PRISONERS STILL AVAILABLE FOR FARM WORK

County Agent McVean, who serves as Secretary of the Kent Labor Association, Inc., seeks information from farmers who desire to use Prisoner of War Labor or foreign labor to complete their harvesting of 1946, brambling, etc. McVean points out that the services of 150 or more Prisoners of War are used daily as well as the services of 50 Jamaicans housed at Kennedyville, and 15 Bahamians in local housing. Two Newfoundlanders are also at work in the county. All of these laborers have not been sufficient to meet the demand of Kent farmers. In order to provide sufficient labor for the rest of the harvest season, the Labor Association needs to know farmers' needs and desires for the services of both the Prisoners of War and the foreign laborers. Based on the response of the farmers to this appeal, the Labor Assocation will plan the labor requirements for the fall months. If the demand is sufficient, both the Jamaicans and the Prisoners of War will be retained. If the demand is not sufficient for both, the Jamaican camp will probably be closed by October 1st. On the other hand, should the demand for labor indicate the need, the Association would plan to meet the need by keeping both groups.

The Association realizes that at times people have sought help when the demand was considerably in excess of the supply. That fact should not prevent them from again seeking labor through the Association. With the tomato season shortened and with the poor crop, the need for tomato picking labor is greatly reduced. Sugar corn canning season will end somewhere between the 15th and 20 of September. After this date, corn cutting and harvesting will offer the main needs for foreign labor, aside from brambling and clearing up odds and ends of neglected work around the farms.

The Association, then, through its Secretary, asks farmers who contemplate using foreign labor for any purpose to indicate the number of laborers desired, the number of days the laborers would be employed, and the tentative dates between which they need the labor. By pooling all of these requests, the Association Directors can blend them into a working plan which would reveal the number of laborers required and the period through which work will be abailable for the Prisoners of War as supplements to such labor as is willing to work at the going wage rates. The public knows that the Prisoners of War and the foreign laborers were brought in to meet the labor emergency; that they received the going wage rate. The Directors of the Labor Association will be glad to dispense with the services of the Prisoners of War and the foreigners as soon as local labor indicates its willingness to supply labor in sufficient volume to meet the farmers' need and to work at a wage rate the farmer can afford to pay.

Labor placement is made through D. Raymond Hill of Kennedyville, his Labor Office phone number is Still Pond 12-W, and his residence phone number is Still Pond 61-F-23. The people of the county who wish to assure themselves of an available labor supply for the next two or three months should indicate their needs as suggested above, to the County Agent, who will list the volume of need, the total number of days of work to be done, and be able to determine the period during which the Prisoners of War and the foreigners need be retained in the county to help complete the year's harvest season. If the public does not respond by indicating a need for the labor, it should not hold the Directors of the Labor Association responsible if the labor supply is reduced by October 1st or sooner. If the public will reveal its desires and need for the labor, it may be retained until mid-November or even later. Public demand for labor will determine the date for the release of the foreign labor.

ALKA-SELTZER BRIGHTENS MY DAY

OCCASIONALLY, I wake up in the morning with a Headache. It sometimes wears off along the middle of the forenoon, but I don't want to wait that long, so I drink a glass of sparkling ALKA-SELTZER. In just a little while I am feeling a lot better.
Sometimes the week's ironing tires me and makes me sore and stiff. Then it's ALKA-SELTZER to the rescue—a tablet or two and a little rest makes me feel more like finishing the job.
And when I eat "not wisely but too well," ALKA-SELTZER relieves the Acid Indigestion that so often follows.
Yes, Alka-Seltzer brightens my day. It brings relief from so many of my discomforts, that I always keep it handy.
Why don't you get a package of ALKA-SELTZER at your drug store today?

We Thank You
For your co-operation during the coal crisis the past winter.
Looking ahead, we realize that there is little hope for improvement in the production and delivery of coal.
This season all kinds of coal come under the regulations.
We urge you to file your Consumer Declaration promptly—we cannot make delivery without them.
We sincerely regret conditions have made these regulations necessary.
However, We are pledged to serve you to the best of our ability, and trust you will understand and appreciate the position in which we have been placed.
