Your Coal Supply

The "Buy Coal Now" appeal by the Government last Summer exceeded all plans.

Now that heating season is here, it is the desire of the Government and the Coal Trade that the supply be distributed so all will have Winter Requirements.

If you have no Coal, place your order and allow as much time as possible for delivery, and accept delivery of the available sizes, where there is a temporary shortage of your favorite size.

Consumers who have supplies should co-operate by withholding orders until there is Coal in Every Bin. This is the American Way.
