The Social Wanderer

Dear Roamer

"Welcome sweet Springtime, we greet Thee with song; murmurs of gladness fill all the air."

The verity of the old adage, "In the Spring—a young man's fancy"—you know the rest—well let's glance at a proof of the pudding. First two weddings and then an announcement of an engagement.

Ensign Ellen Roberta Logan, N. C., U.S.N.R., daughter of Mr. and Mrs. Robert M. Logan of Millington and Lieutenant James Arthur Howard, son of Mr. and Mrs. Harry E. Howard of Norfolk, Va., were married Saturday evening, March 10th at 7 o'clock in a candlelight ceremony in the Protestant Episcopal Church of the Ascension, Norfolk, Va. The rector, Rev. John Ward, read the service. The altar of the church was arranged with white gladiolus and lighted candles.

The bride, who was unattended, was given in marriage by her cousin, Mr. Peregrine Wroth Ruth, of Norfolk. She wore a wedding gown of white faille trimmed in antique lace, made peplum style with a small train. Her veil of blush illusion was arranged from a Juliet cap. She carried a bridal prayer book with ribbon streamers, a gift of the bride's godmother, Miss Clara H. Bryan, of Millington. The book was topped with a white orchid.

Mr. Harry E. Howard, Jr., was best man for his brother.

Following the ceremony a reception was held at the home of Lieut. Howard's uncle and aunt, Mr. and Mrs. George Taylor in Lakewood.

After a wedding trip to Williamsburg, Va., Lieut. Howard and his bride will reside at 2633 15th St. N. W., Washington, D. C., where he is stationed at the Naval Receiving Station. Mrs. Howard will continue her work at the Naval Hospital, Bethesda, Md.

Out of town guests were entertained by the groom's sister and brother-in-law, Mr. and Mrs. R. E. Casey of Blake Rd. They included the bride's mother, Mrs. Robert M. Logan of Millington, Miss Betty Brown of Baltimore, Ensign Irene Martin and Ensign Nancy Gilley of Portsmouth, Va., former classmates of the bride.

The other wedding was performed at St. James Church, on Thursday, March 15, when Miss Miriam Ruth Welch, daughter of Mr. and Mrs. Frank Welch, of Worton, became the bride of Mr. Robert King Loughry, son of Mr. and Mrs. Hugh K. Loughry of Oakland, Md.

And down at Rigs O' Marlow, Cupid continues his merry way. Mr. and Mrs. John A. Lander, of Ojai, California, announce the engagement of their daughter, Phyllis Lorraine to Mr. Donald Hartley Kellogg-Smith son of Mr. and Mrs. J. Kellogg-Smith of Rigs O' Marlow, of Chestertown.

Miss Lander is Secretary of the Ojai Valley School, while Mr. Kellogg-Smith is in the Merchant Marines.

In trend with felicitations come two more announcements:

Major and Mrs. Charles Root Fitch are receiving congratulation upon the arrival of a daughter, Laurie Lee Fitch, born on March 13 at the St. Cloud Hospital, St. Cloud, Minnesota.

Major Fitch, who is a pilot in the Army Air Force was stationed at the Stuttgart Army Air Field, where he and Mrs. Fitch lived until his recent assignment to the South Pacific. He is the son of Commander Francis Ellery Fitch, Norfolk Naval Air Station and Mrs. Mary Ahern Fitch, formerly of Kent County and spent part of his boyhood in Chestertown. His grandparents were the late Mrs. Ahern, and Mr. John P. Ahern former president of the Millington Bank, Democratic politician and lumberman.

Mr. and Mrs. Robert Cunningham, of Kentmore Park, are receiving congratulations upon the birth of a son born on Tuesday, at the Wilmington Hospital. Mrs. Cunningham, until recently, was secretary for Dr. A. F. Whitsitt.

At an impressive ceremony, last Friday evening at the Union Memorial Hospital, Baltimore, thirty-seven student nurses received their caps, among whom, was Miss Betty Blackway, daughter of Mrs. Ida Blackway of Chestertown. Those who attended from here were: Mrs. Blackway, Mrs. Lula Pennington and Miss Nancy Humphreys. Miss Blackway returned with them for the week-end in Chestertown.

Other out-of-town guests here last week-end were Mrs. Jack Howard, sister of Dr. A. F. Whitsitt, from Odessa, Missouri, Ensign and Mrs. Joseph Powell, III enroute to Miami, Fla., and Mr. Roger Bumgarner, a medical student at Bucknell University, all of whom were guests of Dr. and Mrs. A. F. Whitsitt.

Mr. James Bright, of Baltimore, was also among the out-of-town visitors in Chestertown.

Miss Inez Noble of Haddon Heights N. J., was a guest of her sister, Mrs. James A. Reidy, last week-end.

Mrs. John Eliason, accompanied by her mother, Mrs. Jesse Coop. of Alexandria, Va., are visiting relatives in Lexington, Kentucky.

Mrs. James Chapman, III, left this week for Portland, Maine, where she will visit Mrs. John Vickery, who has frequently vistied Mrs. Chapman in Chestertown. Lieut. Chapman is undergoing treatment at the U. S. Naval Hospital in New York. She will join him in N. Y. at the termination of her visit.

President and Mrs. Gilbert W. Mead are spending the week-end in Orange, N. J., as guests of Mrs. Clarence Hodson who will go with them to the New York Washington College Alumni Dinner to-night, Friday.

Miss Dorothy Spencer, who has returned to Kent County after spending the winter months in New Orleans, La., is a guest of Mrs. Edward A. Hurd, at the "Reward Farm" before returning to her home, Maiden Lot, where she has been living for the past two years. In the Fall, Miss Spencer will occupy her newly purchased estate in nearby Queen Anne's. Mrs. Hurd returned on Monday from Devon, Pa., where she spent the week-end with her sister-in-law, Mrs. Alan Crawford.

Miss Elizabeth Brown, accompanied by Miss Betty White, both of whom are members of the faculty of Garrison Forest School will spend this week-end as guests of Mrs. H. Clay Brown.

Miss Jane Brooks, a student at Southern Seminary, Buena Vista, Va., spent a long week-end here as a guest of her parents, Mr. and Mrs. P. Medford Brooks, remaining over until Wednesday.

Other students, however, more fortunate to have the annual Spring vacation and who are now home include Louis Harris from Hill School, Pottstown, Pa., Peggy Metcalfe from Stuart Hall, Charles Weaver from Virginia Episcopal School, Lynchburg, Va., Mackey Metcalfe from Hannah More Academy, Albert Lieber and Bill Wilmer coming next week from McDonogh, and Jerry Kibler, also next week from St. Margaret's in Tappahannock, Va.

Mrs. Alton Dudderar was hostess Wednesday evening at a dessert-bridge at the home of her parents, Mr. and Mrs. Rodger Harris in Quaker Neck.

Mrs. Richard F. Welton. III, returned to Chestertown Wednesday, after three weeks in California where she joined Lieut. Welton. Before her return East, she visited relatives in Los Angeles.

Mrs. J. Thomas Kibler will arrive Monday to spend a week in Chestertown before returning to her present home in Blackstone, Va.

Miss Martha Speicher will leave next week for Alexandria, Va., where she will visit her brother-in-law and sister, Capt. and Mrs. William Buckingham over the Easter holidays.

Mrs. J. Kennard Aldridge will spend the Easter holidays in Frederick, Md., where she will visit Miss Helen Jane Woodley. Miss Woodley formerly was a supervisor in the Public Schools of Kent County.

Mrs. M. S. Ingram and son, Scott, left Wednesday afternoon to join her husband at Camp Shelby, Miss. Mrs. Ingram has been with her mother, Mrs. Naomi Russell, for the past several months.

Mr. Ringgold Strong, who has been a patient at the University Hospital in Batlimore, for several weeks returned to his home here, Wednesday.

Mrs. Harry H. Deringer and little daughter, Mary, who have been in Florida since early February, will return to their home here on Monday.

Miss Ada B. Fox spent last week visiting friends in Frederica, Del.

The Pan Hellenic dance held at Washington College last Saturday evening, in the gymnasium, attracted a number of former college students, from far and wide. This formal dance, which is one of the highlights of the year, socially speaking, went off in grand style, the decorations of the hall being extremely in keeping with the theme of the times—red, white and blue, and were done in most artistic fashion.

Lieut. (j.g.) Rumsey Anthony U. S. N., now stationed in Washington, D. C., spent last week-end here visiting his parents, Mr. and Mrs. E. R. Anthony.

Draws nigh, Palm Sunday, which is the entrance to the last week of the Lenten season. Here we pause, even longer, to ponder the approach of Easter and its meaning. For that consideration, may the joys in your hearts be increased and your sorrows lessened.

Yours in regard,

The Wanderer

COMFORT

(By Mrs. Clyde Robe Meredith)

Why do men war and kill their neighbors?
Soil their lives with unholy labors?
Know they not the world was made for each
To live upon? Men, through their lives, teach
Transgressors' ways are exceeding sad . . .
And hard, making their minds to grow mad
With fear and trembling . . . disquietude . . .
And all decency of attitude!
Why do men thus persist in doing
Things that exist but for their rueing?
Why cannot men be loving, giving?
Help life to become worth the living?
God, give us such high ideals that show
The unholy real must forever go!

—V—

KENNEDYVILLE

Prof. Harry Rasin and family of Millington visited his parents and sister on Sunday.

Mr. and Mrs. Frank Coleman and Mr. and Mrs. Earl Nickerson visited relatives in Rock Hall on Sunday.

The Womans Society was entertained at the home of Mrs. Earl Nickerson on Friday evening.

Mrs. George Kennedy entertained the Womans Club on Thursday afternoon at her home.

Mrs. Griffith Moor and sons of Newark, visited Mr. and Mrs. George Glenn on Sunday.

The Youths Fellowship met at the home of Mrs. Harvey Hopkins on Wednesday afternoon.

Mrs. Russell Miller and son spent Tuesday in Wilmington, Del.

Mrs. William Willis and Mary Anna spent Tuesday with her aunt, Mrs. James Weer.

Nu-Gold Lube Oil is New!!

To Produce the utmost power and the long life expected of modern engines, both gasoline and diesel, the lubricating oil should function as follows:—

1. **Keep Piston Rings Free:**—Piston rings cannot maintain proper piston seal if the oil used forms carbon or permits carbon to form in the ring grooves. Carbon formations usually mean stuck rings, allowing blow by and lost compression. In addiiton to forming a minimum of carbon itself, the oil must remove the carbon depositied by the combustion of the fuel.
2. **Penetrate:**—In addition to the rings the oil must penetrate, and quickly, to all bearings and other vital joints to prevent any metal to metal contact throughout the engine.
3. **Circulate freely:**—The high speeds of today's engines necessitate faster circulation of the oil for after all the oil is the conductor which takes away the heat from the bearings and relays it to the outside.
4. **Cling to Metal Surfaces:**—Wear on the vital points is excessive when an engine is started cold. Much of this is no doubt due to the oil draining off while the engine is idle. To safeguard the engine on cold starts the oil must have the ability to cling to metal surfaces over a long period.
5. **Minimum Sludge Forming Tendencies:**—Much repair work is necessitated by oil sludging and causing stoppage in oil lines or screens. Bearings burn out from lack of oil, therefore the oil must be free from sludging tendencies.
6. **Be Non-Corrosive:** — Bearing manufacturers warn against oils of corrosive nature, due to the variety of the newer bearing metals. Bearings are smaller and thinner; corrosion works havoc quickly.

Nu-Gold Lube Oil Is New. It is the answer to the greater demands of the modern engine, and it flows freely at temperatures below zero.

Best of all, **Nu-Gold** costs no more than ordinary oils. The savings in operating cost during the life of the engine should be more than eonugh to pay the entire oil bill.

NU-GOLD- { NEW OIL / NEW COLOR / NEW ACTION

AN AMAZING WARTIME DISCOVERY

A new "weapon" against the enemy of machinery on the farm front—RUST.

After two years of research TEXACO developed a RUST-PROOF compound so effective that ONE thorough APPLICATION will give COMPLETE year-round protection.

FIGHTS RUST 3 WAYS

1. **PREVENTS rust formation.**
2. **Applied to RUSTY surfaces, it penetrates the layer of rust and STOPS FURTHER Rusting.**
3. **It LOOSENS existing rust so that it may be easily REMOVED.**

APPLY IT IN A JIFFY

WIPE IT ON—BRUSH IT ON—SPRAY IT ON

COME IN and let us SHOW you what this amazing discovery can do toward prolonging the useful life of ALL MACHINERY and METALS.
