Order of Court

Margaret E. Smith, Executrix,
versus
Eliza Ann C. Smith

In the Circuit Court for Kent County
In Equity. No. 1793.

UPON the Petition, Account and Affidavit of Lewin W. Wickes, Trustee, filed in the above entitled cause, resigning the said trust and requesting to be relieved and discharged from the further execution thereof;

It is thereupon, ordered this 16th day of June 1919, by the Circuit Court for Kent county, in Equity, that the said Lewin W. Wickes, Trustee as aforesaid, give notice of the filing of said Petition and Account and of his application to be released and discharged from the further execution of said trust by the publication of a copy of this Order in some newspaper printed and published in Kent County, State of Maryland, once a week for three successive weeks before the fifteenth day of July Nineteen Hundred and Nineteen, and all persons are hereby notified to show cause, if any they have, on or before the first day of August in the year Nineteen Hundred and Nineteen, why the said application of the said trustee should not be granted and a decree passed by this Court releasing and discharging the said Lewin W. Wicks, as aforesaid- from the further executing of said trust.

And it is furteer Ordered that the papers and proceedings in this cause be, and hereby are, referred to the Auditor of this Court with directions to state an account between the said Lewin W. Wicks, Trustee, and the said Trust Estate.

IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filterers, the purifiers, of your blood.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammations and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

Tired Nervous Mothers

Should Profit by the Experience of These Two Women

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my housework."—Mrs. B. B. ZIELINSKA, 202 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. JOSEPHINE KIMBLE, 935 West Race Street, Portland, Ind.

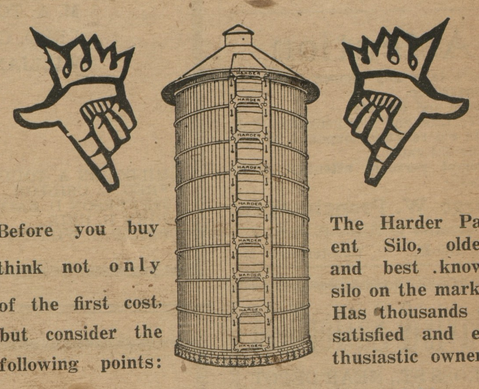
Harder Patent Silo



Before you buy think not only of the first cost, but consider the following points:

The Harder Patent Silo, oldest and best known silo on the market Has thousands of satisfied and enthusiastic owners.

1st. The material used, such as stave matching and jointing.
2nd. Kind of Tongue and Groove and how they fit.
3rd. Kind of Spline Dowell used.
4th. Kind of Hoops and size.
5th. Kind of Doorway, including doors and ladder way.
6th. Is there a liklihood of blowing over in wind storm?
7th. Is the Silo airtight, and will it stay airtight, with 90 ton pressure, and keep ensilage in perfect condition?

A HARDER SILO will add to your bank account. Let us prove that it will.
