HOSIERY

We are, as we have always been headquarters for hose. We have children's hose, the best that money can buy, for 15c per pair, or 2 pairs for 25c. They are hard to tell from the regular 25c a pair quality. We have a special grade of ladies hose, medium weight and great wearers, at 3 pairs for $1.0

CORSETS

The best advertisement on earth that a man can have is a satisfied customer. A lady whoever puts on a pair of Bon Ton or Royal Worcester Corsets is certainly satisfied and comfortable and she tells her friends and neighbors. That's the cause of our immense sale.

GROCERIES

This is the season of the year for parties and when giving one you always want nice things to eat. We have the best at all times. Why pay a high price for second grade goods when you can get the best here.

We use coffee as our leader. We have a special grade of coffee which are selling at 20c a pound and which cannot be duplicated at any other store for less than 25c a pound. Our 28c quality, our customers say, is as good as they are used to paying 35c a pound for. Try a pound, and if not satisfied no charge will be made for it.

Soliciting a trial to convince you am yours for business.

THE BEST PLOW YOU CAN BUY

SOME OF THE REASONS

The only sulky plow made with which you can turn either gee or haw equally well, leaving no hard spots, and avoid the necessity of plowing out corners.

It is the lightest draft riding plow made, due to the entire absence of landside friction and the even distribution of the load. The weight of the plow and driver is CARRIED instead of being DRAGGED along.

One share on the No. 11 will outlast four walking plow shares. It holds to the ground at all times, especially in dry weather. May be used with or without tongue. The turning and scouring qualities of the OLIVER PLOW BASES are unequalled.

Right after harvest you will be ready for your plow again. We have sold over 150 of No. 11 Oliver Sulky Plows within the last twelve months and will have what you may need for this Fall. Expecting another carload any day now

CHANGES IN GAME LAW

State Game Warden Reminds Sportsmen of Changes Made by General Assembly.

Messrs. Editors of Kent News

Gentlemen:

I wish to call the attention of the sportsman of Maryland to the new changes in the game laws as enacted by the General Assembly of Maryland, during the session of 1916.

It is unlawful to shoot turtle doves in Maryland, except in Talbot county; squirrels can be shot from August 25th until October 1st, then the season closes, opening again November 10th and closing December 24th. Calvert, Charles, Dorchester, Prince George's St. Mary's and Talbot counties are exempt from this law, and have local laws which effect each county separately.

The open season on quail, pheasant, wild turkey, woodcock, rabbit and ruffed grouse, is November 10th to December 24th; this is State-wide. Shooting and hunting on Sunday is positively prohibited. Water rails or reed bird; rail bird or rice bird, can be shot from September 1st to November 1st.

The new bag limit on quail is 12 in one day, two ruffed grouse in any one day, three English pheasants in any one day, fifty rail birds in any one day, fifty reed birds in any one day, ten rabbits in any one day, ten squirrels in any one day, twelve doves in any one day, six woodcock in any one day, ten jacksnipe, in any one day, twenty-five waterfowl in any one day, (ducks, geese, swan and brant); fifteen yellow legs in any one day, five black-breasted plover in any one day, ten coots (crow bills) and gallinules in all, in any one day, or more than four wild turkeys in any one season, or more than one deer per season. This applies to only open season on game herein enumerated.

It is now unlawful to ship game of any description, except waterfowl, out of Maryland, and game shipped to any point within this State must be conspicuously on outside of same. I have selected a number of good men and appointed as deputy wardens for the State at large.

All deputies have power to make arrest anywhere within the borders of our State. I shall in the future appoint more deputies in the different counties whenever they make application, with the proper endorsement. Anyone desiring to act as deputy will please write the Conservation Commission for blanks, which will be furnished gratis. I shall expect all deputies to rigedly enforce the game laws, and if found not doing so, I shall request their removal at once. It has been custom in certain sections of our State for the public to violate the game laws, thinking it part of their duty to do so. To these parties I say I shall try to have the laws enforced to the best of my ability, with the small means of doing so at my command, and shall prosecute to the full extent of the law. I appeal to all deputies and sportsmen in general to help me, and if I can get their co-operation in giving our game protection, we will see a change for the better in our game condition in Maryland. I fully believe when our general assembly convenes again we will get a paid warden system for the State, and the deputies who have shown they were on the job and have done their duty will be in line to receive a salary for their work. Until we get the license and warden system our game cannot possibly receive the protection which it should.

Sportsmen of Maryland, it is up to you. Start now, and when the candidates are nominated for the session of our General Assembly, insist on them being in accord with progressive game legislation. If every sportsman in Maryland will do his duty and pull together, I have no fear of the result.

E. LEE LeCOMPTE,
State Game Warden.
