# Dr. Hess Stock Tonic

**A Spring Conditioner and Worm Expeller**

**Spring Is Here.** Soon the litters of pigs will be coming, the calves, the lambs, and the colts will be dropped. Feed your brood sows Dr. Hess Stock Tonic before and after farrowing. It makes the bowels active, relieves constipation, promotes good health and good digestion which means healthy pigs and a mother with a milk supply to nourish.

Condition your cows for calving by feeding Dr. Hess Stock Tonic before freshing. Then feed it regularly to increase the flow of milk. It lengthens the milking period.

Give your brood mares a course of Dr. Hess Stock Tonic. And your work horses. It puts your team in fine fettle. You cannot afford to plow, harrow, sow, mow, reap or team with a team out of sorts, low in spirits, rough in hair, blood out of order, or full of worms. Dr. Hess Stock Topic is good for sheep—especially good for ewes at lambing time.

NOTICE OF PETITION FOR NEW ROAD

We, the undersigned Committee, hereby give public notice, in pursuance of the laws of the State of Maryland in such cases made and provided, that a Petition has been filed with the Board of Kent County Commissioners asking that a new road, about one half mile long, be opened, near Kennedyville, thru the lands of Mrs. Sallie Lockwood and John McCauley, starting at the School Building and to run at right angles with the public road leading from Kennedyville to Turner's Creek, in the Second Election District.

COMMITTEE OF 45 TAXPAYERS.

NOTICE OF CLOSING OF PUBLIC ROAD

The undersigned hereby give notice of the proposed closing of the public road in the Second Election District of Kent county, from Shrewsbury Church to road leading from Kennedyville to Turner's Creek landing, running with lands of the Cochran farm, land of Wm. T. Janvier, Baynard Harper, Robert R. Hill and others. Any objections, if any, to the closing of said road should be filed in writing with the Board of Commissioners on or before the 3rd day of April, 1920.

## *"No Rheumatics" is a Mighty Poor Reason for Wearing a Wooden Leg*

NO sting or hot burnin' is a mighty weak-kneed recommendation for tobacco. But when tobacco *is* mild and cool, and yet as full of "fun" as a barrel of monkeys—well, that's another story—that's Velvet.

And 'cause why?

'Cause Velvet is *brought* up—not jerked up by the hair. It's raised as carefully as a favorite child. It's cured in the big fresh air. And it mellows away for two years in wooden hogsheads 'til it's smooth and rich as cream. The wonder would be if Velvet *wasn't* a whacking good pipe smoke.

*'Let Nature mellow yo' tobacco an' that tobacco will shore ...ow yo' nature," says Velvet ... And he's pretty nearly right.*

NATURE-AGEING in the wood does more to make tobacco friendly than any camouflage you can cover it with—and don't you forget it. *See, taste, smell, feel* the "real tobacconess" in Velvet. Why, you can almost *hear* it. Velvet's the tobacco you can judge with your eyes wide open and specs on.

There's a whole lot in Nature's way of making good tobacco better. And it's all in Velvet.

Here's to a full pipe and a friendly one.

*Liggett & Myers Tobacco Co.*
