In Memoriam

In loving memory of husband, and father,
Lewis George
who departed this life six years ago, February 26, 1939.

None know when we are lonely
None care when we are blue
But Oh, What a comfort
When we think dear Dad of you

Though your smiles are gone forever
And your hands we cannot touch
We never shall lose the memory
Of the one we loved so much.

They say time mends a broken heart
But we're sure it isn't true
For six long years dear daddy
Our hearts have ached for you.

Its sweet to know we'll meet again
Where partings are no more
And that the one we loved so much,
Has only gone before.

His thoughts were all so full of us
He never could forget
And so we think that where he is
He must be watching yet.

In Memoriam

In memory of our dear husband and father,
John Ward
who departed this life Feb. 23, 1923.
Gone But Not Forgotten

Twenty-two years ago today
You left our loving care,
But Oh the joy of knowing
We shall meet again up there.

In that Sweet Bye and Bye
We shall meet on that Beautiful Shore
In that Sweet Bye and Bye
We shall meet on that Beautiful Shore

Howard S. Leaverton, Chairman of the Kent County ACA reminds Kent County producers that February 28 is final date for making application for dairy feed payment based on November and December milk production and sales. Those who have not, to date, made application for this payment should apply for it at once at the AAA office.

Dairy production payment rates have been announced through December 1945, third and fourth quarter payment subject to Congressional action. Maryland rates for milk—second quarter, 35 cents. Third quarter, 45 cents; fourth yearter, seventy cents; butter fat rates ten cents for second and third quarters, sixteen cents for fourth quarter.

NINE VEHICLES PILE UP ON HAVRE DE GRACE BRIDGE

Havre de Grace — Nine trucks, buses and passenger cars were involved in an early morning accident last Wednesday, February 14th on this end of the Havre de Grace-Perryville toll bridge, resulting in injuries to several persons and considerable damage to the vehicles.

The bridge was covered with a thin coating of ice and a State Roads cinder truck, manned by several workmen, was engaged in correcting the condition when an Associated Transport Company truck, Charlotte, N. C., crashed into the cinder truck. Mr. Russell Gallion, operator of the State truck, suffered a slight concussion of the brain. Other trucks, buses and cars piled into these making a total of nine altogether.

HERRING PACKING TO BE OMMITTED

Elkton—George T. Harrison, president of the Tilghman Fish Packing Company of Tilghman, Md., which has operated at the mouth of the Susquehanna River for a number of years past, has given notice to fishermen in the upper Chesapeake Bay, that it will not carry on its usual operations during the coming spring, due to the shortage of labor.

The company, each year packed thousands of barrels of herring and herring roe.

Several large operators of pound nets in the upper bay have also announced that they will also cut down their operations due to the labor shortage.

Fuel Oil Users Ask:

"What is a Degree Day?"

A Degree Day is one 24-hour period during which the mean temperature is 1 degree below 65. For example, if the day showed 55 degree mean temperature, it accounted for 10 degree days . . . In this area, a normal heating season has about 4,500 degree days, but the current heating season—up to February 15th—is already about 200 degree days colder than normal. . . . So use extra care in conserving your fuel oil as the OPA warns against counting on additional rations . . . Period 1, 2, 3 and 4 coupons are good until August 31st. Period 5 coupon becomes valid March 1st.

PULPWOOD CUTTERS GIVEN TOP 'WAR WORKER' DEFERMENT IN DRAFT

WASHINGTON, Jan. 16.—The War Manpower Commission today issued a revised list of *critical* occupations for which Selective Service Boards may grant draft deferment. This new list raises *"the cutting of pulpwood"* as well as the *"production of pulp made from pulpwood and other substances"* from a merely "essential" to a "critical" rating.

WHAT THIS MEANS TO PULPWOOD CUTTERS

- If you are of draft age (26 or over) you may be deferred until all available men in both "essential" and non-essential occupations are inducted.
- If you are now cutting pulpwood and have been deferred, *stick to your job full-time.*
- If you are now in a merely "essential" occupation and want to get into "critical" pulpwood production, *do so at once.* Then apply to your draft board for deferment.
