IN THE LEGISLATURE

Bills in the Maryland Legislature that pertain to Kent County include:

A bill introduced this week by Senator Beck would allow the Commissioners of Kent County to borrow $50,000, to be used for schools and bonded indebtedness. $30,000 for schools and $20,000 for bonded indebtedness. It is to be hope that it will not be necessary to borrow any part of the above as it is merely a provision whereby these incurred debts may be paid in case the tax collections do not make the money available.

A bill has been introduced by Senator Beck making certain changes in the Charter of Chestertown with reference to the time of registration for elections.

It is understood that the ducking bill introduced by Senator Beck allowing shooting any day in the week on Chester River and allowing the erection of booby blinds from Durding's Creek to Deep Point, has been favorably reported by the committee.

A bill reported to have been introduced by Delegate Arthur Brice on Thursday with reference to anchored gill net fishing was an error in the fact that the bill was introduced by the Cecil county delegation. The bill would permit anchored gill net fishing on the Susquehanna Flats. The present law prohibits the use of anchored gill nets above Pools Island.

All State officials in Kent County were reappointed by Governor Ritchie this week.

The road bill, which passed the House this week and promises passage in the Senate, would relieve the County Commissioners of levying any funds for roads and take care of part of the interest on Kent's road bonds. This bill is of great interest to the tax payers of Kent County.

An indication that Governor Ritchie might cut his budget as much as $1,500,000 is also of much interest to all tax payers in the State. A part of this cut is in the State expenses for schools.

It is understood that the sales tax, which was voted down at all of the tax-payers meetings in Chestertown, has been shelved at Annapolis for the time being at least.

(COMMUNICATED)

To The Editor of The Transcript:

As I have been asked a number of times by people in Chestertown whether or not the "Passion Play" of Oberammergau would be given in 1934, the 300th anniversary of the famous vow which gave it birth, I am glad to say that I have authentic information to the effect that the Play will be so given.

Everyone understands, I believe, that ordinarily the Oberammergau Passion Play is presented only once in every ten years, the last regular season was May-October of 1930.

In a letter, dated February 1, from Anton Lang, Sr., of Oberammergau, who for three decennia played the role of "Christus," I learn that the "Passion Play," with the same caste as in 1930, will be given every Sunday during June, July, and August, as well as every holiday of these months. The Oberammergauers are looking forward to this jubilee Passion Play season with great interest and enthusiasm.

As an introduction to the Passion Play, something which is quite new, the Players are going to give during the summer an historical play depicting the days of pestilence during which the villagers made their vow to produce the Passion Play itself.

If any one wishes additional information regarding the "Passion Play" I shall be glad to furnish all the data I possess.

PAUL E. TITSWORTH.

"Character is What You Really Are. Reputation is What Other People Think You Are"

Character is the Most Important Thing to Acquire, and the One Thing That Each Person Must Get for Himself

You cannot get character any other way than by winning it. No substitute can procure for you the capital prize in the game of life. Your parents cannot give you character. It is every man for himself. Heredity is overvalued. One may inherit characteristics—but not character. Your conditions, your temperment, your family, your abilities, your weaknesses are the elements out of which you must form that supreme thing—character.

It is not things that matter; it is all in the way you look at things—your attitude of mind.
