How Many Women Are Like This?

Can anything be more wearing for women than the ceaseless round of household duties? Oh! the monotony of it all—work and drudge; no time to be sick; tired, ailing, yet cannot stop. There comes a time when something "snaps" and they find themselves "simply worn out," and to make matters worse, have contracted serious feminine disorder which almost always follows the constant overtaxing of a woman's strength.

Then they should remember that there is no remedy like Lydia E. Pinkham's Vegetable Compound—the experience of these two women establishes that fact:

Cedar Rapids, Ia.—"After the birth of my last child I had such painful spells that would unfit me entirely for my housework. I suffered for months and the doctor said that my trouble was organic ulcers and I would have to have an operation. That was an awful thing to me, with a young baby and four other children, so one day I thought of Lydia E. Pinkham's Vegetable Compound and how it had helped me years before and I decided to try it again. I took five bottles of Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and since then I have been a well woman, able to take care of my house and family without any trouble or a day's pain. I am ready and thankful to swear by your medicine any time. I am forty-four years old and have not had a day's illness of any kind for three years."—Mrs. H. Koenig, 617 Ellis Blvd, Cedar Rapids, Iowa.

Sandusky, Ohio.—"After the birth of my baby I had organic trouble. My doctor said it was caused by too heavy lifting and I would have to have an operation. I would not consent to an operation and let it go for over a year, having my sister do my work for me as I was not able to walk. One day my aunt came to see me and told me about your medicine—said it cured her of the same thing. I took Lydia E. Pinkham's Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and they have cured me. Now I do my own housework, washing and ironing and sewing for my family and also do sewing for other people. I still take a bottle of Vegetable Compound every spring for a tonic. I recommend your medicine to others who have troubles similar to mine and you can use my letter if you wish."—Mrs. Paul Apfenfuse, 1325 Stone St., Sandusky, Ohio.

All Worn Out Women Should Take

The Best Machinery Investment You Can Make

Ask any user of the John Deere Spreader, and he will tell you it is the best machinery investment he ever made—not only because it saves hard work and valuable time, but because it makes every forkful of manure count for a bigger crop yield.

Manure goes farther and does more good when you use a John Deere Spreader. You can spread manure evenly, heavy or light—no under-fertilized or over-fertilized spots.

Come in and see this spreader. We want to show you why it will do better work, why it will last longer than others, why it will cost less for repairs, and why it is easier to load and operate.

Mounting the beater on the axle of the John Deere gives you a combination of advantages you can't get in any other spreader.

Come in and know the reasons why there are so many satisfied users of John Deere Spreaders.

A CAMPAIGN DIRECTOR SAID

"Let me tell you how much I appreciate your prompt action in installing telephone service for the Red Cross Christmas Seals Campaign. It took a lot off my mind that Friday morning while the fire was still burning, to know that we would have telephone service at our new headquarters within twenty-four hours."

Twenty-four hours after the fire the service had been installed.

Prompt action is the keynote of good service, and the Telephone Company is on its toes to provide just that kind.

KENT POMONA GRANGE MEETS

The Kent County Pomona Grange met in the Rock Hall High School Saturday, Jan. 31. Galena, Kennedyville, Worton, Still Pond, Chestertown, Fairlee and Rock Hall Granges were represented. The new officers for 1920 were installed, W. H. Woodall, of Galena Grange, taking the chair as Worthy Master. After the installation a very interesting message was received from the ladies of Rock Hall Grange, requesting us to adjourn for dinner. A motion to that effect was unanimously passed. The afternoon session opened at 2 o'clock. The 1920 Boys' Club cost figures were read and discussed. They were considered far below the actual costs. While it was agreed that the farmers were not deceived by these figures many other people believe them to be correct. A resolution was passed requesting that two copies of Boys' Club blanks be sent to each boy, one for club figures and one for actual costs.

Mr. Andrews was requested to send the free seed to our County Agent who would be furnished with names of farmers who will plant the seed. The woman's suffrage question caused the hottest debate we have had in the Grange for many years. Brother Smoot of Rock Hall led the suffrage for us to victory by a vote of 52 for and 20 against. Many did not vote and both sides claimed all of them.

A collection was taken for the Near East Relief amounting to $39.10.

The State Grange resolutions recommending that girls be eligible to the Washington College scholarships was endorsed. A resolution was passed against race track gambling. The State Roads Commission was requested to investigate the cause of delay in the construction of the Rock Hall road. In view of the fact that Baltimore City telephone subscribers are in reach of about 800,000 people for their yearly rent, a resolution was passed that Kent county subscribers should at least be in reach of the 17,000 people of Kent county for their yearly rent. A committee was appointed to present the matter to the Public Service Commission. Mr. Derrick was named as a committee to establish a market bureau by telegram daily when needed for grain and other crops. The invitation to hold the next meeting at Kennedyville was accepted. A very interesting program was presented by our Worthy Lecturer Miss Emma Shafer, including a health talk by Miss Rogers and a lime talk by Mr. Derrick and entertaining features by Rock Hall members and others. The Grange cups and medals were presented to the winners by Past Master E. R. Pennington. Mary Cornelius won the Girls' Canning Club prizes for the third time which gives her the cup for keeps. Josiah Massey won the Boys' Corn Club prizes.

SAID HE COULDN'T PAY

Story Told of Chestertown Man When Called On By Bank.

The following story is told of an Chestertown (?) man in reply to a letter from a Kent (?) bank calling his collateral loan. He said in his reply:

"For the following reasons I am unable to send you the check asked for:

"I have been held up, held down and bagged, walked on, flattened out and squeezed. First by the United States Government for the Federal war tax, the excess profit tax, the Liberty Loan bonds, capital stock tax, merchant's license, automobile tax, and by every society and organization that the inventive mind of man can invent, to exact what I can invest, to extract what I may not possess.

"The Government has so governed my business that I don't know who owns it. I am inspected, suspected, examined and re-examined, informed, required, and commanded, so I don't know who I am, where I am, or why I am here.

"All I know is that I am supposed to be an inexhaustible supply of money for every need, desire, or hope of the human race; and because I will not sell all I have and go and beg, borrow, or steal money to give away I have been cussed, discussed, boycotted, talked about, hung up, robbed, and nearly ruined; and the only reason I am clinging to life it to see what is coming after prohibition."

FEWER FARM ANIMALS FOR UNITED STATES

Farm animals of the United States were valued at $8,561,443,000 on January 1, compared with $8,827,894,000 a year ago, the Department of Agriculture announced today.

Horses numbered 21,109,000, a decrease of 1.4 per cent from a year ago, and were valued at $1,992,542,000.
