TWO COMMUNITIES activities are in the offing, the country fair now being held for the benefit of the hospital and the automobile show next week for the benefit of the fire company. These two community benefactors must be supported by public funds and it is noteworthy that public spirited citizens interested in them are willing to give of their time and energy so that those who attend these functions get their money's worth. The price of admission is small and plenty of entertainment is offered. All that is asked of the public is a large attendance which will build the small sums into substantial amounts.

THE ANNOUNCEMENT this week of a series of lectures at Washington College, starting next Monday evening, is another example of what Washington College means to this community. This series of lectures is of particular community interest as they have been arranged for the public and will not be of the class room type. The public is invited without charge and as far as we can find there is no catch in it as the college is offering its brains and facilities for the purpose of bringing about a better understanding and relationship between Washington College and the community. The faculty at the college are outstanding men and women who might be classed as experts in their line and are offering this knowledge to those who are interested enough to attend the lectures. This course of lectures is not a new idea as it has been tried with great success in other universities and colleges.

NEWS OF ROCK HALL HIGH SCHOOL

When the Rock Hall soccer team went out on the field Tuesday, it was to win. To lose or even tie the game meant the loss of the championship. For both halves no score was made, although our team kept Chestertown on the defence. It looked as if the championship would go to Chestertown. Suddenly with only two minutes left to play, Charles Jacquette kicked a goal. You can imagine the bedlam made by the large crowd of Rock Hall supporters. There was some dispute as to whether the ball should be considered off side, but finally the goal was counted and the game proceeded for the remaining minute. With a few passes the game ended and Rock Hall has an equal chance with Chestertown to win the county championship.

The Rock Hall girls also won their game with the very one-sided score of 20-0. This brings the scoring up to 118 points made by our girls to the 5 made against them during the season. No field goals were scored against them, however. Neat passwork and offensive playing was displayed and the girls' team has high hopes of being the victors in the first out of county game.

It will be against Centreville, champions in Queen Anne's county, Tuesday 9th on their field.

The junior class is very busy with preparations for a big Social that they are giving on Tuesday 9th. It will start at 7.30 with admission 15 cents for adults and 10 cents for children under twelve. Games are to be played with many prizes for the winners. Several girls will serve refreshments. There will be a doorprize as a special attraction. We are expecting a large crowd. Why don't you come?

Congratulations are due to the Rock Hall soccer team for the marvelous cooperation they produced to win the play-off from Chestertown on Centreville field Thursday 3rd. It was a thrilling game and when the half ended 2-2, both teams were keyed. A goal by Warren Smith from way out in the field produced this tie, at the beginning of the 2nd half, Jesse Jones made the winning goal. Charles Jacquette also scored, but the play was called off side.

With shrewed thinking the boys kept the ball out of their goal the rest of the game and won the county championship 4-0. Hurrah!

The team is composed of: Edward Nordoff, Edward Reihl, Joe Strong, Bobby Strong, Jesse Jones, Warren Smith, Walter Parsons, Charles Jacquette, Christopher Grant, Cordory Wood, Robert Tucker, Howard Larrimore.

WAKE UP YOUR LIVER BILE—
Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 10c.
