DEMOCRATIC TICKET

For President:
WOODROW WILSON.

For Vice-Pressdent:
THOMAS R. MARSHALL.

For United States Senator:
DAVID J. LEWIS,
Of Allegany.

For House of Representatives:
JESSE D. PRICE,
Of Wicomico.

NEXT Tuesday is election day.

IF men vote as they affiliate Old Kent should give 500 majority for Wilson, Lewis and Price. Show your colors. Democrats have 718 majority on affiliation.

WHEAT is soaring around $2 per bushel while corn is up to $1. Eggs in Pittsburg are worth $1 per dozen while guineas in Kent bring 75 cents each! Who says these are not boom times for the farmer?

IN Baltimore city, Washington, Frederick, Carroll and Baltimore counties and other wet sections of the State the ballot Tuesday will decide whether they are to remain wet or become dry. Kent county has found prohibition a great boon to business, as well as to morals, and we hope soon to see Maryland a dry State.

Go to the polls early Tuesday and cast your ballot for Woodrow Wilson—a single mark in the box to the right of the names "Wilson and Marshall" will do the trick. Then make your mark for David J. Lewis and Jesse D. Price and you will have completed the Democratic ticket. Make these three marks and you will have done a good day's work for your Nation, your State, your county, and for yourself.

THE man who has hitherto accepted the Anti-Prohibition argument that Baltimore needs the money received from the saloons will find food for thought in the cold fact that it costs Baltimore $20,000 more to REGULATE THE SALOONS AND CONTROL THEIR OUTPUT OF POVERTY, CRIME AND INSANITY, than the City gets for license fees and other taxes on saloons. Instead of the saloon helping to support municipal improvements, it actually takes $20,000 a year AWAY FROM THEM!

THE proposed Budget plan of handling the State's financial matters offers the opportunity for a great step forward in governmental management, and will avoid any repetition of past mistakes of legislative appropriations in excess of revenues. It will put the handling of the State's finances on a better business basis than ever before. There is no question of politics in the measure. It is a business proposition and every one should vote for the amendment.

THE Literary Club, of Chestertown, have engaged W. H. Stayton, Esq., of the Navy League, Washington, D. C., to deliver an address in the auditorium of the Grammar school next Monday evening, Nov. 6, at 8.30 o'clock. His theme will be "Preparedness." Admission free.

WOODROW WILSON

President of the United States

"HE HAS KEPT US OUT OF WAR"

This is the face of a man strong, courageous, patient and kindly, a man—

Always alert to the aspirations of his fellow-man and sympathetic toward their fulfillment;

Never complacent toward the encroachments of privilege nor tolerant of social wrong;

Always seeking to enhance the dignity of labor and better the state of the toiler;

Never lending an ear to the sophistry of exploitation or the blandishments of expediency;

Always patient to hear and weigh, to appraise and analyze, and passionate to find the way of right;

Never premature in purpose nor prejudiced in judgment, and never headlong in decision—

Such is WOODROW WILSON.

THE NEW TRUST.

It is all over but the voting—and then, Wilson for Four Years More! Four years more of peace and prosperity while the wheels of the nation drive on toward our destined goal—World Leadership!

That is to be our destiny.

Nothing can stop it but a return to the reactionary party which for forty years saved its bosses' bacon while the people, the great American people, struggled onward toward individual and collective freedom.

Yes, the nation came into its own not because but in spite of the Republican Party. It was the American people who cleared the forests, drained the swamps, blazed the trails, opened the mines, dug the coal and the gold, made the prairies into wheat and corn fields, and fenced in the great plains for cattle.

The American people, sprung from the loins of men who dared and women who toiled, have laid the foundation of the greatest Republic known to history, and raised thereon the fairest flower of civilization in all the world.

All this has been done despite the handicap of Political Bosses and the usurious toll of Predatory Interests.

While the Pioneer grew into the Settler and the Settler became the Farmer and yellowed the vast plains with the bearded grain and browned them with the russet corn—

While barefooted children trudged down the shady lane or over the long hill to the little red school house to read of the wisdom of their Benjamin Franklin, the patriotism of their Patrick Henry, the ingenuity of their Robert Fulton, Eli Whitney, and Robert Hoe, the democracy of their Jefferson, of the only Washington who Fathered his country, of the immortal Lincoln who saved, and whose spirit will forever unite the nation—

While these little children around the old stove sang "My Country, 'tis of Thee, Sweet Land of Liberty"—

While these same little children at night at their mother's knee learned to bow their heads to their God who had given them birth in the Land of the Free and the Home of the Brave—

While simple men sweated and toiled on and loved their work and their home and their country—

While sweet faced mothers delved in toil and span strong men to do the nation's work:

Greed crept forth clad in frock coats and a well distended skin and an oily tongue, and slowly, surely, insidiously gathered up the fruits of the sweat and the harvest of the fields, orchards and mines, and by special privilege, by fraud, by bribe, by graft, by trickery, by knavery, by treachery, yes, and by treason, caused themselves to become the richest clique known in the world's history.

The core of this clique is the permanent inner ring, the Invisible Government of the Republican Party.

This clique, disagreeing on a candidate four years ago, fell out, and the American people came back into their own under the leadership of Woodrow Wilson, who has held inviolably sacred that trust thus put into his hands by Fate. And by the grace of God the American People propose to go on with that tried, true, great man who trusts them because he knows they trust him.

Woodrow Wilson is a new Trust in America—greater than all others—greater because he stands for no Trust, is backed by no Trust, and is the candidate of no Trust, but is the trust of the whole American people, who love him because he has kept them out of war, honor him for his courageous Christian humanity, and thank him for his broad statesmanship and his fearless, intelligent leadership.

By his deeds and by his acts, as well as by the enemies he has made, his place in the roll of American honor is secure—Washington, Lincoln, Wilson.

Woodrow Wilson deserves the vote of every man and every woman in every state in the Union.
