registrations for 1928, and completed the greatest sales year in Willys-Overland history.

New Whippets Well Received

Then came the completely new Whippet Fours and Sixes a few weeks ago, resulting in the biggest reception ever given a new product of the company. In the first week that the new models were shown, millions of persons viewed the exhibits, while retail orders immediately began to swamp the company's offices in Toledo.

The company has a daily capacity of more than 2,000 cars as compared with the previous capacity of 1,500 cars a day, indicates that Willys-Overland is in position to fill orders much more rapidly than a year ago.

"Finger-Tip Control"

Like the new Whippet models, the Willys-Knight sixes also are equipped with the "finger tip control," admittedly the greatest single driving convenience since the self starter. By means of a button of the steering wheel, the driver controls all the functions of starting the motor, operating the lights and sounding the horn.

Mr. B. R. Sutton, Kennedyville, is the Kent County agent for the Whippet cars.

SPORTS OF WEEK

WASHINGTON VICTORIOUS ON THE COURT—OTHER SPORTS NOTES OF INTEREST

BY POLK T. BRAMBLE

Bob Cosden, lightweight champion of the Eastern Shore, succumbed in the fifth round to the hard punches of Joe Raymond, of Baltimore. Cosden has won many fights during the past few years.

The Stribling-Sharkey fight, to be held in Miami February 27, is attracting considerable attention. Sharkey should win the fight.

The Washington College basketball team ran its season's total of victories to 6 last Friday evening at the expense o fthe Penn Athletic five. The score when the game had ended was Washington 43, Penn A. C. 31. The game was played in Philadelphia.

A Chestertown basketball team, composed for the most part of local high school players, was nosed out last Friday evening by the Newcastle, Delaware high school five, 27 to 25. With but a few seconds remaining of the regular playing time and the teams deadlocked at 25 all, Gebhart, Newcastle guard, tallied the winning goal. The game was played at Newcastle.

Washington defeated Elizabeth College Wednesday evening, 38 to 12. The visitors proved no match for Washington's fast aggressive aggregation.

Tex Rickard, famous prize-fighter promotor, died as a result of an operation for appendicitis on Sunday. He was known as a square sport and good fellow and was responsible for the advance of boxing to a big business proposition.

On last Friday evening, Washington met a team with a reputation. The five from Pratt Institute in New York City was here on that evening for a game with the locals. Pratt for many years has stood among the topnotchers of the cage sport in New York. This season their team is as good as in former years and so far this year they have had a good record. Last week they swamped the Magil University five of Toronta.

A number of the alumni of Pratt, now living in Chestertown, had prepared a wild duck supper for the visiting team which was serve dat Bell Haven after the game. Included in this group of alumni are Messrs. P. M. Brooks, P. G. Wilmer, R. Hynson Rogers, Ringgold Strong, Richard Collins, Hyland Jewell, Alan Rouse and Albert Strong.

The Washington—St. John's tilt, however, is only half of the program planned for the evening of February 8th. To start the activities Bobby Cavanaugh will bring his Pennsylvania High School team, of Cumberland, to Chestertown to try its wares against those of the Washington freshman five.

One of the feature sports attractions of 1929 at Washington College will be on the evening of basketball on February 8. The Washington five will entertain the quintet from St. John's College on that date. Washington and St. John's are traditional athletic rivals and any contest between the two schools is bound to be filled with excitement.

Practically all of the varsity players on the Chestertown High School basketball squad will occupy prominent positions on the bench for the next two weeks. They have been declared ineligible for play by the high school faculty.

Giraitis continues to lead the Washington College basketball players in the scorng race with a total of 73 points. He has played in but five of the team's six games and is just 2 points short of a 15 point average.

JOHN N. MACKALL RESIGNS

As a result of the shake up in the State Roads Commission office John N. Mackall, chairman and chief engineer tendered his resignation to Gov. Ritchie on Thursday. The Gov. forthwith appointed G. Clinton Uhl, of Alleganey county, as chairman.

The associate members of the new commission will be:

Howard Bruce, chairman of the board of the Bartlett Hayward Company and Democratic National Committeman from Maryland.

John K. Shaw, Republican, Baltimore county, president of the Century Coal Company, of West Virginia, and a director of several financial institutions in Baltimore.

All have accepted the appointment, the Governor said.

Mr. Uhl, formerly an associate member of the commission, has been interested in public road building since 1904, although he is not an engineer. He will devote his full time to the chairmanship and will take charge on Monday and will begin the reorganization of the State Roads Department.

Governor Ritchie announced that he expectes to ask the Legislature to increase the chairman's salary from $4,500 to $6,000 a year "in order that it may be more commensurate with the vitally important work he will have to do."

COMMISSIONERS ORDERED TRAFFIC LICHTS

The Commissioners of Chestertown have ordered three new traffic regulars for Chestertown and will be used on the approaches to Maple Ave.

These new lights will be of the button type and burried in the concrete approaches with the word stop on them.

This will practically make the approaches to Maple Ave a boulevard stop, compelling traffic to stop before entering this boulevard.

It is understood that the lights will be placed in the concrete approaches to Maple Ave on Front street, Queen street and Spring Ave.

As new and unrivaled today as the day it appeared
