MARYLAND'S FARM FRONT FOR THIS WEEK

Shortage of Legume Seeds

Maryland farmers are warned by the AAA that supplies of Crimson Clover and Vetch are extremely scarce. Wholesalers have almost completely sold out, and retailers report supplies far short of demand. AAA officials are advising farmers to harvest seed from this year's production of these crops in order to provide for the sowing this fall of the large intended acreage of winter cover crops Any excess of both Crimson Clover and Vetch seed over local requirements will find a ready market at prices much higher than formerly.

Farmers to Receive Government Beef Payment

With a view to improving the distribution and supply of meat, the government will soon begin making payments to farmers of a subsidy amounting to 50c per hundred pounds live weight of good and choice beef cattle sold on or before May 19th, 1945. These payments will be made by county AAA offices directly to farmers or feeders upon presentation of required evidence showing that the cattle averaged 800 pounds or more in weight, and had been owned by the seller not less than 30 days at the time of the sale. Also the slaughterer to whom they were sold must be a holder of a Federal license or an O. P.A. permit, and the price received must indicate that the cattle graded good or better. The minimum price in the Baltimore, Washington and Wilmington areas for cattle of this type is $14.80 per hundred pounds. Farmers who market their beef cattle either directly or through local buyers or auction may collect the payments upon presentation of evidence showing (1) date of sale (2) name of buyer (3) point of sale (4) numger of head (5) total liveweight (6) price received, and (7) name of the legalized slaughterer to whom sold.

A fedder who did not raise his cattle must show in addition, the name of the person from whom purchased, date of purchase, and must satisfy the AAA Committee of his county that the payment has not been previously made on these cattle.

Payments will be made from a fund of $40,000,000 set aside for this purpose by the Commodity Credit Corporation. Farmers and slaughterers may obtain detailed information from their local AAA offices. In addition to inducing farmers and feeders to finish their cattle to heavier weights and sell them to authorized slaughterers, this program is designed to help hold the line against inflation of the cost of living, and consequent need for higher wages.

Further inducement to farmers to produce more and heavier hogs was recently afforded by the War Food Administration when the weight limit of 300 pounds for which price support figures would apply, was removed. From now on until September 1st, 1946 the price of good and choice hogs of all weights will be supported at not less than $13.54 per hundred pounds Baltimore basis.

The present shortage of meat is due principally to reduced hog production in 1944, according to Jos. H. Blandford, Chairman of the Agriculture Adjustment Agency for Maryland, and figures reported by the War Food Administration seem to support the statement. According to this report, 12% more beef was slaughtered during the first quarter of 1945 than during the same period in 1944. Continuing, the report shows that 23% more veal, 11% more sheep and lambs, and 29% less pork was slaughtered during the first quarter of 1945 than for the same period of 1944. The greatly increased amount of feed available in 1945 over 1944 is counted on to increase production of pork this year.

If You Had MY JOB
KEEPING HOUSE, helping take care of the family—you would realize that business girls are not the only ones who sometimes get Headache and Tired Aching Muscles. We home girls often work just as hard and have just as many Headaches, just as many Stomach Upsets and get just as Tired.
About a year ago, I first used
ALKA-SELTZER
I find that it eases my Aching Head, takes the kinks out of Tired, Aching Muscles and brings relief when I have Acid Indigestion.
The family says I am a lot easier to live with since I have known about Alka-Seltzer.
Have you tried ALKA-SELTZER? If not, why don't you get a package today? Large package 60¢, Small package 30¢, also by the glass at Soda Fountains.

NAGGING BACKACHE
May Warn of Disordered Kidney Action. Don't Neglect It!
Modern life with its ceaseless hurry and worry, irregular habits, improper eating and drinking, exposure, contagion, whatever, keeps doctors busy, hospitals crowded. The after effects are disturbing to the kidneys and oftentimes people suffer without knowing that disordered kidney action may cause the trouble.
After colds, fever and similar ills there is an increase of body impurities the kidneys must filter from the blood! If the kidneys are overtaxed and fail to remove excess acid and other harmful waste, there is poisoning of the whole system.
Symptoms of disturbed kidney function may be nagging backache, persistent headache, dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of strength and energy. Other signs of kidney or bladder disturbance sometimes are burning, scanty or too frequent urination.
In such cases it is better to rely on a medicine that has won world-wide approval than on something less favorably known. Use Doan's Pills. They have been winning new friends for more than forty years. Be sure to get Doan's. Sold at all drug stores.
THE REASON DOAN'S ARE FAMOUS
All over the country grateful people tell others: "Doan's have helped me; I recommend them to you." That is why we say, Ask your neighbor!
DOAN'S PILLS

TO ALL OF OUR CUSTOMERS
A Thanks—
We thank you for your indulgence and patience in these trying times.
