SCHOOL DAYS — By DWIG

THE NEW TELEPHONE DIRECTORY CLOSES

NOTHING GIVES SO MUCH FOR SO LITTLE

TUESDAY, JUNE 6

Be sure your family is in it

A telephone will keep them in touch with friends. It will do the marketing and shopping. It may bring news of jobs. It will bring help quickly in emergencies.

Order yours today. There is still time to get your name in the NEW DIRECTORY.

If you have a telephone—and want your listing changed, or want additional listings, please call us right away.

The Classified Directory—the yellow section—is also closing. An advertisement in this section appears daily at low cost before the largest group of buyers in town.

SCHOOL NOTES

CHESTERTOWN HIGH SCHOOL
By Janet MacVean

Rally Day is off our minds now. Only the state meet looms before us. The final results, of course, are not in yet. However, this much is certain, Chestertown High School won: first and second places in the Senior Unlimited Running High Jump, first in the Senior Unlimited Medley Relay, first in Senior Unlimited 880-Yard Run, first in the Junior Unlimited 220-Yard Dash, first, third and fourth in Girls' Hit and Run The Bases, second in Girls' Volley Ball, second in Girls' Run and Catch Relay, and second in Girls' Obstacle Relay. The heartiest of congratulations to Millington High for winning the Volley Ball Championship. When the smallest high school in the county wins from the best that the other high schools can send onto the field, they certainly deserve to make a showing at the state meet. Congratulations also to Coach Fleetwood, who has done so much toward helping C. H. S. boys to place in track events and to Herschel Calloway, who originated and supported the idea so successfully.

The tennis tournament is on. Several matches have been played already, and now that Rally Day training is over the rest are expected to be played off in quick order.

One of the most interested persons in C. H. S. has figured that there are less than twenty days of school remaining.

This means that the class play, "Ann What's Her Name," is to be produced soon. The date is June 1; the place, William Smith Hall.

WORTON

THE RIGHT MOMENT

"Tom, dear, you mustn't ask papa tonight. He lost a whole lot of money in stocks today."

"Just the right time then. He won't have nerve enough to lecture me about the care of money."

Time and again I am told—by my own organization and by others—that I penalize myself by quality.

Friendly critics protest our putting into the Ford V-8 what they call "twenty-year steel." They say such quality is not necessary; the public does not expect it; and that the public does not know the difference anyway.

But I know the difference.

I know that the car a man sees is not the car he drives—he drives the car which the engineer sees. The car which is seen, comprises beauty of design, color and attractive accessories,—all desirable, of course. The best evidence that we think so is that they are all found on the Ford V-8.

But these are not the car. The car proper, which is the basis of all the rest, is the type of engine and its reliability; the structure of chassis and body, ruggedly durable; the long thought and experiment given to safety factors; the steady development of comfort, convenience and economy. These make the car.

A car can be built that will last two or three years. But we have never built one. We want the basic material of our car to be as dependable the day it is discarded as the day it is bought. Ford cars built 15 years ago are still on the road. It costs more to build a durable car—but two items we do not skimp are cost and conscience. A great many things could "get by"—the public would never know the difference. But we would know.

The new Ford V-8 is a car that I endorse without any hesitancy. I know what is in it. I trust our whole thirty years' reputation with it. It is even better than our previous V-8. It is larger, more rugged and mechanically a better job all round.

I readily say this in an advertisement because I know the car will back it up.
