KENNEDYVILLE

The W. C. T. U. held a very interesting meeting in the M. P. Church last Friday evening, May 12. A splendid program was rendered. The following were elected delegates to attend County Convention held in Chestertown: Mrs. Clarence Kelley, Mrs. Rachel Hill and Mrs. John McCabe.

Mrs. H. F. Jefferson and mother, Mrs. S. E. Barwick, spent the day with Mrs. Emma Shafer and daughter. Mrs. Jefferson also paid our school teachers a little visit at the High school and was much pleased with the new building.

The Rally Day exercises held in Chestertown was thoroughly enjoyed by the teachers and pupils of this school. Three girls entered the contest and each girl brought home a bronze medal. Much is being accomplished by our faithful teachers, and may their motto ever be, "Onward."

Mr. Geo. Johnson, of Phila., is assisting Mr. Jas. Weer in the milk station. Mr. Johnson expects to move his family here in the near future.

Mrs. E. T. Othoson and Mrs. Thomas A. Godwin spent a few days of this week in Baltimore. Mrs. Godwin had to consult an oculist.

Dr. J. W. Urie while on a visit to New York had a growth removed from one of his eyes. This operation has caused the doctor much pain.

Last Sunday was celebrated as Mothers' Day. This is a most excellent thing, but it has been asked, What about Fathers Day. Fathers should also be given a chance, for they, by precept and example can instill in his boy or girl's mind such great love that will ever remain, if they know father always loves and respects the wife, who is the mother of his children.

The Grange held a very interesting meeting Monday evening, after which the meeting was turned over to the young people, and they all spent a very pleasant time.

Don't forget the church service on Sunday. Come hear a good sermon.

Don't forget the Parcel Post sale tonight in Weer's Hall. Everybody welcome.

THE NEW SCHOOL LAW

The recently revised public school law lies before us and it comes so close to being an absolutely new law we deem it wise to call general notice to its leading changes.

The State Board of Education will now consist of seven members appointed for seven years, one to retire each year.

County Boards of Education will hold office practically as heretofore, and shall be subject to removal by the State Superintendent for cause, with the approval of the Governor.

Boards of district trustees shall be appointed for three years after 1917.

The State Board of Education and the State Superintendent shall largely control the construction of new school houses.

The State Superintendent shall be appointed by the State Board of Education and not by the Governor as heretofore. In the event that a County Board fails or refuses to obey the law he may order the Comptroller to withhold a part of the state appropriation. He shall also examine the expenditures, business methods and accounts of county school boards, and pass upon the purchase of school lots and plans for new houses.

The County Board shall consolidate schools whenever in their judgment it is practicable, and pay when necessary for the transportation of pupils to and from consolidated schools.

The County Board shall appoint on the recommendation of the County Superintendent all principals and assistant teachers, and on the recommendation of the Superintendent may suspend or dismiss without appeal any teacher.

The County Board may require the County Commissioners to levy annually up to 34 cents on the $100 for school maintenance.

High requirements are laid down for the County Superintendent, whose appointment is subject to confirmation by the State Superintendent. His salary shall not be less than $1800.

There shall also be a "primary-grade supervisor" at a minimum salary of $1100 and "as many additional supervisors as in the Board's judgment are necessary." There shall also be at least one "attendance officer," to compel regular attendance of pupils, his salary to be fixed by the county board and to be not less than $600. There shall also be at least one clerk, to the Board, and such other assistant supervisors, etc., as the Board shall authorize.

All traveling expenses of these officers shall be paid by the Board in addition to their salaries. Liberal chance is given to use schoolhouses for the discussion of public questions.

The certification of teachers after September next shall be a state function, the State Superintendent to furnish uniform questions, and the County Superintendent to be his assistant in conducting examinations. Other important new features are inserted with reference to certificates. Salaries of white teachers of the second grade shall not be less than $300 per annum and shall be paid monthly.

There are many more important changes, but the ones noted bear most directly on the body of taxpayers, parents, teachers and pupils.

Horse Develops Hydophobia—Dr. J. Earle Gilfillan, veterinary physician and surgeon, had a call to Massey, Md., last week to attend a sick horse belonging to the Standard Oil Co. Dr. Gilfillan suspected hydrophobia from the first, but to make sure had the horse segregated for a couple of days at which time the case was very pronounced. He immediately notified the state authorities, and they in turn notified the Standard Oil Co., which corporation gave orders for the horse to be shot. No theory as to the contraction of the disease has been advanced.

IN MEMORIAM

To the memory of our loved one, MRS. JOSEPHENE TAYLOR, who departed this life seven years ago, May 17.

Gone from earth with its suffering and pain
Quiet the heart so loving and true,
Finished her life work so bravely done,
Folded the hands so eager to do.
BY HER HUSBAND.

You are dead to us dear mother,
But as a star unseen
We feel that you are near us
Though death intrudes between.
LOVING CHILDREN.

Seven years, my daughter, can it be
So many years I have mourned for thee,
And yet it feels so fresh, the pain,
I count them over and over again.
LOVING MOTHER.

The last farewell was spoken
Seven years ago today,
Our family circle broken
When my dear sister passed away.
SISTER MAGGIE.

DR. H. C. HUGHES

Office in the old Transcript Building, Chestertown, Md. Local anesthetics used for extraction.

A SPECIAL—Treatment will be given for pyorrhea alveolaris, or Riggs disease either local, subcutaneous or oral.

THE FLYLESS HOME

Is the comfortable home. If there are flies in the house you are constantly annoyed, beside being in danger of infection.

The same thing applies to mosquitoes. Get rid of all such pests by using

BEE BRAND INSECT POWDER

Fan it into the air. Flies and Mosquitoes die in a few minutes. Also kills ants, roaches, fleas, bedbugs, lice, etc. Harmless to human beings and their pets. Get the genuine in the Red Tin.

"There's a good Farmer!"

As you drive through the country it's easy to pick out the farmers who are progressive and prosperous. A shiftless man allows his buildings to become shabby and weather-beaten. The thrifty farmer keeps everything neatly painted with

DEVOE
THE GUARANTEED
LEAD AND ZINC PAINT
FEWER GALLONS — WEARS LONGER

Of course, any paint you put on is better than no paint. But for long and satisfactory service we always recommend Devoe Lead and Zinc Paint because we can guarantee it to be absolutely pure. It contains no whiting, no silica, or any other worthless adulterants. That's why Devoe paint goes so much further and lasts so much longer than ordinary paint.

Come in and let us tell you how little it will cost you to paint with Devoe.
