Children's Aid Annual Campaign

The Kent County Branch of the Maryland Children's Aid Society is launching their annual appeal for funds next Monday, April 16th. The goal of $1,300, needed to carry on the ever increasing work, will be reached by April 28th, the local Board feels. In spite of the many financial calls on every one these days, the same loyal and generous response as always is confidently hoped for.

Never before has the welfare of children been so important. The future security of the world depends on their being healthy, normal, upright citizens, and it is the aim and purpose of the Maryland Children's Aid to help them develop into such citizens.

Please be prepared to meet the volunteer who will call for your donation during the next two weeks or to reply to the letter you receive. Due to the tire and gasoline situation, the Board is not able to call personally on many, but have to depend on letters to remind you of the need. Also they are not able to have the usual Spring open meeting to meet the friends of the Society and tell them of the work being done.

Mrs. Dorsey Hines is in charge of the campaign. Officers of the organization are:

Mrs. Charles Kingsley, President; Mrs. W. Alan McGregor, Vice-President; Mrs. Morris K. Barroll, Treasurer; Mrs. Harry H. Deringer, Secretary.

Released By Russians

T-Sgt. William C. Stevens

T-Sgt. William C. Stevens, of McGinnis' Corner, Washington College ex'41, who has been one of five Washington College men in enemy prison camps, has been released by reason of the Russian advance east of Berlin. He had been held at Kuestrin, on the Oder River, which was captured by the Germans. His liberation was reported to the American Embassy in Russia, and by them to the War Department.

Sgt. Ralph E. Shinn, stationed at the Regional Hospital, Fort Riley, Kansas, spent a few days here this week, visiting his parents. He was accompanied by his wife, who joined him in Baltimore, en route here.

Private Jeannette M. Shallcross, WAC, a dental technician is visiting her mother, Mrs. Preston J. Shallcross, on a delay en route from Indiana to Texas, where she will be stationed at the McCloskey General Hospital, Temple. Private Shallcross has just recently graduated as a dental technician.

Southwest Pacific — James W. Bringham, whose wife lives with his parents, Mr. and Mrs. William O. Bringman, in Chestertown, has been promoted to Corporal at an air depot of the Far East Air Service Command in Dutch New Guiena.

An aircraft engine mechanic, it is his job to service and repair the motors of our fighter, bomber and transport planes that have been returned from forward areas. The Far East Air Service Command is also the source of supply for all air force units in the Southwest Pacific.

Joining the Army in March, 1943, Cpl. Bringman has been overseas for more than five months. He is entitled to wear the Good Conduct and Asiatic-Pacific Theatre ribbons.

Before entering the service, Bringham was employed with the Sun Shipbuilding Corporation. He is a graduate of Chestertown High School and attended Washington College.

Seaman 1-c William T. K. Legg, U. S. Navy, has written his mother, Mrs. Alice B. Legg, from somewhere in the South Pacific, that surgeons at the base hospital where he is taking treatment, hope to save one of his eyes. He lost the sight of one eye and the other was injured in action against the enemy some time ago.

Seaman Legg, who will be 20 years old on Saturday, entered the service in July, 1943, three months after his eighteenth birthday. After taking his basic training at the Great Lakes Naval Base in Illinois, he was sent overseas where he has been in the service for more than a year.

He says he is required to spend three days a week in the Base Hospital in the South Pacific, for treatment of the injured eye.

A veteran of more than 30 high altitude combat missions with the 8th Air Force, Staff Sergeant Wilmer M. Gott, 19, from Solomons, Md., has flown more than 20,000 miles to reach the enemy and bomb installations with more than 70 tons of high explosives.

Decorated five times, the flyer holds the Air Medal with four Oak Leaf Clusters for meritorious achievement. He has taken part in missions to oil refineries at Misburg and Mersberg, chemical plants at Ludwigshaven, ordnance plants in Berlin, and German troop concentrations at Arnhem. He is a member of a unit of the 3d Air Division, which was cited by the President for its historic England-Africa shuttle bombing of Messerschmitt Aircraft plants at Regensburg, Germany.

Gott is a former student of Washington College, one of 665 men in service from this school.

Washington College added the twentieth gold star to its service flag this week on receipt of the news of the death of S 1-c Vincent F. Kohlerman, ex'46, of Baltimore. Kohlerman, previously listed as missing, is now reported as having died in the action off Iwo Jima on Feb. 21, in which the carrier Bismark Set was lost. A graduate of McDonough School, Kohlerman entered service from Washington College in 1943.

Cpl. Morgan B. Hadaway

Cpl. Morgan B. Hadaway, of the United States Army Air Corps, after 32 months overseas in the Italian Theatre of War was to arrive at Fort Meade, Md., on Tuesday, April 10th, prior to reaching his home in Chestertown for a furlough. The announcement was made by the Public Relations Officer of the Headquarters of the Third Service Command, Baltimore.

Cpl. Hadaway is the son of Mr. Tilden C. Hadaway.

FLASH—We have just heard that Cpl. Hadaway will be home tomorrow.

A telegram from the War Department, received this week by Mr. J. Taylor Frank, High Street, stated that his son, Pfc. James R. Frank had been wounded in the left chest and was now in an English hospital. He was injured in Germany on March 26th.

Formerly employed at the Vita Food plant he entered the Army in November, 1943. A brother, 1st Sgt. Frederick T. Frank is somewhere in Germany with the famed 29th Division serving as a medical corpsman.

Some Where in France

Dear Editor:

Have been receiving your paper for sometime but this is the first chance I have had to write you and let you know how much I have appreciated it. As you know I have been away from Kent County and the good old U. S. A. for sometime and the home news sure does a fellow good. It also lets a fellow know how much the people at home are doing to help win this war. I was stationed in England for quite some time before coming into France, in which time I have traveled the British Isles from one end to the other. Our outfit was one of the first to arrive in England and went through the bombing and the buzz bombs but so far we have not lost a man. Since we arrived in France we have travelled through Paris and on up the line. We also have been in Holland, Belgium and Germany, so you can see that we sure have travelled around and seen a lot of this country but there is none like the U. S. A. France does have some nice roads and modern buildings as well as beautiful women. Ha! Ha!

I sure was sorry to read about the death of Mr. J. R. Hadaway as he sure was a swell friend to me. Please note my new A.P.O. 744. My regards to all my friends.

PRISON CAMP TO BE LOCATED AT CHURCH HILL

Congressman Dudley G. Roe informs us that Senator Tydings, Senator Radcliffe and the Maryland Congressional Delegation have been working very strenuously to obtain German war prisoners to assist in the canning work this summer and also to assist our farmers during the heavy rush of farm work during the coming summer.

The following release has been made by the Public Relations Officer, Hearquarters Third Service Command, Baltimore, Maryland:

"The manpower shortage in the Maryland Eastern Shore peninsula will be alleviated in the next few months through the use of German prisoners of war, contingent upon the arrival in the Third Service Command of additional captives.

"The War Manpower Commission and the War Food Administration for Maryland have issued certificates of need for such labor, and have allocated prisoners to them by Major General Phillip Hayes, Commanding General of the Service Command, accordingly.

"The WMC and the WFA have surveyed the need for labor in the active agricultural section, and in the canning industry, and have indicated that additional labor for planting, farming, harvesting and processing needed foodstuffs is required."

It is planned to have prison camps in Maryland as follows:

Berlin, with approximately 500 prisoners.

Westover, with approximately 700 prisoners.

Hurlock, with approximately 300 prisoners.

Easton, with approximately 550 prisoners.

Cambridge with approximately 400 prisoners.

Church Hill, with approximately 300 prisoners.

It is hoped that this situation will materially relieve the labor shortage on the Shore during the coming summer.
