DISCUSS COMMUNITY NEEDS

PARK, HIGH SCHOOL, CITY PLANNING AND GARBAGE COLLECTION PRINCIPAL TOPICS OF DISCUSSION

ASSEMBLR MEETING AT BETTERTON NEXT WEEK

The Community Service Committee had charge of the regular meeting of the Chestertown Rotary Club last Monday evening, Mr. Rolph Townshend, Chairman, in charge. Each of the four members of the committee discussed some important improvement needed as follows:

Mr. W. R. Huey discussed the beautification of the fountain in the public park and stated that the matter had been taken up with the local Garden Club with the idea of planting flowers in the basin.

Mr. Merrick Clements discussed the garbage collecting system and stated that he had taken the matter up with the Mayor with the idea of changing and making the hours of collection more regular. The question of covering the garbage wagons was also discussed. Mr. Clements stated that he had taken the matter up with Mayor Satterfield who said these improvements would be taken into consideration in letting the contract for the coming year.

Dr. Gilbert W. Mead, who was assigned the Chestertown High School problem, was represented by Dr. Livingood, President of the Chestertown High School Alumni Association. He described the high school building as suitable for shelter only and as lacking sufficient room, proper design, adequate equipment and without question the worse high school plant on the Eastern Shore. He told of the efforts being made by the Parent Teachers Association to correct the conditions.

Mr. Rolph Townshend talked on the question of City planning and showed how during a long period of years construction work had not been laid out with sufficient forsight of the future. He suggested a complete survey of the town so that in the future construction work could be laid out on a definite devised plan.

The meeting next week will be held at the Hotel Chesapeake, Betterton, at which time the District Governor will be present.

Members of the clubs of Havre de Grace, Elkton, Centreville, Denton and Easton will attend this meeting.

TO HAVE NEW REGULATIONS

With the consolidation of a number of counties into districts the National Reemployment Service finds it necessary to more strictly observe certain rulings and new ones have also come into effect.

One of the new regulations requires a applicant who is a veteran to give the date of his enlistment and to show his discharge papers to the interviewer. While Kent County had no men who misrepresented themselves as veterans in order to get the advantage accorded to ex-service men with dependents it was evidently found in other sections of the United States that such was the case in many instances. Ex-service men with dependents are the first selection on any job if qualified to fill the particular opening.

Monthly renewals of applications has been a ruling since the opening of the office but in Kent a man was not counted a canceled applicant if he did not promptly renew at the end of a month. Since five counties are now combined in the Kent District it has become essential to have a constant tab on those who have registered. Renewal cards have been sent out for the whole District but the office is not sufficiently staffed to send them out each month and registrants are asked to keep in mind the necessity of keeping in touch with the office every thirty days.

There have been calls for waitresses, practical nurses and couples here in Kent County that have been difficult to fill because not enough have registered under those classifications. Every person in the District desiring work is invited to register at the Chestertown office. For those living in other counties a schedule has been set for their convenience. The service is a Government set-up and is free to all applicants and employers.

WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the package label. Resent a substitute. 25 cents. ©1931 C.M.Co.

PENALTY

Important Notice to Merchants and Traders

Your attention is called to the provisions of Senate Bill No. 63 passed by the General Assembly of 1929, under which there is imposed on persons who fail to take out licenses in the month of May a penalty of 10% per month on the cost of the license. This is not merely a 10% flat penalty, but 10% per month or fraction of a month.

The Clerk of the Court has no discretion in the matter but will be held accountable to the State for the collection of all penalities.

Licenses are now on hand ready for distribution.
