IF you are a business man, if you are a professional man, if you are employed at a daily wage, make up your mind to deposit weekly a certain sum of money in the bank. You'll be surprised how the sum will grow. Cash in bank gingers up the man who has it there. He has more confidence in himself. The business man is ready for a dull season. He is ready for an opportunity.

So is the professional man. The man who is working for a daily wage and who hasn't any money in bank frequently is fearful of a loss of his situation. He does not work as well or with the confidence in himself as does the man with something laid aside for a rainy day.

Fight Off Cholera

—NOW WITH—

Cal-Sino Hog Restorative

THE PREVENTIVE treatment of Hog Cholera with **Cal-Sino Hog Restorative Powder** is easier, safer and more satisfactory than trying to cure the disease itself *after* it attacks your hogs for all too often sudden violent attacks occur which *leave no time* for treatment and so always cause speedy death.

A warm spell of weather is apt to bring an outbreak of Cholera *at any time.* To insure against loss and *to get the most weight* it pays to give a regular course of **Cal-Sino.** It costs only about 10c to 20c per hog per month, depending upon size, to fortify against disease and to make them fleshier, for **Cal-Sino** helps to get *all* the real body-building flesh-making material out of the food—and that's what counts.

If you once try it, you'll *use it always.* Ask your neighbors and the dealers. Don't put it off—delay may cause you loss.

MR. WILBUR S. JENNINGS, Brownsville, Md., writes:—"We lost 22 out of 26 hogs before we started to use **Cal-Sino Hog Restorative,** and we have the 4 yet. I am quite sure we would have lost them all if we had not fed Cal-Sino; so it just saved us $60 to $70, and it would have saved at least $260.00 for us if we could have had it in time."

Service Difficulties

We aim to give prompt and accurate service, but the best trained and most vigilant organization is not absolutely "error proof." Service difficulties occasionally creep in.

Sometimes the causes are quite beyond our control, and sometimes they are just human errors. You can help us by reporting difficulties at the time they occur.
