No. 29.

Resolution in reference to re-assessment of property.

Whereas, an Act passed by the General Assembly of Maryland at January session, 1874, for a general assessment of property throughout the State, has been declared null and void by the Court of Appeals in consequence of the defects therein contained;

And whereas, it is believed that a new assessment of property according to the present revenue laws of the State will add largely to the taxable basis of the city, and at the same time more equally distribute the burden of taxation;

And whereas, power has been conferred on the Mayor and City Council of Baltimore by the Act of 1874, chapter 357, whenever they think the public interests may require it, to cause an assessment of all property in the city liable or subject to assessment for city or State taxes, with authority to prescribe the manner in which the same shall be made, &c., therefore

Resolved by both Branches of the City Council of Baltimore, That the Joint Standing Committee of Ways and Means be, and they are hereby, directed to report, as soon as the importance of the subject will permit, an ordinance providing for a new assessment of all property in the city liable to assessment and taxation.

Approved January 20, 1875.
