The Overseas Quartet
AT CHAUTAUQUA
Service Men In Musical Treat

Few people realize the part that music has had in the winning of the war. That never-give-in spirit called morale is largely a product of the cheerfulness due to the songs of the men on the march and in camp. And we have all heard these songs sung—but most of us only at second-hand.

The "Overseas Quartette," composed of four young men from the A. E. F., will render a program at Chautauqua that will completely satisfy the longing of the home folks to hear at firsthand the songs of the boys in khaki.

These Yankee soldiers bring us the great world war in music. And the songs they will sing will show us that not all of the war was tragedy. Much of it was fun and good fellowship and so in their program these soldier lads will show us the combination of fun, thrills and tragedy which is modern war. They will portray in song and pantomime the many sides of the life that has made men out of weaklings and heroes out of cowards.

Besides the quartette numbers there are excellent solos and duets. Each member of the company is capable of sustaining his own part in solo work most creditably and these numbers will be one of the very enjoyable features of the program. Their songs cover a wide variety and besides the songs of trench and camp, their selections will also be on the eternally interesting themes of love and peace.

The Chautauqua management presents this company with great confidence because each of the members of the company has had extensive experience in platform work before entering the service and there would be no doubt of the success of the attraction as an ordinary civilian quartette. With their unique experience as a background and the timely songs of trench and camp as the main part of their program, this quartette is bound to be one of the features of the Chautauqua Week in your town.

This Town and the World

European Speaker of International Distinction Will Discuss Great World Problem At Chautauqua.

An unusual and important feature of this year's Chautauqua program will be a European speaker on some problem affecting America's relations with the Old World. This shows the length to which the Chautauqua Association will go to produce a program which will keep the Chautauqua communities in close touch with the biggest problems of the world.

As this is written Director Pearson is in Europe securing this speaker so that it is impossible to announce either his name or his subject at this time. This much may be said, however, that he will be a man of affairs who has had the experience in the trying problems of War and Reconstruction that will enable him to speak with authority on international affairs.

He will speak on the fourth night of your Chautauqua. A special announcement giving the name of the man and the title of his lecture will be made before your Chautauqua opens. Watch for this notice and plan to hear this notable lecture.
