Protect Your Feet and Legs With Sturdy Comfortable Rubber Boots

When you're afloat in all sorts of weather, it's sound sense to give your feet and legs the best protection possible.

U. S. "Protected" rubber boots provide exactly that. They keep your feet and legs warm, dry and comfortable under the hardest conditions. They're specially designed for heavy service aboard ship or on dock.

Fishermen need these rugged, double-duty rubber boots, just like the boys did in the navy. The Government probably used more U. S. "Protected" rubber boots during the war than of all other makes combined.

There's economy as well as reliability in U. S. "Protected" rubber boots. Reinforced where the wear is greatest, they stand the gaff of hard usage. Longer wear means money saved.

Your dealer has exactly the kind of "U. S." you want, or can get it quickly. Remember, every pair bears the "U. S. Seal"—trade mark of the largest rubber manufacturer in the world. Look for this seal. It means protection for your feet, health and pocketbook.

Velvet

THE SMOOTHEST SMOKING TOBACCO

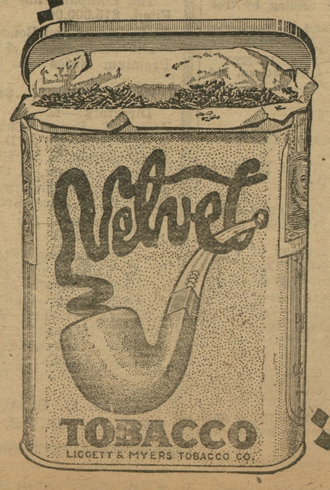
Smoke over your problems. A little drawin' on a fren'ly pipe often saves a heap of drawin' on a bank account.

Velvet Joe

Velvet is a friendly tobacco in the truest sense, because, like friendship, it has been allowed to ripen *naturally*—nothing *forced* or *unnatural.*

There are "hurry up" ways with tobacco but only patient *ageing* (two years in wooden hogsheads) can bring out the mellowness that sets Velvet apart.

Roll a Velvet Cigarette
Velvet's nature-aged mildness and smoothness make it just right for cigarettes.



You know what mellowness is—now think of a good friend who is never harsh to you.

There you have the *big thing* about Velvet—
mellow friendliness.

You and Velvet—begin your friendship today.
