5 Women Avoid Operations

For years we have been stating in the newspapers of the country that a great many women have escaped serious operations by taking Lydia E. Pinkham's Vegetable Compound, and it is true.

We are permitted to publish in this announcement extracts from the letters of five women. All have been recently received unsolicited. Could any evidence be more convincing?

1. HODGDON, ME.—"I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached and I was so nervous I could not sleep, and I thought I never would be any better until I submitted to an operation, but I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman."—MRS. HAYWARD SOWERS, Hodgdon, Me.

2. CHARLOTTE, N. C.—"I was in bad health for two years, with pains in both sides and was very nervous. I had a growth which the doctor said was a tumor, and I never would get well unless I had an operation. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and I gladly say that I am now enjoying fine health."—MRS. ROSA SIMS, 16 Winona St., Charlotte, N. C.

3. HANOVER, PA.—"The doctor advised a severe operation, but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it."—MRS. ADA WILT, 196 Stock St., Hanover, Pa.

4. DECATUR, ILL.—"I was sick in bed and three of the best physicians said I would have to be taken to the hospital for an operation as I had something growing in my left side. I refused to submit to the operation and took Lydia E. Pinkham's Vegetable Compound—and it worked a miracle in my case, and I tell other women what it has done for me."—MRS. LAURA A. GRISWOLD, 2300 Blk. East William Street, Decatur, Ill.

5. CLEVELAND, OHIO.—"I was very irregular and for several years my side pained me so that I expected to have to undergo an operation. Doctors said they knew of nothing that would help me. I took Lydia E. Pinkham's Vegetable Compound and I became regular and free from pain. I am thankful for such a good medicine and will always give it the highest praise."—MRS. C. H. GRIFFITH, 7305 Madison Av., Cleveland, O.

ST. JOHN'S DROPS 17 SOPHOMORES.

Annapolis, Md., Feb. 20.—Seventeen St. John's College cadets, comprising the majority of the sophomore class at the institution, have been suspended and sent to their homes by the faculty for hazing, according to announcement made by President Fell this morning.

The sophomores one night last week called out all the freshmen, mustered them on the rear campus and there put them through a mock drill and made them do other stunts largely of a physical culture type. Among these boys called out were Masters Carey Jarman and Wm. Tarbutton, of Chestertown. These boys prepared for the stunt by dressing doubly warm and soon overcome their opponents and were excused from further exposure.

One of the lads who was put through this exhibition for the amusement of the upper classmen wrote home to his his parents, registering a protest and his parents, who live in Hagerstown, laid the matter before State Senator Emmart of Washington county, now in the Legislature.

Senator Emmart got into consultation with the college authorities and was assured that proper punishment would be meted out to the hazers and announced himself as perfectly satisfied to leave the matter in their hands.

At a faculty meeting held yesterday afternoon the sentence of indefinite suspension from college was imposed.

Most of the members of the sophomore class who were not involved and therefore missed the sentence of suspension are day students not living in the college barracks.

Campused for Hazing.—As a result of the investigation by the officials of Washington College of the assault on Prof. Hacker, teacher of German at that institution, who, while attempting to stop the hazing of one of the lower classmen who had refused to give up his room for the use of the Delaware College basketball team, was knocked down by one of the hazers, it is reported that the entire forty-two who participated will be campused for two weeks. The young student was being "tried" by forty-two of the college boys who, it is said, signed a pledge not to confess and to stand by each other should any of the number be caught. Had the entire number been expelled, every baseball, basketball and football man in the college would have been eliminated from the institution. The authorities at Washington College are determined to break up hazing at the institution, and a petition for signatures to forward this movement was circulated at the college last year by Dr. Cain, the president
