Slip a few Prince Albert smokes into your system!

You've heard many an earful about the Prince Albert patented process that *cuts out* bite and parch and lets you smoke your fill without a comeback! Stake your bank roll that it proves out every hour of the day. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

There's sport smoking a pipe or rolling your own, but *you know* that you've got to have the right tobacco! We tell you Prince Albert will bang the doors wide open for you to come in on a good time firing up every little so often, *without a regret!* You'll feel like your smoke past has been wasted and will be sorry you cannot back up for a fresh start.

You swing on this say-so like it was a tip to a thousand-dollar bill! It's worth that in happiness and contentment to you, to every man who knows what *can* be gotten out of a chummy jimmy pipe or a makin's cigarette with Prince Albert for "packing"!

This is the reverse side of the tidy red tin

THE Prince Albert tidy red tin, and in fact, every Prince Albert package, has a real message-to-you on its reverse side. You'll read:—"Process Patented July 30th, 1907." That means that the United States Government has granted a patent on the process by which Prince Albert is made. *And by which tongue bite and throat parch are cut out!* Everywhere tobacco is sold you'll find Prince Albert awaiting you in toppy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors and in that clever crystal-glass humidor, with sponge-moistener top, that keeps the tobacco in such fine condition—always!

HEAVY FIRE LOSSES

According to the records kept by the New York Journal of Commerce, the fire loss in the United States and Canada in August last was $10,745,000. This is about $700,000 more than in the same month last year and about $1,000,000 less than in August, 1914. It brings the total for the first eight months of this year up to $159,535,220, which is $48,000,000 more than for the same period last year and about $3,000,000 less than in the first eight months of 1914. It is apparent, therefore, that the fire loss for the current year will run well over $200,000,000. It is to be hoped, however, that the losses in the remaining months of this year will be so relatively light that the aggregate for the year will not reach the heavy loss of two years ago.

MRS. MARY D. CECIL, of Baltimore, well-known in Chestertown as Miss Molly Downes, a former teacher here, was awarded a verdict of $15,000 damages last week by a jury in the Superior Court. These damages were against Hochschild, Kohn & Co., for injuries received in a revolving door. Messrs. Gill & Barroll were the attorneys for plaintiff.

Maxwell Service SERVES

Maxwell has put a real meaning into the word "Service."

Simply by requiring every Maxwell dealer to carry a full supply of Maxwell parts—so that he can replace any damaged or worn part at once, without waiting for parts to be shipped from the factory.

If you are a Maxwell owner your car will always be in running order because our dealer—any Maxwell dealer—can give you real and immediate service. If he couldn't, he wouldn't be a Maxwell dealer.

Not more than one or two automobile builders in the country can give you service that *compares* with Maxwell Service.

This is a vital point. Investigate it fully before buying your car.

Roadster $580; Touring Car $595; Cabriolet $865; Town Car $915; Sedan $985. Fully equipped, including electric starter and lights. All prices f. o. b. Detroit.

IF you are a business man, if you are a professional man, if you are employed at a daily wage, make up your mind to deposit weekly a certain sum of money in the bank. You'll be surprised how the sum will grow. Cash in bank gingers up the man who has it there. He has more confidence in himself. The business man is ready for a dull season. He is ready for an opportunity.

So is the professional man. The man who is working for a daily wage and who hasn't any money in bank frequently is fearful of a loss of his situation. He does not work as well or with the confidence in himself as does the man with something laid aside for a rainy day.
