Soldiers' Wives and Post-War Married Life

A psychologist offers some mighty sensible advice to husbands and wives separated by war. He believes "lack of tolerance" rather than loss of affection is most likely to cause post-war marriage difficulties.

The wife has built wonderful pictures of how perfect life will be when her husband gets back. And he dreams of evenings with her by the fire with a glass of beer, friendly conversation, and no problems or worries.

Of course, it isn't true that just getting back together will make life perfect. There'll be the same domestic problems, the same complications and adjustments, as always.

That's where tolerance is going to be mighty important. Tolerance for a husband who spills ashes on the carpet sometimes. Tolerance for a wife who spends a little too much money for a funny-looking hat. Yes, tolerance is a mighty good foundation for any marriage.

Tomorrow..Cook a Whole Meal in 2½ Minutes by Electronics

Imagine coming home from a busy day, pressing a button and having a *9 pound roast* perfectly cooked in less than 5 minutes.

Step into your postwar kitchen, madam, and look around. Notice how your kitchen of tomorrow has been streamlined for compactness, utility and beauty. Notice particularly that handsome, gleaming object over against the glass brick wall. Look at it carefully—it's going to save you a lot of time in the future. That object, madam, is *your electronic oven!*

An entire meal, from soup to dessert, perfectly cooked in 2½ minutes! A huge 9-pound roast, which normally takes hours, done to a turn in less than 5 minutes! And because it cooks faster, fewer of the vital juices and vitamins are lost in the cooking!

Imagine what this means to you! You'll come home from a club meeting or an afternoon of bridge; in the twinkling of an eye — your complete dinner can be cooked and ready for the table. Think how much more time this electronic oven will save you — and allow you to enjoy the many other advantages that will be yours in the world of tomorrow!

One thing, however, you can depend on to be constant in the changing world—the matchless flavor of Gunther's Premium Dry Beer. That doesn't mean, however, that Gunther's is standing still. Gunther's, too, is marching ahead, searching, probing, always seeking better ways and better methods—always ready to take advantage of any discovery or improvement—now and in the days of peace to come. Then, as now—you'll find Gunther's *still* the best beer you ever tasted—the finest that can be brewed regardless of price!

ORDER OF PUBLICATION

Elsie Elmer Wood
vs.
John R. Wood

In the Circuit Court for Kent County, Maryland, In Equity No. 3400

The object of the Bill filed in the above entitled case is to procure a Decree for divorce a vinculo matrimonii for the Plaintiff from the Defendant.

The Bill states:

1. That on the 22nd day of August 1918 she was married to her husband, John R. Wood, with whom she resided in Kent County, Maryland, until sometime during the year 1920.

2. That, though the conduct of your Oratrix towards her husband, the said John R. Wood has always been kind, affectionate and above reproach, the said John R. Wood has, without any just cause or reason, abandoned and desserted her, and has declared his intention to live with her no longer, and that such abandonment has continued uninterruptedly for at least twenty-three years, when he left and desserted her in the year 1920. She discovered that he had gone to his brothers' in Wilmington, Delaware and then left there and enlisted in the Regular Army of the United States and sometime during the year 1921 she met him on the streets of Chesertown and he told her he had left her for good and was never coming back to her. She has never seen him since, and on March 2, 1921 she received a letter from a Lieutenant in the United States Army stationed at Camp Meade, that he was writing for her husband and he advised that her husband had started divorce proceedings. Later she tried to locate her husband at Camp Meade but she understood that he had gone out of the State and she has never heard of him since. That said separation of the parties is deliberate and final and beyond any reasonable expectation of reconciliation.

3. That your Oratrix has resided in Kent County, State of Maryland, for at least two years next preceeding filing the within Bill.

4. That your Oratrix has never known that the said John R. Wood has ever returned to the State of Maryland since he left Camp Meade and went out of the State, therefore to the best of her knowledge and belief he is a non resident of this State.

5. That your Oratrix, and the said defendant, John R. Wood have had no children born to them from said marriage.

It is thereupon, this 12th day of April 1944, ordered by the Circuit Court for Kent County, in Equity, that the Plaintiff, by causing a copy of this order to be inserted in some newspaper published in said Kent County, once in each of four successive weeks before the 6th day of May next, give notice to the said John R. Wood, non-resident defendant, warning him to appear in this Court in person, or by Solicitor, on or before the 22nd day of May next, to show cause if any he has, why a Decree ought not to be passed as prayed.

For Nomination To 79th Congress

Calvert C. Merriken

A Democrat should be elected to Congress in November. The Democratic Candidate best able to beat Senator Davis should be nominated. If Senaor Davis is elected it will be the Independent Democratic voter that will do it. Senator Davis knows that. He knows that he must get the Independent Democraic voter in order to win; so witness his numerous speeches in Churches from Pocomoke City to Elkton. You add that up for yourself. On May 1st the Democratic voters will decide who is their Candidate best able to defeat Senator Davis. Here follows some of Merriken's qualifications and factors of strength, viz:—

1. Twenty-eight years a practising Lawyer of Maryland. Best known through the Second Judicial Circuit.

2. An ex-farmer, a member of the Farm Bureau. His family have been residents and extensive landowners of Carolina County for more than one hundred years.

3. A University Graduate.

4. Taught School for eight years in the Public Schools of Maryland.

5. A veteran of World War I. First Commander of Caroline Post Past Vice-Commander of the North Eastern Shore District. Knows the needs of the War Veteran and his dependent and expects to continue to give greatly of his time to minister to the Veteran, colored and white, and his dependent. All veterans both colored and white and their friends know that.

6. Twenty consecutive years President of the Denton Chamber of Commerce. A self-made, practical business man, identified with the growth of several prosperous Corporations and Denton.

7. A member of the House of Delegates from Caroline County. Is experienced as a lawmaker. Not a stranger at Washington. Ask your own Senator or Delegate for his record at Annapolis.

8. Younger than either Mr. Ward or Mr. Roe. This is a young man's fight. The man that beats Senator Davis must have the personal physical endurance to make a thorough and individual canvass of the voters of the nine Counties before the November election. It is personal appeal by the Candidate himself added to what the party workers do that will save this election to the Democratic party. I respectfully suggest that neither Mr. Roe nor Mr. Ward is physically able to do that job. Merriken has got the time, the physical endurance, the **know how** of approach and the courage to get that job done.

9. Unless Caroline, Dorchester and Talbot Counties are taken from Senator Davis it is extremely unlikely that he can be beaten. With the combined and all-out aid of all factions Merriken can take those Counties. Merriken is the only Candidate with no past factional alignment to prevent the party from going all-out to the support of the Candidate in November. Between May and November it is Merriken who can and will meet and | or match Senator Davis with anything and everything he can produce, all the while following the guidance of the party steering Committee; such assistance by the Candidate to the all-out party effort should produce a Democratic victory. All voters are urged to go to the polls and vote, all excuses aside. Merriken is the man who can make the best run against Senator Davis. Vote for Merriken.
