AS HAS BEEN stated in this paper on numerous occasions, the Ladies Auxiliary of the Chestertown Volunteer Fire Company is a very important factor in the efficiency of that company. The Auxiliary has again come to the front this week when they agreed to solicit funds for the maintenance of the Fire Company. This task is a very disagreeable but worthy one and the community at large should cooperate with these ladies and make their task as pleasant at possible. The solicitation will be made in all sections of the county that is served by the Chestertown Fire Company, and is the method of supporting the company adopted following numerous requests that there be no carnival this year. The question of whether the firemen can serve this section of the county at all hours of the day or night depends upon the willingness of those served to support it financially.

SEPTEMBER IS SET by the Government and the state as Safety month for automobile drivers. There are warnings out against speeding, which, not only exposes the drivers to terrible danger should anything happen to the car, but exposes those who meet them to the same peril. J. C. Furnas in the Reader's Digest for August has written a most timely warning on this subject. He describes the gruesomeness which attends most of the automobile accidents; headless bodies broken limbs, and faces marred beyond recognition. Nothing at the morgue can compare to the awful result of these accidents, he writes.

Another warning is against driving after taking a drink, before starting. Even one drink, the specialists say, unarms a person, should an accident threaten him.

The people of this county have reason to listen to these warnings. Four young people have been in the hospital this week as the result of a serious accident, and the ambulance is disabled on account of a collision.

Motor driving is a wonderful thing for all the business man or woman, and those who enjoy a pleasant ride in the open, but when one feels that he is almost risking his life to drive on the road he hesitates to do so.

LOANS FOR WHEAT GROWERS AVAILABLE

County Agent McVean received notice this morning that Emergency Crop Loans will be made to farmers needing help to secure seed wheat and fertilizer for the seeding soon to be made. Similar loans were made a year ago. Application blanks are not available but will be soon. The loans are designed to aid farmers who are unable to borrow through regular credit channels. Announcement will be made when applications can be received at the County Agent's office.

TURN TO THE RIGHT

'Yes, Sir, I drove up to the crossroads, and a truck bore down on me from the right, a trolley was heading at me from the left, and a man hopped right in front of my car. Gosh, it was a tight place!'

'I'll bet you were in a dilemma.'

'You're crazy. I was in a Studebaker.'

WAKE UP YOUR LIVER BILE—
WITHOUT CALOMEL
And You'll Jump Out of Bed in the Morning Rarin' to Go
If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.
For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.
If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.
It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.
But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Accept a substitute. 25c at drug stores. © 1931 C. M. Co.
