SUCCESSFUL farmers are no longer asking, "Shall I buy an engine?" They have passed that point and now inquire, "Which engine shall I buy?"

A little careful observation will show that International Harvester engines are the most satisfactory. No doubt is left when features like the following are studied: Detachable valve guides, offset cylinder head, fuel pump, split-hub fly-wheels, extra large intake and exhaust valves, etc.

Ask the men who have used I H C engines. That is the best test. They will explain the excellence of I H C construction, simplicity, strength and durability.

Study the engines yourself at the nearest dealer's where International Harvester engines are sold. They are made in all styles, and range in size from 1 to 50-H. P. They operate on low and high grade fuels.

Write for our interesting and instructive catalogues, and when we send them we will tell you where the engines may be seen. A postal will do.

"Silver Plate that Wears"

Silver Of Proven Quality

Rich design and refined beauty in knives, forks, spoons and fancy serving pieces are not attributes of solid silverware alone. The skill born of long experience has produced in the famous 1847 ROGERS BROS. silver plate effects in pattern and design which make its name for beauty second only to its reputation for quality—*"Silver Plate that Wears."*

Sold by leading dealers everywhere. Send for catalogue "CL," showing all patterns.

MRS. WILLIAMS' LONG SICKNESS

Yields To Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.:—"I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sanative Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me.

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

"JOHN BAER" TOMATO

The Earliest Tomato On Earth.

Shippping Fruit In 30 Days

1st—"John Bear" Tomato produces large, beautiful solid Slipping Tomatoes in 30 days from Plants grown in Veneer or Paper Bands with roots undisturbed.

2nd—"John Bear" Tomato produces the most perfect High Crown Tomatoes ever grown.

3rd—"John Bear" Tomato produces an enormous crop of Tomatoes, 50 to 100 fruit to each plant.

4th—Every "John Bear" Tomato ripens evenly, right up to the stem.

5th—No cripples, no scalds, no blight, no cracked, no wrinkled, no one sided, uneven, scarred fruit. When dead ripe "John Bear" Tomato will not burst.

6th—"John Bear" Tomato has a wonderful glistening bright red color.

7th—"John Bear" Tomato has a mild deliciously sweet flavor.

8th—"John Bear" Tomato is almost seedless, a marvelous Stem Setter, often ten fruit in first cluster, solid and meaty.

9th—"John Bear" Tomato has just enough foliage—will stand plenty of manuring without going to vine. Set plants 2½ by 3 feet.

10th—"John Bear" Tomato is the most perfect Shipping Tomato ever grown—24 fruit exactly fill a six carrier basket.

11th—Each Beautiful "John Bear" Tomato weighs about 6½ ounces.

12th—"John Bear" Tomato Seed was saved only by John Bear, the originator, who personally picked and selected every Tomato from which he saved the seed, selecting only the most beautiful perfect fruit of the early Stem Set Clusters.

13th—"John Bear" Tomato is the offspring of two marvelous Tomatoes—one great specialist having devoted 10 years in selecting and improving one parent and another expert devoted five years in selecting and improving the other parent. The "John Bear" Tomato is, therefore, the result of Fifteen Generations of Improvement and selection for Earliness, Quality, Shape, Fruit, Color and Shipping Quality.

14th—As a Packing Tomato "John Bear" is a miracle, they all pack fancy, no seconds, and all pack whole. Peelers can prepare three bushels "John Bear" Tomatoes to one bushel of any other tomato. A large Baltimore Tomato Packer had all the "John Bear" Tomatoes he could secure packed separately, running them through a special process for his fanciest trade and his own private use.

LOCAL NOTES

SHERIFF BROWN carried a white man and Wallis Cann to House of Correction Thursday.

AN American flag was presented to Washington College Friday by the Jr. O. U. A. M., of Chestertown, with appropriate ceremonies. The flag was 10x18 feet.

UNDER the superintendency of Miss Anna Copper, the young ladies of the graduating class of Chestertown High School, are making their own graduating dresses. This idea is being carried out in other towns which have this department connected with their schools.

THE timely discovery by Mr. Charles Keithley, the baker, of a fire in an occupied room over Robinson's restaurant, on High street, Saturday evening at shortly after six o'clock, prevented what might have been a serious blaze. The fire is supposed to have started from a pipe which smouldered for some time, finally breaking into a blaze. Mr. Keithley, who discovered the fire, ran up the stairs and threw out the mattress which had ignited. No alarm was sounded, as Mr. Keithley had put out the fire before it had become generally known that there was a fire.

THE Kent County Teachers' Association held a meeting in Chestertown yesterday, Arbor Day. A fine program was presented by Examiner L. J. Smyth. The Choral Association of Chestertown under the skilful direction of Mr. Wm. Walter Chapman rendered two excellent selections.

THE two-horse team of Mr. Brown, a local carrier, while hauling sand from the shore of Mr. Rumsey Anthony, across the river, sank into a hole up to their bodies Saturday, and it was with great difficulty that Mr. Brown got them out.

THE Rich Neck Farmers' Club, Inc., has received two carloads of Irish Cobbler Seed Potatoes from Maine. These were ordered several weeks ago. Prof. J. F. Monroe, of the Maryland Agriculture Experiment Station, was over Saturday and pronounced them free of disease.

MESSRS. STAVELY & BOWERS, contractors and builders, of Lynch, have been awarded the contract for the erection of a modern home for Mr. H. C. Willis on his farm near town. Work will begin as soon as the weather is favorable. Mr. G. W. Copper, the Worton contractor and builder, will erect a fine new home for Mr. Harry Williams, on his farm near Worton, to replace the big brick dwelling recently destroyed by fire.

C. SIGNOT, aviation student, says the possibilities of aeroplane travel is beyond comprehenrion of the average citizen. For instance the time from Baltimore to Chestertown would be 46 minutes. Such an airboat service could be operated twice daily with two airboats. Undoubtedly, with reasonable rates, the saving in time would attract from the start a very important traffic to and from Baltimore for the benefit of all, cities and counties.

THE season of Easter is very near at hand and s a season at which many exchange gifts all over the country. Why not do likewis? The Chestertown Candy Kitchen, in this issue, tells you many good things for the children and the older folks that will make very acceptable presents. Read their adv. and call and see them, and you will get all the attention and the best treatment possible. Always adding something new for their customers, they have recently bought a lot of silver ice-cream cups with which to better serve their trade. Patronize them and get eminent satisfaction.

A resident of California has rigged up an alarm clock so that it calls him at the proper time in the morning, lights a lamp in his bedroom so he can see to dress and at the same time starts breakfast.

When the alarm clock sounds its early morning calls, it throws a switch located at the back of the clock cabinet connecting four electric circuits. One of these circuits lights a small lamp which effectively illuminates the bedroom. To the other circuits are connected toaster, coffee percolator and electric grill. The coffee and water are put in the percolator the night before, the bread arranged in the toaster and the bacon placed in the grill. By the time the owner is dressed breakfast is ready.
