Camel CIGARETTES

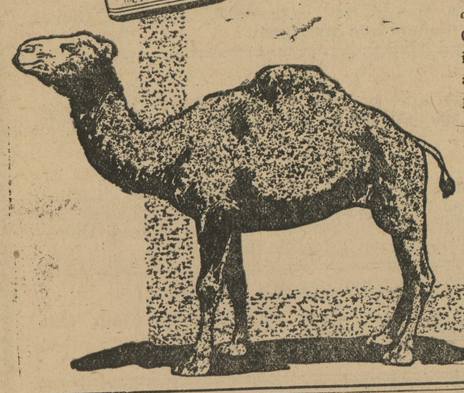
CAMELS supply cigarette contentment beyond anything you ever experienced! You never tasted such full-bodied mellow-mildness; such refreshing, appetizing flavor and coolness. The more Camels you smoke the greater becomes your delight—*Camels are such a cigarette revelation!*

Everything about Camels you find so fascinating is due to their quality—to the expert blend of choice Turkish and choice Domestic tobaccos.

You'll say Camels are in a class by themselves—they seem *made to meet your own personal taste* in so many ways!

Freedom from any unpleasant cigaretty after-taste or unpleasant cigaretty odor makes Camels particularly desirable to the most fastidious smokers. And, you smoke Camels as liberally as meets your own wishes, for they never tire your taste! You are always keen for the cigarette satisfaction that makes Camels so attractive. Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Compare Camels with any cigarette in the world at any price!



Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

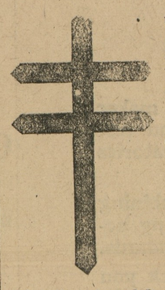
DOUBLE-BARRED CROSS IS HEALTH EMBLEM

Insignia Of Anti-Tuberculosis Work Throughout World Is 17 Years Old.

Designed by Frenchman.



Do you know the double-barred Red Cross? Do you know what it stands for?

Soldiers returning from overseas know it. War workers of the various welfare organizations know it.

Hundreds of French and Belgian refugees know it. Disabled French and Italian soldiers hold it in veneration. Down in the French Province of Lorraine it is second in esteem only to the Lorraine Cross, which it somewhat resembles.

The double-barred Red Cross is the world-wide emblem of the world-wide fight against tuberculosis. It has flown over tuberculosis camps in all the allied countries. It has waved from the front of rolling tuberculosis clinics that have visited the most isolated rural districts of the United States. It waves today over camps in America where thousands of American soldiers and sailors are fighting tuberculosis contracted from exposure at the front, from being gassed, from the "flu" and from other experiences during the war.

In October, 1902, the International Anti-Tuberculosis Association adopted the double-barred Red Cross as the emblem of the world-wide fight against tuberculosis. It was proposed by Dr. G. Sersiron, of Paris. It is a combination of the Croix de Lorraine and the Greek Cross. Both crosses are symbolic of charity and help to humanity.

Four years later, in 1906, the double-barred Red Cross was carried into America. It was in this year that the National Tubercolosis Association was formed and during the intervening years the cross has been carried all over the United States by the National Association and its affiliated State and local organizations that now number 1,000.

The Maryland Tuberculosis Association is one of these affiliated organizations. It is doing its part in the big, nation-wide campaign to be waged against tuberculosis. Owing to war conditions and the flu epidemic of last winter, the death rate from the disease has increased 16 per cent. A campaign of education, prevention and cure will be carried on with increased effort. To finance the fight, $6,500,000 worth of Red Cross Christmas Seals for 1919 must be sold. Maryland's share is $125,000. Of this amount $100,000 will be raised in the City of Baltimore and the remainder in the counties. "Every seal is a penny's worth of cure and prevention."

The county quotas are:

Garrett, $800; Allegany, $2,500; Washington, $2,375; Frederick, $3,100; Carroll, $2,000; Montgomery, $925; Baltimore, $2,759; Harford, $1,650; Howard, $875; Anne Arundel, $825; Prince George's, $825; Calvert, $200; St. Mary's, $200; Charles, $200; Cecil $700; Kent, $700; Queen Anne's, $700; Talbot, $700; Wicomico, $700; Worcester, $700; Dorchester, $700; Somerset $700; Caroline, $700.

TWENTY YEARS AGO.

Nobody swatted the fly.
Nobody had appendicitis.
Nobody wore white shoes.
Nobody sprayed orchards.
You never heard of a "Tin Lizzie."
Advertisers did not tell the truth.
Farmers came to town for their mail.
The hired girl drew one-fifty a week.
The butcher "threw in" a chunk of liver.
Nobody "listened in" in a telephone.
Strawstacks were burned instead of baled.
Windows were left closed at night.
There were no sleeping porches.
Tuberculosis was called consumption and believed to be hereditary.
Nobody bought and used Red Cross Christmas seals.
