HOSIERY

We are, as we have always been headquarters for hose. We have children's hose, the best that money can buy, for 15c per pair, or 2 pairs for 25c. They are hard to tell from the regular 25c a pair quality. We have a special grade of ladies hose, medium weight and great wearers, at 3 pairs for $1.0

CORSETS

The best advertisement on earth that a man can have is a satisfied customer. A lady whoever puts on a pair of Bon Ton or Royal Worcester Corsets is certainly satisfied and comfortable and she tells her friends and neighbors. That's the cause of our immense sale.

GROCERIES

This is the season of the year for parties and when giving one you always want nice things to eat. We have the best at all times. Why pay a high price for second grade goods when you can get the best here.

We use coffee as our leader. We have a special grade of coffee which are selling at 20c a pound and which cannot be duplicated at any other store for less than 25c a pound. Our 28c quality, our customers say, is as good as they are used to paying 35c a pound for. Try a pound, and if not satisfied no charge will be made for it.

Soliciting a trial to convince you am yours for business.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building tonic, free from alcohol or any harmful drugs. Try it.

BE NOT TROUBLED ON ACCOUNT OF WAR

To THE EDITORS:

In reference to the appalling war that is now filling the minds and mouths of the people, it is well to take heed to the timely admonition of our Saviour as found in Matt. 24:6: "And ye shall hear of wars and rumors of wars: see that ye be not troubled.

The same instruction is found in Mark 13:7. What are here called rumors of wars, are mentioned in Luke 21:9 as commotions. "But when ye shall hear of wars and commotions, be not terrified."

That our Lord was referring to our own time is evident from Luke 21:12, in which we are told that the long period of prosecutions, reaching to near the close of the eighteenth century, would take place 'before all these," including of course, the wars already mentioned.

But what is to be the attitude of Christians in reference to the matter ?—"Be not troubed,"—"Be not terrified," or as stated by Matthew, "See that ye be not troubled," as if special emphasis should be placed on this point. And it needs to be more difficult than to remain calm and untroubled when confronted by war? This is one of the human impossibilities to be achieved by the Christian.

When about to leave his disciples in this wicked world, cast as lambs in the midst of wolves, our Lord said to them "Let not your heart be troubled: ye believe in God, believe also in me." John 14:1. It is the mind that knows not God that is overwhelmed with trouble. "The wicked are like the troubled sea, when it cannot rest, whose waters cast up mire and dirt. There is no peace, saith my God to the wicked." Isa. 57: 20,21.

This divine composure was experienced by the sweet singer of Israel when he said: Thoug a host should encamp against me my heart shall not fear, though war should rise against me, in this will I be confident." Psalms 27:3. This was spoken by a man who well knew what war was, for he had seen plenty of it; but war was not his delight. He said: I am for peace: but when I speak, they are for war." Ps. 120:7, 68, and 30.

If we allow our minds to be troubled by this or any other dreadful calamity, we shall be incapacitated for efficient service in God's cause. Hence, "see that ye be not troubled." We may calmly look forward to the end of these belligerent causes for "He maketh wars to cease unto the end of the earth; He breaketh the bow, and cutteth the spear in sunder; He burneth the chariot in the fire. Be still, and know that I am God: I will not be exalted among the heathen, I will be exalted in the earth. The Lord of hosts is with us; the God of Jacob is our refuge." This forty-sixth Psalm, the consolation of Luther, is just as good today as in the strenuous times of the Reformation.

Very sincerely yours

WALTER L. BURGAN,

of the Seventh-Day Adventist Church.

HICK'S FORECAST FOR OCTOBER

A regular storm period is central on the 9th, covering Saturday, the 7th, to Tuesday the 12th. On and about the 10th and 11th these storms will be central over a vast area, stretching up and down the great central valley.

A reactionary storm period is central on the 14th, 15th and 16th. This period finds the moon at greatest declination north on the 15th.

A regular storm period is central on the 20th, reaching over Wednesday, the 18th, to Tuesday 24th. The moon is in apogee and at last quarter on the 18th, and on the celestial equator, going southward on the 23rd We arrive the centre of the Mars equinoctical disturbance on the 21st. The quadrature of the planet Saturn, together with the opposition of the great planet Jupiter, fall within one hour of each other on the 23rd. For all these, and other reasons not enumerated, we conclude that this will prove the most violent and dangerous storm period during this month.

A reactionary storm period is central on the 25th, 26th and 27th. The moon is in conjunction with Sun and Earth on the 26th. Centering on and next to the 26th, therefore, expect a return of decided storm conditions. Rain, wind thunder, merging into snow, and followed by rising barometer and change to much colder, are among the things to expect. The moon will be at extreme south declination on the 26th, which fact will contribute to prolong cold, with the atmospheric tides from the north. Change to warmer will be in sight from westerly direction as we pass out of October.

NEW CORN AND HOG CHOLERA

Hogs often take cholera soon after being put on a ration of new corn, and its use is often condemned on this account. New corn alone is not the cause of hog cholera, but it may be a factor, along with other conditions, that helps weaken the vitality and renders the animal less resistant to disease. In order that new corn may be fed with safety, the animals should be put in a healthy, vigorous condition before time to begin feeding.

When the animals are in a thrifty growing condition, there should be much less danger but the herd should be gotten on full feed gradually. It is well to give them about a stalk of corn per hog the first day, gradually increasing it by one stalk a head every other day so that it is getting two stalks the third day, three stalks the fifth day, and so on until they are on full feed.

This gives the stomach time to adjust itself to the new ration and is a specially good thing to do before turning old hogs into the field to hog down corn. It is less necessary in case of the shoats which are not so likely to overfeed because they do not have the the weight and experience which enables them to break down the stalks very rapidly.—E. R. Spence, in Mo. Cir.

BE SURE TO REGISTER

Persons who are not already on the poll books of Kent county, or those who have moved from one district to another since the last registration, should bear in mind the dates announced this week by the Board of Election Supervisors. The first day will be Tuesday, Oct. 3rd, and the second just one week later. These are the only two days when Democrats will have the opportunity to register. It is, therefor, important that all have their names placed on the books. Unless this is done those otherwise eligible to participate will have no vote in the approaching Presidential, Senatorial, and Congressional election.
