
Your Fordson is here!

NOW it is here—you can get one. Simplicity to an unusual degree—yet with a ruggedness and durability that enables it to accomplish a remarkable amount of work.

Burns kerosene—the cheapest fuel. Can be operated by anyone. Turns in the close places. Four-cylinder engine. Thermo syphon cooling system; all working parts enclosed. Improved air washer.

The Oliver No. 7 Plow

The Oliver No. 7 answers every requirement. Uniform plowing in all soils—a ruggedness that enables it to stand the severe strains. And the combined rolling coulter and jointer buries all trash at the bottom of the furrow; the stop device maintains an even depth of furrow.

Come in and see the Fordson and the Oliver. We sell them and know they will please you.

NEGLECTING THAT COLD OR COUGH?

Why, when Dr. King's New Discovery so promptly checks it

IT'S natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery.

Cold, cough, grippe, croup does not resist this standard reliever very long. Its quality is as high today as it always has been—and it's been growing steadily in popularity for more than fifty years. 60c. and $1.20 a bottle at all druggists. Give it a trial.

Ford

THE UNIVERSAL CAR

The Ford One Ton Truck is serving business just as faithfully and economically as does the Ford Touring Car serve all the people faithfully and economically. The Ford Truck is a necessity to the grocer both in delivering goods and in bringing goods from the stations, docks and from the country. It is an ideal motor car because there isn't a want of the farmer or business man that it doesn't supply in the way of quick transportation at a minimum expense. Come in, examine the Truck, and let us talk over the subject.

Out of accumulated capital have arisen all the successes of industry and applied science, all the comforts and amelioations of the common lot. Upon it the world must depend for the process of reconstruction in which all have to share.

The Successful Farmer Raises Bigger Crops

and cuts down costs by investment in labor-saving machinery.

Good prices for the farmers' crops encourage new investment, more production and greater prosperity.

But the success of agriculture depends on the growth of railroads—the modern beasts of burden that haul the crops to the world's markets.

The railroads—like the farms—increase their output and cut down unit costs by the constant investment of new capital.

With fair prices for the work they do, the railroads are able to attract new capital for expanding their facilities.

Rates high enough to yield a fair return will insure railroad growth, and prevent costly traffic congestion, which invariably results in poorer service at higher cost.

National wealth can increase only as our railroads grow.

Poor railroad service is dear at any price. No growing country can long pay the price of inadequate transportation facilities.

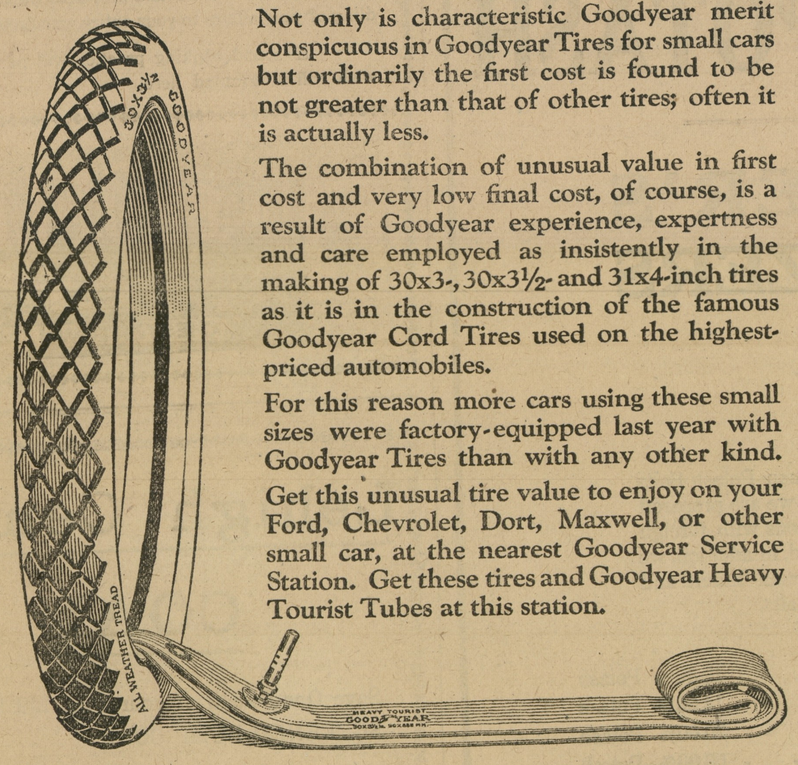
Unusual Value—In Tires for Small Cars



Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for small cars but ordinarily the first cost is found to be not greater than that of other tires; often it is actually less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3-, 30x3½- and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these small sizes were factory-equipped last year with Goodyear Tires than with any other kind.

Get this unusual tire value to enjoy on your Ford, Chevrolet, Dort, Maxwell, or other small car, at the nearest Goodyear Service Station. Get these tires and Goodyear Heavy Tourist Tubes at this station.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread..... $20.00

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread..... $17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size *in water-proof bag*..... $3.90

4,352 Couples Wed At Elkton.—The high cost of living apparently has no terror to the men and women who go to Elkton from all parts of the East and are married.

From the records in the office of the clerk of the Circuit Court for Cecil county, it is shown that during the year ended November 30 last 4,352 marriage licenses were issued.

The majority of the couples were from Pennsylvania and many from New Jersey and Delaware. The banner month of the year was September when the clerk issued 486 licenses. In June, 407; July 460; August, 422, and November, 430 were issued.

It is estimated that during the year the ministers of the town of Elkton alone have benefited to the extent of $20,000, and that a like amount has been paid to the jitney owners and drivers.

Doctors' Fees.—At a special meeting of the Kent County, Del., Medical Society, a definite minimum fee for each service rendered by the physicians was urged upon, to take effect January 1, 1920.

Office call, $1; town call (day), $1.50; town call between 9 p. m. and 7 a. m. $2.50; country call, $2 for first three miles, 50 cents for each succeeding mile; country call, after 10 p. m., double charge; confinement, town and vicinity, $25; extra charges according to conditions met; fractures, hip and shoulder, $25; fractures, arm and leg, $10; surgical dressings in office, $1.50; coroner's inquest, $5; autopsies, $25; examination for Farnhurst, $5; vaccinations at office, $1; special examinations $5.00; urinalysis (chemical), $1; urinalysis (complete including microscopic), $5; consultation, $10; anaesthetic $10.00; signing death certificate, $1.

What It Cost Him.—The law requires candidates for office to file a report of all expenditures. A patriot of Missouri ran for office and turned in the following absolutely truthful report of what it cost him to get elected:

"Lost 1,349 hours' sleep thinking about the election. Lost two front teeth and a lot of hair in a personal encounter with an opponent. Donated one beef, four shotes and five sheep to country barbecues. Gave away two pairs of suspenders, 4 calico dresses and $5 in cash.

"Kissed 126 babies. Put up four stoves. Kindled fourteen fires. Walked 4,076 miles. Shook hands with 9,508 people. Told 10,101 lies and talked enough to make in print 1,000 volumes. Attended sixteen revivals and contributed $50 to foreign missions. Made love to nine widows—five grass, four sod. Hugged forty-nine old maids. Got dog-bit thirty-nine times—and was elected by 353 majority."

SEEING GHOSTS

Rev. Russell Conwell, the celebrated Baptist preacher and lecturer is seeing ghosts. Mr. Conwell is a noble Christian man and has done losts of good, but recent utterances of his give evidence that old age is doing its work, and that he is in his second childhood, inasmuch as he is telling of his dead wife coming back, sitting on his bed and telling him where to find things that he had lost. Let us draw the veil of charity and hope that such ghost stories will not influence even the weak-minded. — Snow Hill Messenger.
