OUR OBLIGATION TO THE COMMUNITY

DURING THE YEAR 1919 this Company's revenue was not sufficient to meet its expenses and interest charges.

THE POSTMASTER GENERAL'S RATES, because of increased costs of labor and material, did not produce sufficient revenue to meet these obligations, and our forecasts show that under the present rates

DURING 1920 OUR DEFICIT WILL BE EVEN GREATER.

A PUBLIC UTILITY'S OBLIGATION is to serve the public and serve it well, and when revenues are insufficient it cannot properly fulfill this obligation.

ASSUMING THAT THE VALUATION of this Company's property is fair and our management economical and efficient, both of which we are prepared to prove, we believe that the public will not deny us the right to earn a fair return.

THIS IS ALL the Company asks in its petition for higher rates now pending before the Public Service Commission.
