Miss Theresa Scott entertained a number of her friends on last Saturday afternoon at her home in town.

DO ALL MY HOUSEWORK

Before I took Lydia E. Pinkham's Vegetable Compound I could hardly stand, says Mrs. Kwarcinski.

Chicago, Ill.—"I suffered with displacement and irregularities and I did not know what to do. My mother advised me to take Lydia E. Pinkham's Vegetable Compound and use the Sanative Wash so I took her advice and used these remedies and cured myself. I feel fine and do all my housework which I could not do before, as I could hardly stand up and I have three healthy children. You can use this letter if you wish, for your remedy is certainly wonderful for sick, run down women."—Mrs. A. KWARCINSKI, 3627 W. Oakdale Ave., Chicago, Ill.

For forty years Lydia E. Pinkham's Vegetable Compound has been making women strong and well, relieving backache, nervousness, ulceration, and inflammation, weakness, displacements, irregularities and periodic pains. It has also proved invaluable in preparing for childbirth and the Change of Life.

Women who suffer are invited to write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. It is free and always helpful.

Can I Make Cider and Vinegar Under the Prohibition Law?

Because there is a lot of misunderstanding regarding what one can do under the Prohibition law, known as the Volstead Law, the following questions are answered, and the answers are based on the law itself:

Can I make apple, pear or any other fruit cider?
Yes. (Section 3 of Law.)

Can I keep this cider until it becomes hard or intoxicating for beverage use for myself and friends?
No. (Section 3.)

Can I keep cider until it turns into vinegar and use the vinegar for my own consumption or to sell?
Yes, provided a permit is obtained from the Prohibition Commissioner, which permit will be issued upon request and for which no charge will be made.

Can I make sweet cider to sell without obtaining a permit and use and sell the same if I add to it benzoate of soda or other substances which will prevent a fermentation?
Yes.

Can whiskey (distilled spirits, alcohol, rum, brandy, etc.) be used or bought or sold for medicinal purposes?
Yes.

If I own whiskey or other intoxicating liquor, can I keep the same on my premises for my own use and for thatof my bonafide guests?
Yes, provided it is consumed on the premises.

Can my home be searched at any time to see if I have any liquor stored on my premises?
No, unless it is proven that you have been selling intoxicating liquors in which case the same right to search homes is in effect as the right to search anyone's house if stolen goods are thought to be hidden in it, but, in the case of liquor, it must first be proven that you have sold it before search can be made.

Ifthe Legislature of Maryland does not pass a law providing for the enforcement of the prohibition act, what will happen?
The Government will enfore the law, with the aid of special officers to be appointed by them and upon conviction the guilty parties are subject to a sentence to the Federal Penitentiary at Atlanta or Leavenworth.

If Maryland should pass a law enforcing the prohibition law, what would be the condition?
The regular state authorities, such as the police, sheriffs, and constables would enforce the law and the case could be tried in our local courts instead of in the Federal Courts and the punishment would be the same as that of any offense against any law in the State.

What would happen if the Maryland Legislature passed the 5 per cent beer law?
Nothing would happen except to make the State and the 1920 Legislature look ridiculous for passing a law which would be unconstitutional, and which the Government officials would entirely ignore, by prosecuting those who manufacture 5 per cent beer against the provisions of an Act of Congress.

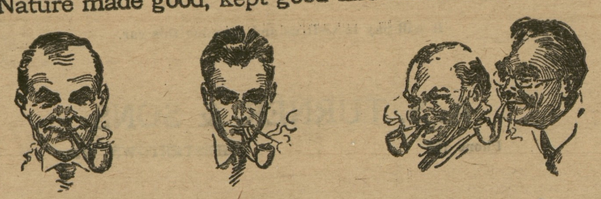
Now All You Good Fellows, Come Fill Up Your Pipes

The Velvet tin is twice as big as shown here

IF ever men are "Tom" and "Bill" to each other, it's when good pipes are a-going. If ever good pipes go their best, 'tis when Velvet's in the bowl.

For Velvet is a mighty friendly smoke. Kentucky Burley is the leaf that Nature *made* for pipes. Wholesome and hearty, honest as the day. And Velvet is that same good Burley leaf, brought to mellow middle age.

For eight long seasons Velvet "meditates" in wooden hogsheads, throwing off the rawness of "young" tobacco—truly "ageing in the wood." Out Velvet comes—cool, calm and generous—the tobacco Nature made good, kept good and made better.



Velvet's sweetness is the sweetness of good tobacco, not *"put on"* like "frosting" on a cake. Its mildness comes from *natural ageing*, not from having the life *baked out*. Its fragrance is true tobacco fragrance, not a *perfume*. And Velvet makes an A Number One cigarette. Roll one.

As good old Velvet Joe says:

"Fill yo' heart with friendly thoughts,
Yo' mouth with friendly smoke—
An' let the old world wag."
