DEMOCRATIC TICKET

For Representative in the 66th Congress
JESSE D. PRICE
of Wicomico County
ELECTION TUESDAY, NOVEMBER 5

LET'S REASON TOGETHER

Next Tuesday is election day and the duty of every voter to come out and vote. Democratic victory throughout the State would mean greater aid to President Wilson in still further promoting a successful administration and the same support should be given him by electing a Congress controlled by his own party as was given President McKinley when confronted with the problems of the Spanish-American war. In this connection former President Benjamin Harrison (Republican) pleaded for the election of a Republican Congress to support McKinley. He is quoted in the Philadelphia North American of November 1, 1898, as saying:

"If the word goes forth that the people of the United States are standing solidly behind the President, the task of the Peace Commissioners will be easy, but if there is a break in the ranks—if the Democrats score a telling victory, if Democratic Senators, Congressmen, and Governors are elected—Spain will see in it a gleam of hope, she will take fresh hope, and a renewal of hostilities, more war, may be necessary to secure more war, may be necessary to secure to us what we have already won."

If then—why not now?

In the official life of Hon. Jesse D. Price during his service in Congress three features stand out most prominently—his fidelity to the war policies of the nation and to President Wilson, their chief exponent; his loyalty to the special interests of his constituents in this Congressional district, and his forceful advocacy of and successful maintainance and protection of those policies and interests. He has been constant in his attendance on the sessions of Congress, his committee work, and consultations with the bureaus and departments of the National Government, and while untiring in his efforts in behalf of his immediate constituents, he labored vigorously and successfully in that broader field of the nation's welfare and protection.

Fully aware of the seriousness of the situation regarding farm labor, as relative to the draft, he has during the past months urged this danger to our ability to produce to the War Department officials, and for a time he succeeded in having farmers put at the bottom of the list in class 1 in the call, and while since the enlargement of the military program they have been taking more farmers than heretofore, he is being assured by those officials that it is not the purpose of the Department to deplete the farms of labor, and that few, if any, of essential farm workers will be called in the present draft.

We all remember the danger that threatened the farmers and canners of the country, and this section in particular, during the early part of the year, when the prices of tomatoes were being discussed and determined upon by the Government. Aroused by the great injustice and injury about to be done unwittingly by the authorities, he took up the matter with them in his usually vigorous and effective manner, and by his forcible and intelligent presentation of the facts he marshaled the contemplated action by them was rescinded and the price of tomatoes was so fixed that the farmers received $30 per ton rather than the contemplated price of $21. Such was his energetic and effective work that he received the compliments of the authorities and the praise of his associates and constituents.

KENT NEWS $1 PER YEAR IN ADVANCE.

Appeal From the Democratic State Central Committee to the Democratic Voters of Kent County.

Fellow Democrats:—

This Nation stands today facing the most momentous period of its history. For years, the world has been in the midst of the greatest struggle for the maintainance of universal freedom of the people through which the Nations of the earth have ever passed and in the midst of this great struggle, President Wilson has stood out the formost figure as the leader of Democracy as opposed to the autocracy of the central powers. It has been a struggle of giants, and the people of the whole world and especially of the United States have been fortunate in having such a champion as President Wilson, in the White House at such a trying period of our Nation's history. During all these turbulent and stirring times the President has had at his back a united Democratic Party composed of men of brains and ability, who have stood as a stone wall against everything which did not tend to aid the President in bringing about his plans for a world-wide peace and the formation of a league of Nations which would stand for ever and ever against the tyranny of the military powers of the Central Empire.

Among these men who have been at the right hand of the President during this critical period, has been the Hon. Jesse D. Price, Democratic Congressman from ahe First Congressional District, who has never faltered for a single instant in his loyal and faithful support of the President and all the policies for which Mr. Wilson has stood so earnestly. Throwing aside all thought of personal or political advancement, Congressman Price has given his most loyal support to all the policies of President Wilson, and his record as Congressman from the First District has been one of which every Democrat from Cecil to Worcester can well be proud.

He has been a most faithful public servant,and his party has again honored him by renominating him for another term in Congress without opposition, and on the 5th of November, the Democratic voters of the First Congressional District will be called upon to assemble at the polls and show by their action whether or not they are still supporting President Wilson and are faithful to the great cause of Liberty for which the President and our Congressman both stand.

During his service in Congress, Mr. Price has stood loyally for every measure which meant the full support of our boys in the army, at home and abroad, and his loyalty to the young men of our own blood and bone should be sufficient to endear him to the hearts of not only the Democrats but also of the Republicans of the First Congressional District who should feel it an honor to go to the polls on November 5th, and vote for the return of Mr. Price to the 66th Congress of the United States so that he may continue to help uphold the hands of our President and lend his aid and experience in passing on the momentous questions which will continue to arise day by day until the world is once more at peace. If any Congressman demonstrated that he believes that public office is a public trust, that is our present Congressman, the Hon. Jesse D. Price, whose record being as clean as a hound's tooth, is an honor not only to his native county, but to the State and to the Nation as well.

Therefore, as the governing body of the Democratic Party of Kent County, we, the State Central Committee issue this clarion call to the Democratic voters of Kent and the other counties of the First Congressional District to organize themselves into a solid fighting body to see that every Democrat goes to the polls on November 5th, and does his full duty in supporting President Wilson by voting for the re-election of the Hon. Jesse D. Price. We believe that in no other way can the Democrats or for that matter, can the citizens of the First Congressional District reward a worthy public servant or our fellow citizens of Kent County show their full appreciation of the faithful work done by one of our own sons, than by performing this great civic duty.

Congressman Price is in Washington attending to his official duties and is not running over the country seeking personal votes, therefore, as the governing body of the Democratic Party of Kent County we appeal to all Democrats to take a personal interest in this campaign, and while our Congressman is standing by the President in performing his public duties in the Capitol, let us give our time and means to promote his campaign at home by a personal solicitation among the voters of every district of the county urging them to come to the polls on the 5th of November and cast their vote for the re-election of Congressman Price and the further strengthening of the hands of President Wilson by insuring him a Democratic Congress to support him during the remainder of his administration.

Because of the great epidemic which has swept over this community, it will be inadvisable to hold public political meetings and because of the omission of these local gatherings, it is more important that every Democrat should consider himself a committee of one to do something towards making this a successful campaign for the re-election of a Democrat to Congress, and we again appeal to you one and all to let nothing remain undone in your respective localities which will tend to aid in the triumphant election of the Hon. Jesse D. Price on Tuesday, November 5th.

Yours for Success,

ROBERT MOFFETT, Chairman,
A. LINWOOD BEASTON,
A. CARROLL WILLSON,
Democratic State Central Committee for Kent County.
